Important to Horse Owners. What can be said of a man who with his eyes has the best of it, consents to all the preliminary | Eclectric Oil. arrangements, and, losing the race, seeks the aid of the law to recover his stakes? On September 25th last a match for \$500 a side was trotted at Woodbine park between Mr. McIntosh's (St. Thomas) Canada Southern and Mr. Ferguson's (Port Hope) Canadian Girl. The latter won the race by the judge's decision, and of course the stakeholder, Mr. Paterson of Port Hepe, handed over the stakes. Mr. McIntosh, however, was not satisfied with the result and entered suit to r. cover his stake. The case came up before Chief Justice Wilson last week at the Cobourg assises. A number of witnesses were summoned from the city. The argument for the return of the stake in any event, that Canadian Girl not belonging to Mr. Ferguson, under the law he roule not frob her in a race. It appears that according to an old English statute it is lilegal for a man to borrow a horse from another for the purpose of racing it. This law even ma-es the horse liable to confiscation if so raced. The learned judge dismissed the first plea but reserved h s decision on the an ient statute in order that he might consult his brother judges. It will thus be seen a very important point is involved in the case, and horse owners will think twic in the future before lending steel racing in question at Woodbine park were Dr. Hodgins (Foronto). Dr. Casar (Port Hope), and Mr. Jones, the veteran trainer of this city. Southern and Mr. Ferguson's (Port Hope) Canadian
