breakfast tables with a delicately flavoured beverage which may save us many heavy doctor's bills."—Civil Service Gazette. Madras simply with boiling water or milk. Each packet is labelled—"Jas Epps & Co.", Homoeopathic Chemists, London." 176-9m

T. G. & B. RAILWAY.—The Harriston Tribune says:—"The work on this road, as far as grading and building are concerned, is now about complete. The contractors have had an engine and gang of men waiting for over a week, for the Western Co. to put in the crossing over the road, in order to allow them to proceed with the track laying; but although the diamond is made and lying in Hamilton, the Western Co. persist in refusing to put it in. This, we think, is unnecessary stubbornness on the part of the Western, as it will only result in the T. G. & B. Railway Co. forcing the right of way in the end, and is entailing an unnecessary loss to the contractors, as well as disappointment and loss to the section of country through which it passes.

WANTED WHIPPING.—A young married man living in Listowel, who has been frequently in the habit of abusing his family, was brought to his senses in a summary manner a short time ago. He had been whipping them in such a manner that the wife and child had to seek refuge in a neighbouring hotel, and some of the villagers present becoming acquainted with the state of affairs armed themselves with strong whips and proceeded at once to inflict summary punishment upon him for his brutal conduct. He begged for mercy, and promised to amend for the future, and after giving him about a score of good smart whacks, and breaking their whip, he was permitted to go; being first told that wife abuse was never allowed in Listowel, nor never will be; and admonished that if his offence was repeated, the dose of wholebone syrup would be doubled on the next occasion.

GUN ACCIDENT IN ORANGEVILLE.—Mr. Thomas Middleton, son of Mr. W. J. Middleton, of Orangeville, met with a serious accident on Friday, 7th inst. He had gone out shooting in company with a friend, and seeing a black squirrel fired at it. He proceeded to reload the gun, a double barreled one, on a log, and while raising the gun the hammer slipped, the hammer striking the log, and causing the gun to go off. The charge first shattered the left hand fearfully, blowing off a portion of the thumb and otherwise injuring the fingers, and then passed upwards along the breast, close by the ear, and out of the rim of his hat. A package of loose powder which was in his pocket at the time was ignited by the explosion but fortunately did no other injury than destroying a portion of his clothes. With the assistance of his comrade he managed to reach home, where he received medical aid. He is progressing favorably.

SUDDEN DEATH.—The Listowel Banner says:—"We this week have to record the sudden death of Mr. Robert Gray, of this village, aged 19 years. He had been out working during harvest, had overworked himself, and probably partaken too freely of cold water while overheated, and inflammation of the bowels set in. He came home on Monday evening, and died on Tuesday evening about six o'clock. He was a very steady, exemplary young man, and his loss is severely felt by his sorrowing father and sisters.

SALT RHEUM.—This disease can be cured in its worst form. Read this from David Simpson, 89 Prince street, Boston:—"Dear Sir.—This is to certify that my daughter, (Sarah Simpson) has been troubled with Scrofula and Salt Rheum for several years mostly confined to her head. The past four years has been so bad that she has been almost blind, some of the time not being able to read. She has been under the care of physicians in New York and Boston, and finding no relief, she took two bottles of Fowler's and Hunter's cure, which wholly cured her.

The Jubilee singers during their stay in England have realized £10,000 on behalf of the Fisk University, Tennessee.
