

TEES FOUND; ALL ARE SAFE

Disabled Steamer Lay in Sheltered Water With Broken Propeller Since Last Sunday Vainly Signalling

SPEND SIX DAYS IN OPEN CRAFT

Chief Officer Thompson and Four of Crew Seventy-two Hours Without Food or Water When Rescued

The steamer Tees was located yesterday lying at anchor in Easy creek, Kyquot sound. All on board are safe and well. The tug Nanook took the disabled steamer in tow and is on the way to Victoria. Backing from the wharf at the clay pits at Easy creek, at the head of Kyquot sound, the Tees ran on a submerged rock on Sunday last. The propeller blades were broken off and the vessel jammed, rendering the vessel unable to start. She came off easily and went to an anchorage in the sheltered harbor. Owing to the topographical conditions efforts to send news of her predicament by wireless failed. The operator tried again and again, seeking to connect with the shore station, but to no avail. On Sunday night Chief Officer Alex Thompson and four seamen started in an open boat for Estevan, over sixty miles away.

It was a brave task. For six days the five men struggled against wind and heavy sea, fog shutting in on them, and lost and weather-beaten, they spent many trying days without food or water, when on the verge of collapse they were picked up exhausted and suffering severely from cold and privation by the tug Nanook. The crew of the Nanook, who had been sent to search for the disabled steamer, were informed of the predicament of the Tees, and immediately started for the scene to find that the crew were huddled together, shivering and suffering from the effects of the storm. The rescue steamer, the Nanook, arrived at the scene of the wreck at about 10 o'clock. The crew of the Tees were taken aboard and the vessel was towed to the wharf at Easy creek. The crew of the Tees were taken to the hospital at Victoria. The vessel was raised and is being towed to the wharf at Easy creek. The crew of the Tees were taken to the hospital at Victoria. The vessel was raised and is being towed to the wharf at Easy creek.

Fear of Worst

In many homes in Victoria relatives and friends of those on board feared the worst. Many imagined that the failure of the Tees to send further messages indicated that she had probably struck somewhere on the dread Barrier reef, a long stretch of partially submerged rocks which run for many miles along the island coast, and with the prevailing gales no vessel could have lived long in such a position.

BELLINGHAM, Wash., Dec. 2.—In a pitched battle yesterday afternoon at Sedro-Woolley, a small town south of Bellingham, participated in by 150 citizens, two desperadoes who had held up and robbed a saloon, one of the bandits was riddled with bullets and will die. The other was captured after a desperate hand-to-hand encounter. The bandits' names are Walter Foote and Fred James. As soon as they found out they were suspected the highwaymen, followed by a posse, ran to the outskirts of the town, where they barricaded themselves beside logs at the foot of an embankment, and opened fire on their pursuers. Rifles, shotguns and sticks of dynamite were used with which to dislodge the men.

After a note had been shot into unconsciousness and badly burned by exploding dynamite, his partner, James, used by the remaining ammunition and then surrendered. The citizens escaped without injury. James has confessed to a number of burglaries.

A statement was made by the sister superior of the hospital that Vaughan had professed Protestantism before dying. NANKING QUIET UNDER REBELS

Conditions in City Almost Normal and Order Preserved by Police Furnished by Revolutionary Army

GENERAL CHANG MAKES HIS ESCAPE

Advices to Washington Indicate that Intervention by Powers Would Endanger Lives of Foreigners

NANKING, Dec. 3, 3:30 a. m.—Conditions in Nanking are almost normal. Revolutionary forces have placed police patrols throughout the city. General Chang, the imperial commander, escaped across the river to Fu Kow the night before the revolutionary forces entered the city. It is believed with the consent and connivance of the rebel commanders. From Fu Kow General Chang, accompanied by 1,000 picked troops from the garrison of that town, proceeded northward. It is thought he will attempt to join the northern army through Shanghai.

The foreign warships have returned to their anchorage opposite Shan Kwan. Trains have commenced to run into Nanking. Reports from Sze Chuen province are not reassuring. Many foreigners are unable to leave because the government has no protection from having foreigners within the various towns, which guarantees them against attack. It is suggested that the foreign governments request Premier Yuan Shi Ki to ask General Li, the revolutionary commander, to furnish a security for isolated foreigners to places of safety.

New City Was Captured

The revolutionary forces took possession of the city after the parley with the imperial government forces who were in occupation. At midnight the white flag was displayed. The rebels, inside the walls, were reported to be indicating that the gunners had joined the rebels.

General Li Yuan Hung, the rebel leader, who had captured Tiger fort a few days ago, occupied Shan Kwan, a town on the banks of the river, under the command of Admiral Shih, lay two miles down the river, cautiously approached and took a position under the guns of Lion fort.

General Lin, second in command of the rebels, took the Taping gate. Later on the rebels entered and took possession of the government offices, while flags began to appear and no fighting occurred. When the rebels entered the city, Lieutenant-General Feng Kwo or reports say he surrendered with all his troops on condition that their lives be spared.

Danger in Intervention

WASHINGTON, Dec. 2.—That the greatest peril threatening the foreigners in China at present is from their own friends, and the first movement of the intervention between the warring factions would lead to the instant fusion of the discordant elements and a combined attack upon all foreigners. A Kow General Chang, accompanied by 1,000 picked troops from the garrison of that town, proceeded northward. It is thought he will attempt to join the northern army through Shanghai.

PERSIAN PEOPLE MUCH EXCITED

Action of Russia in Advancing Troops Causes Ferment in Capital—"Death or Independence"

TWO MORE OFFICIALS ARE ASSASSINATED

Mr. Shuster Likely to Stay in Office Until Removed by Russians—Explains His Appointments

TEHRAN, Dec. 2.—Persia is in a ferment over the warlike action of Russia, and the excitement in the capital today was intense at the news of the Russian advance. "Pigadees" proclaiming "Death or Independence" were posted both on the walls of the city and on the legations. Thousands of persons formed in procession and marched past the legations. To add to the excitement, two prominent politicians were assassinated. Mirza Muhammad Taghi, prominent revolutionary, was killed in the capital; Prince Firman Firma, at one time commissioner of justice and subsequently governor of the province of Azerbaijan, was assassinated at Khashin, ninety miles northwest of Teheran. Persia's reply to Russia's ultimatum is calm. It gives the reasons for the rejection of Russia's demands, and invites the Russian government to examine into the facts more closely and then reformulate her demands. Messages from the provinces assure the Persian government of unlimited support. A general boycott on Russian goods, has commenced, and the people are protesting the use of Russian tramways.

M. Lecoffre, whose appointment was used as an argument against W. Morgan Shuster, the American treasurer-general, was not appointed by Mirza Muhammad Taghi, since the latter served for two years. Mr. Shuster merely transferred him to a new post at Tabriz.

The treasurer general has decided to dispense with the services of British officials appointed by him in northern Persia, with the exception of one man who has a contract approved by the national council. This is Mr. Shuster's reply to the charge that he is trying to Anglicize the services. In an interview today he said:

"Sir Edward Grey, the British foreign secretary, accuses me of endeavoring to Anglicize the Persian service. This is absolutely false. It is true that I am seeking here for employees familiar with modern accounting and with a knowledge of the Persian language and customs. I have found several Britishers who were available, and also two Belgians, now in the service. Had any Russians possessing the necessary qualifications presented themselves, I should gladly have engaged them."

Mr. Shuster Continues

LONDON, Dec. 2.—A dispatch to the Times from Teheran says the decision of the national council to reject the Russian ultimatum produces a deadlock. Russia, presumably, will advance on Teheran and Mr. Shuster will continue to perform his duties until Russia removes him.

MARQUIS OF WATERFORD DEAD

DUBLIN, Dec. 2.—The Marquis of Waterford was found drowned today. He had crossed a narrow bridge protected by only a low hand rail. It is believed that he stumbled and fell over, was rendered unconscious and drowned. He was found floating in the river. The Marquis was 60 years of age.

THIRD TO MEET VIOLENT DEATH

VIENNA, Dec. 2.—The greatest excitement has been caused by the fight of the murderer of the Governor of Galicia, Count Andrus Potocki, from the prison in Stanislaw. Count Potocki was assassinated in April, 1908, by a Ruthenian student named Miroslav Siczinski, during an audience. It was a political murder. Siczinski declared that he had murdered the governor because the latter, who was of Polish birth, tyrannized over the Ruthenians. The murderer was sentenced to death, but was pardoned, condemned to twenty years' imprisonment, and was serving his sentence in the prison at Stanislaw.

The other morning the murderer's cell was found to be empty. The door and windows were intact; so there is doubt that Siczinski escaped by the connivance of the warder, who was on night duty. The latter has been placed under arrest. Two warders have disappeared, and it is believed that they escaped with Siczinski. His helpers must have obtained civilian clothes for him, as otherwise it would have been impossible for him to pass the numerous courtyards of the prison. It is reported that this morning a sum of 100,000 kronen was collected among the Ruthenian people for the purpose of ransoming the murderer. No trace of the escaped murderer has been found.

RUSSIAN HOPES

ST. PETERSBURG, Dec. 2.—The Novoye Vremya expresses the hope that the Russian and British governments, acting jointly will secure a suitable cessation in Persia to Mr. Shuster and thereby show that they are equally desirous of establishing Persian peace on a sound footing.

FOG AT VANCOUVER

Steamers Unable to Leave Harbor on Their Regular Runs—Delayed so Remain at Dock

VANCOUVER, Dec. 2.—None of the C. P. R. steamers left Vancouver harbor this afternoon or evening owing to the thick fog which enveloped the harbor. The vessels were under orders to remain at their docks until the fog cleared. The Princess Charlotta had her passengers aboard for Seattle, but the Princess Adelaide for Victoria, which should have sailed in the afternoon, was vacant tonight. The Princess May, which was scheduled to sail for Skagway, did not leave her dock. It is expected that the vessels will be able to sail by morning.

Adams and Controller Waugh were the only nominations for mayor. Nominations for controller were as follows: Controller J. G. Harcourt; Controller J. W. Cookburn; Controller A. A. McArthur, Ald. W. G. Douglas, ex-Ald. D. McLean, T. R. Ferguson, A. W. Patten, ex-M.P.; W. B. Simpson, R. S. Ward, and Robert Sacko.

Bryckner, two socialist candidates, who ran together in the annual school board election here, were signally defeated today, although there were five other independent candidates to split the opposing vote. The highest number of votes cast for either of the socialist candidates was 846 out of a total ballot cast of 5,636.

In Serious Condition

SCRANTON, Pa., Dec. 2.—"A little better than an even chance of recovery," is an authoritative statement made tonight of the condition of Hugh Jennings, manager of the Detroit base-ball team, and the Rev. Peter F. Lynch, who were injured in a motor car accident near Goldboro, Pa., last night. Jennings is suffering from concussion of the brain, a fractured skull and many gashes and many bruises about the head and body. Father Lynch sustained serious internal injuries and was otherwise badly hurt. It would require another day, Dr. D. A. Webb said tonight, to determine definitely just how serious is the condition of the two men.

MCMANIGAL'S CASE

LOS ANGELES, Dec. 2.—All known angles in the unexpected termination of the McNamara murder cases were summed up tonight by Clarence S. Darrow, chief of counsel for the defense, in a statement dictated to the Associated Press.

Mr. Darrow's statement is as follows: "No motive of any sort was stated in the disposition of the McNamara cases except the welfare of the men accused of the murders. 'Believing as I did that the action taken would save the lives of the accused men, I had no more right to refuse it than a doctor would have to forebear an operation on a patient to save his life.'"

"A committee of Los Angeles people, beginning work on November 20, made it possible to accomplish the result. Their suggestions were brought to me first by Mr. Stefans on that day, and every day thereafter as matters proceeded until the final determination. 'How much their efforts had to do with the state's attorney I cannot tell, but it was their intercession that negotiations were begun by attorneys for the defense.'"

"I expected the final action every day after the movement was commenced, and it was taken the first minute that an understanding was reached. It was impossible to delay action beyond the time an understanding was reached, because of the imminent danger we were in for two weeks of having the matter become public property and thus making the end difficult to achieve."

(Signed) CLARENCE S. DARROW. Requests for an authoritative statement on the situation, rather than in interviews, crowded Mr. Darrow's desk through the day, and this one, he said, was dictated as an answer to all of them. The statement, which appeared to indicate the conditions.

Speculation Afloat

The local political contest, in which Job Harriman, of counsel for the defense, is running for mayor on the Socialist ticket, with the election only three days off, was taken into consideration, though Harriman's own position was that the trial was not a local issue and should make no difference. The recent arrest of Burt Franklin, an investigator employed by the defense, on a charge of bribery, hearing, and this was repudiated by the defense, whose attorneys pointed out that negotiations were under way before the incident occurred.

As to the negotiations, the statements were confirmed by District Attorney John D. Froedrick, who said in a statement dated the beginning of negotiations as far back as July. The defense added a knot, however, by stating that it made no proffer as early as that time. As far as the defense is concerned, yesterday's action of James H. McNamara, pleading guilty to murder in connection with the Los Angeles Times explosion and fire, which cost 21 lives, and a plea of guilty was entered by his brother, John J. McNamara, to having dynamited the Llewellyn iron works, was again declared to have been wrought about through the agency of a committee of influential persons, and tonight members of a faction agreed denouncing the movement itself agreed heartily that the result was accomplished in this way. This fact turned out to be part of the grievance, on the ground that no representative of labor was on the committee which aided in bringing to pass an event considered of infinite moment to labor organizations throughout the United States.
