D. I. E. D.

The Royal Mail Steam Ship Acadia, ar-postponed until Saturday, the 14th day of rived at Halifax on Thursday, the 15th inst. November, next, when it will be sold at the in 11 days and 3 hours from Liverpool. A variety of European extracts will be found in our columns to-day, brought by this arrival. It will be observed in our extracts from the British Journals that the French Government received intelligence that Beyrout in Egypt has been bombarded and burnt to ashes after D days. It is said that this would haster the war with France and England. On arrival of the newsConsols fall and the Bunk of Eng. Oct 22, 1849.

We understand that at the examination held Courier.

The Right Reverend the Lord Bishop of Tremas Ween, ir. Esq., one of our fellow Nova Scotia arrived in town on Thursday townsmen, received an optime for his profinglet, in the steemer Novascotia, from Digay, clency in legal knowledge.

It's Lordship has been expected for some time in this part of his Diocess—Did.

NEW VESSELS. LAUNCHED on Wednesday the 14th inst at

were many others in the same bed nearly as large. One of them is now in the possession of a gentleman who intends taking it with him to Ireland. Its exhibition in that country will be a convincing argument to intending emigrants in favour of our soil and climate and, at the same time, satisfy the natives of the Emerald Isle that their's is not alone the Land of Potatoes.—1b.

What next?—We have been favored with several leaves of Tobacco, the produce of the Garden of Peter Fisher, Esq. of Fredericton, They are large and of full growth, and almost equal to the best Virginia.—Some of them have been left at the News Room for inspection.

We understand that Mr. Fisher, has also succeeded this season in bringing to maturity.

We understand that Mr. Fisher, has also succeeded this season in bringing to maturity a small quantity of Kentucky Corn, and intends to persevere in raising it, with a view to acclimate it and bring it into general use in the Province. We believe it is much more productive than the common Indian Corn at present cultivated, and we therefore trust that Mr. Fisher's particular configurations will be a supplying the "Bartannia," on entering her native element; measures 530 tons, and it is said she is the best vessel ever built by the Messrs. Townshends, whose characters at builders is too well known to require any endogram from our pen. She is coppered and copper fastened, and is owned by John Wilson Esquire, of this Town.

r Fisher's patriotic endeavours will be cowned with success.—B.

Passengers for St John, by the Acadia.—
