"THE APACHES OF WAR"

Correspondent Says That It Is Now Clear That Zeppelins Were Used.

[Canadian Press.]

York, Jan. 21 .- A cable to the Herald from London this morning says: is now clear that the air raid on Karmouth and the northeast coast of forfolk was carried out by three Zeppeans. They crossed the North Sea in company, and separated about 30 miles One made for Yarnouth, one made a tour of the coast owns of The Wash, and the third went toward Sandringham and King's Lynn.

The net result of the raid may be Summarized as follows: Two women, one boy and a man killed; a baby girl and 31 adults injured;

ome thousands of pounds worth of damage done to property. German official statement that the raid was made "on a number of fortiffed places' is ridiculous, as may be seen from the following list of places on which bombs were dropped-Yarouth, Beeston, Sheringham, Heacham, Shettisham, Dersingham, King's Lynn

and Grimston Anaches of War. Twenty-two bombs were dropped. Some failed to explode, but where detonations took place considerable damage was done. No military value can possibly be attached to such indiscrim-

nate bomb dropping and such killing of women and children. The Daily Express suggests that the allied governments should specifically state that if any of the hostile airmen esponsible for bomb throwing over undefended towns fall into their hands be treated as common murderers and hanged. "They are not soldiers, and have no right to be treated as sol-

Hers," the newspaper adds: "they are the apaches of war.' The Times says: "The German Goyriment and the German people alike nave made it clear in a hundred ways to the whole world that they are ready to commit any outrage and do not purose to obey any laws of God or man. They practice the ruthless and inhuman lestruction of the weak and helpless."
