## THE SERVANTS STILL CONTINUE TO TESTIFY

Trial in Case of Mrs. Gould Has Resolved Itself Into a Battle of Domestics—End Not in Sight

New York, June 22.—The task of rebutting the testimony of intoxication on the part of Mrs. Katherine Clemons Gould, who is suing her husband Howard Gould, for a separation and alimony, was continued by the witnesses called by Mr. Shearn, Mrs. Gould's counsel. A trial today the array of rebuttal witnesses is very similar in make-up to those called by the defence. The trial has almost resolved itself into a battle of domestics, with all the servants who were closely associated with Mrs. Gould, giving directly opposite testimony in regard to their mistress' conduct at various times and places with rebuttal in usually confined to the specific incidents to which the defendant's witnesses testified, but Justice Downing has allowed Mr. Shearn broad latitude. Mr. Gould's counsel said today he had about thirty more witnesses to call and that Mrs. Gould probably would testify again. The case is expected to occupy several days more of court.

James J. Brennan, who was employed as a foreman at Castle Gould from May, 1904, to May, 1906, testified that he often met Mrs. Gould on the estate and never saw her intoxicated or abusive in her language.

Brennan, disputed the testimony of Carlson, the coachman, who testified that he took Mrs. Gould driving on the brake in October, 1904, when she was so intoxicated she drove with one hand in order to steady her with the other to prevent her from falling. Brennan said he saw Mrs. Gould and Carlson start out on that occasion, and that she mounted the high steps of the carriage with agility, and appeared in a perfectly normal condition.

On cross-examination, Mr. Nicoll, the defendant's counsel, again brought the former butler, Flaherty, and the mysterious Long Island roadhouse into the case. He wanted to know if the witness knew Flaherty and where the roadhouse, of which Flaherty was the proprietor, was located. The witness said he knew Flaherty, but did not know where his roadhouse was.

Well Known Painter Dies.  
Great Marston, June 22.—Edward John Gregory, R.A., president of the Royal Institute of Painters in Water Colors, died today. He was born in 1850.

Drowned in Saskatchewan  
Edmonton, June 22.—While balancing himself on a moving log in the fast of water, Ernest Moroney, a French lad of 17 years who lived with his parents on Whyte avenue, St. Boniface, fell from the log and was drowned in the White Mud creek yesterday afternoon.

## VICTORIA IS PLACE FOR THE B.C. UNIVERSITY

A. Blakely, of Torrington College, Thinks This City Has Strong Claims to the Provincial University

"Victoria is the place for the British Columbia University."

This remarked A. Blakely, of the faculty of the Torrington Musical College, Toronto, who, in company with Mrs. Blakely, spent several days in the city and left yesterday on route to Ontario.

Of the West, Mr. Blakely is most enthusiastic. While he has been busy engaged over the long distance home conducting musical examinations in different centres he has not been too much occupied to make mental notes of the grandeur of Eastern British Columbia and of the more pastoral but just as striking beauty of the Pacific Slope. He was charmed with the country along the lower Fraser river, he was astonished at the growth and commercial activity of Vancouver, but his eyes were opened in silent wonderment when, as a passenger by the steamer Princess Charlotte, he first sighted the Isle of Promise and had presented to his view the glorious setting of the fair Capital of British Columbia.

"Yes, Victoria is just the place for your Provincial University," Mr. Blakely reflectively reiterated. "It has all the essentials of a college town. When in search of a site for the establishment of what is destined to become a great educational centre you search first for room, space, lots of fresh oxygen. You have it here. I don't know much about Victoria besides what I have been able to see in a couple of days, but it is an ideal spot couldn't be selected on this island, close to your city, I'm sadly mistaken and my judgment is sadly at fault."

"The next thing considered is surroundings. Could there be any more satisfactory than those round about the Capital?" don't think so. "That there would be no difficulty in laying out a campus second to none anywhere is my opinion. Then again this is the point where the students, it seems to me, should gather naturally. Oh, I think Victoria has incontestable claims on the institution."

Mr. Blakely, leaving the university question, spoke of the development of the young Western Canadian along musical lines. He had been pleased to note that those who were taking courses laid out by the Torrington institution, under the direction of its British Columbia representatives were making splendid progress and displaying marked talent and commendable zeal.

## HER HARD LOT

Woman Walks Seventy-five Miles With Two Children to Find Means of Existence

Edmonton, June 22.—A little woman, with features pinched from lack of nourishment and clothes dragged from long wear with two children, one in arms, the other of scarcely six summers, the family of a half-starved homesteader on Paddle river, who had sent them on foot to the city in search of some means to maintain a bare existence, were found in an exhausted condition in a little shack on the river bank last evening. They had been lying there all day and most of the previous night with not a bite to eat. After satisfying their appetites their rescuers took them to a place of comfort. Carrying the baby in her arms and dragging the six-year old boy after her, the brave young mother tramped the entire seventy-five miles into the city, occupying four days on the trip, sleeping wherever she could find a sheltered spot, eating whatever she could beg or obtain in other ways from the farms she passed. The woman reached the city yesterday morning ready to drop with exhaustion.

## THE ANNUAL ROSE SHOW IS NEXT TUESDAY

Victoria's annual rose show will be held next Tuesday afternoon and evening at the Assembly Room, Fort street under the auspices of the Horticultural association.

Originally it was intended that this should take place on Friday but a postponement was agreed to on learning of the intention of the Daughters of Pity to hold an entertainment at the Gorge on the same date and of other counter attractions.

Although entries will be received up to the date of the show it is the wish of the management that those who contemplate making contributions to the several competitions will make the announcement at an early date.

That this year's display will far outclass anything that the association has attempted in the past, is the opinion of those interested. They point out that the city's garden, west of the wealth of roses, the best of which will be out for the honors, and that tastefully arranged they should make an exhibition which admirers of floral beauty would go far to see.

The decorations of the hall, have been placed in the hands of Mrs. Henry Croft. She has taken entire control, which, if her past successes may be accepted as a criterion, ensures a something really delightful in the line of embellishment.

Miss Angus will serve afternoon tea and dispense refreshments, assisted, of course, by a number of friends.

Music will be provided by Miss Thain's orchestra.

## BODIES OF CLERGY TO BE REINTERRED

Winnipeg, June 22.—The re-interment of the bodies of the late Archbishops Tache and Provencher, Bishop of Pelly, and Monsieurs and Thibodeau will take place on Wednesday morning at 10 o'clock in the new cathedral at St. Boniface.

The bodies of these distinguished churchmen were at the time of their decease buried in the chancel of the old cathedral, and at the time of the demolition of that edifice the remains were removed to the new cathedral, where they have been awaiting the preparation of a suitable and appropriate resting place. The bodies will be placed in the crypt of the new cathedral with all the pomp and ritualistic rites pertaining to the church.

His Grace Archbishop Langevin will conduct the service, and high mass will be sung for the repose of the departed soul. A great number of the clergy and laity will be present at the ceremony.

## FISHERMEN STRIKE

Fleet of New England Company Tied Up on Account of Non-Union Man

Vancouver, June 22.—The whole of the fleet of the New England fish company, operating in the waters of the northern halibut banks, seems liable to be tied up as the result of a strike among the fishermen on union principles. The Kingsgate, a large schooner, and the men who are on board, are stated to be the men on the Manhattan who landed in the harbor on Monday.

Eighteen months ago the Pacific halibut fishermen's union, which is now the largest of its kind in the world, and the men who are on board, are stated to be the men on the Manhattan who landed in the harbor on Monday.

## OTTAWA ATHLETES FOR WINNIPEG MEET

Ottawa, June 22.—The Ottawa Amateur Athletic Club has decided to send Bert Stronach, the husky football player and all-around athlete, to the C. A. U. championship meet in Winnipeg on July 15th. He will compete in the 120-yard hurdles, in the high jump and in the quarter-mile run.

Alex. Guin, of St. Patrick's Athletic Association, who won the final in the standing broad jump in the Olympic trials last year, may also go. Stronach is already in training for the Winnipeg meet, and will leave Ottawa on July 10th.

## TROUBLE BREWING IN HONDURAS NOW

Washington, D.C., June 22.—Private despatches received today by persons financially interested in Honduras confirm the press despatches coming by way of New Orleans that the revolutionary spirit is becoming more marked thence. The despatches express the opinion that an outbreak is certain to develop in the Central American republic within a few weeks.

The state department maintains that it has received no news of this character from its diplomatic or consular officers.

Sembrich's Farewell Concert.  
Berlin, June 22.—Mme. Sembrich made her farewell appearance on the German stage last evening as Rosina in the "Barber of Seville."

## SPECIAL VISITORS GREETED AT FAIR

An Average of Twenty-Five Thousand Visitors a Day Have Gone Through the Turnstiles Since Opening

Seattle, June 22.—An average of 25,000 visitors a day have gone through the turnstiles of the Alaska-Tukon-Pacific Exposition since the opening day on June 1.

From all parts of the West people have been flocking to the Exposition and from present indications the stream of delighted visitors is becoming larger rather than falling off. Up to Thursday, June 17, the total attendance had reached the 400,000 mark, a number equivalent to one-third of the population of the state.

The slide trips around Puget Sound and Lake Washington have attracted large numbers. Every day steamers, brightly decorated and laden with pleasure seekers, are leaving the Exposition grounds on the innumerable excursions that are offered to different parts of the lake. The Victoria trip and the excursions to the beautiful Hood's Canal and Puget Sound have also attracted many.

Next week, beginning June 27, will be a gala week at the Exposition. Practically every day during the week will be occupied by some form of entertainment for special visitors.

Thousands of people from Skagit Valley are planning to assemble at the Exposition during the week, set aside as the Skagit Valley week. All of the cities in that section are arranging to have special demonstrations, while the programme includes many excellent features. The visitors are planning on a banquet and many other forms of entertainment, including a visit to the Pay Street.

On Monday, June 23, Snohomish County will take charge of the celebrations at the Exposition. The cities of Everett and Snohomish are planning on sending immense delegations of pleasure-seeking visitors.

The transportation lines between Seattle and Snohomish County are making special arrangements to handle the crowds. The day has been officially set aside as Snohomish County Day and also Everett Day and Snohomish Day. Prepared to take the Exposition by storm, several thousand people from that county will arrive in Seattle early Monday morning.

A large delegation from Kamloops is planning to celebrate Kamloops Day on Tuesday.

## GRATEFUL PATIENT BUILDS SANITARIUM

Montreal, June 22.—It was learned yesterday that Lorne McGibbon, a leading business man of this city, had decided to give \$125,000 for the erection and equipping of a sanatorium for tuberculosis treatment, to be erected at St. Agathe, in the Laurentian mountains.

Mr. McGibbon, a couple of years ago a sufferer from the disease, and by advice of physicians spent much time in the Adirondacks, with the result that he was cured, and he is now interested in doing something for those less fortunately placed than himself.

## SEEING NEW YORK AUTO RUNS AWAY

Six Passengers Are in Hospital With Serious Injuries and One Young Woman May Die

New York, June 22.—As a result of a big eight-wheel automobile running wild while filled with merry-makers on their way home from Coney Island yesterday, six of the occupants of the vehicle were killed, and two serious injuries and one young woman is expected to die as the result of her hurt.

The fatally injured victim is Miss May Emery, 27 years old, of Washington Heights, who sustained fractures of both legs and one of the right arm and internal injuries, when the runaway car crashed into a tree on the Ocean Parkway. All the twenty-five passengers in the car were thrown out by the shock, some of the young women, in a panic, had tried to jump, as the machine, the mechanism of which had gone wrong, went zig-zagging along Parkway, but were restrained.

The six injured persons are women, and Miss Rose Miller, of Manhattan, had both legs broken and is suffering from the shock. A dozen other occupants of the car sustained serious injuries at the crash.

## WILL STUDY THE ALASKAN GLACIERS

Seattle, June 22.—The first expedition ever sent out by the National Geological society of Washington, D. C., to study the big glaciers of Alaska, will sail from Seattle on the steamship Portland on Thursday, to remain in Alaska pursuing a scientific investigation until the latter part of September.

The expedition will be headed by Prof. R. Starr, of Cornell university, and Prof. Lawrence Martin, of the University of Wisconsin. W. E. Lewis of Washington, D. C., of the United States geological survey, will accompany the party. Topographers and O. D. Von Engel, another member is the photographer. F. Dean, of the University of Wisconsin will go along as geological assistant.

## Western Canada Wood Pulp & Paper Co., Ltd.

HEAD OFFICE, 638 VIEW STREET, VICTORIA, B.C.

Plant under course of erection at Quatsino Sound, Vancouver Island.

The company have acquired 55,669 acres of Pulp Land on Quatsino Sound, Vancouver Island.

WATER POWER  
In addition to the vast Pulp Land acquired, the company have also secured a 20,000-inch water record on Marble creek, at Quatsino Sound, capable of developing from 10,000 to 15,000 h. p. This creek derives its source from three lakes, 20 miles in length, and is thus permanent the year round.

CAPACITY OF PLANT  
The plant when fully complete will have a capacity of 800 tons of news and wrapping per week, and feel confident that it will have the pulp plant with a weekly capacity of 100 tons in operation by December 1st of this year.

COST OF MANUFACTURE  
With our tremendous pulp units which enable us to secure our pulp wood at a nominal figure and splendid water power, the cost of manufacture of news and wrapping paper should not exceed \$30.00 per ton; at present news is jobbing in British Columbia at \$40.00 per ton. The freight rate in carload lots from Ontario and Quebec being \$17.00 per ton.

LOCAL MARKETS  
The local market of the company extends east a thousand miles to Moose Jaw and tributary region. Within the above territory the annual consumption of paper is estimated at a thousand tons exclusive of that used by printers and bookbinders. The five daily papers of Victoria and Vancouver alone consume over 100 carloads of paper per year.

FOREIGN MARKETS  
The foreign markets of the company consist of China, Japan, New Zealand, Australia, Hawaii and the Philippines. In 1908 the above countries imported over \$10,000,000 worth of wood pulp and paper, principally from Norway, Sweden, Germany, Eastern United States and Eastern Canada.

FREIGHT RATES TO ORIENT  
A freight rate from \$2.00 to \$2.50 per ton can be secured from British Columbia to China, Japan, New Zealand and Australia on wood pulp and paper, as against a rate of \$7.00 to \$15.00 per ton on the same commodities from Eastern Canada and Europe; being from \$3.00 to \$5.00 miles nearer the Oriental market than Eastern Canada or European mills, we not only are able to secure a much lower freight rate, but also a lower insurance rate.

NATURAL ADVANTAGES OF BRITISH COLUMBIA  
News and wrapping paper are manufactured principally from Spruce, Hemlock, Balsam and Larch wood; one ton of chemical wood pulp requires approximately two cords of four-foot wood. At present Spruce and Hemlock wood is worth from \$8.00 to \$9.00 per cord in Eastern Canada; our facilities enable us to secure it at less than \$3.00 per cord. In 1908 the American mills were obliged to pay from \$9.00 to \$15.00 per cord.

PROGRESS OF WORK  
The erection of the plant has been placed under the exclusive supervision of Mr. Chas. B. Fride, of Appleton, Wis., one of the most distinguished authorities on the erection of pulp and paper mills in the United States, having built more than 50 of the leading mills of the country, and he is confident at being able to have the pulp mill in operation by December 1st of this year.

SALE OF STOCK
