The effort to hold a meeting last Friday evening to reorganize the Y. M. C. A. was an absolute failure, but three or four persons being present. Still this does not imply that the move towards re-organization is hopeless. It merely shows a lamentable indifference or a disposition to "shove the work" on to the other fellow. The sum necessary to raise, about \$300 at most for the season, is so trifling that it cannot be that citizens are hanging back for that. The rent is already paid by a former citizen, who has thus chosen to become a benefactor to the town. Does citizens' subscriptions and exhibition and concert funds could certainly be made to pay the cost of instruction and the fuel which covers nearly everything outside the rent. It only needs someone with an energy equivalent to his interest to give the thing a start, after which it would be carried on by its own momentum. We hope some one will make up his mind to see the thing through. Bridgetown is better with the Y. M. C. A. than without it, as all will concede, in fact, cannot afford to do without it. Then why not have it?

We are publishing by request an article from the September number of the Canadian Lumberman dealing with the lumber industry in the maritime provinces, which is working detrimentally to the interests of the trade. Our many readers interested directly or indirectly in the lumber business will find the article worth perusal.

General Booth states that he believes drunkenness to be increasing in the world. Few men are in so good a position to speak with authority as is the head of the organization whose work brings its officers into constant contact with those addicted to the drink habit. His statement is not an encouraging one for those engaged in temperance work.

Since last publishing our market report, eggs have gone up from 18c to 20c, tomatoes dropped from 7c to 5c lb. Potatoes have dropped 10c a bushel, carrots and beets 20c. Flour has gone up 50c a barrel, millings 10c on the bag.

## A CAUTIOUS BANKER.

(From the London Free Press.)  
The successful banker is said to be a timid man, and perhaps there is reason for it. If he saw only the bright side his bank and his customer might some day be side by side in the ditch. Much is due the cautious banker. He may sometimes prevent successes. He often prevents disasters. There is no doubt the particularly good times we have been enjoying have brought their own peculiar difficulties, as new to the experienced banker as they are to the ordinary man. A little time and the business of the country will flow on evenly once more. The people are coming to Canada, and money will come also.

Rev. Maynard W. Brown, who recently removed with his family to Wolfville, has accepted the pastorate of the Pecos Baptist Church.

J. W. Beckwith has received his second order of Ladies' Northway Coats this season. He is daily receiving new goods, which now makes his stock the best ever placed before the purchasing public in this community. He is giving exceptional bargains in Dress Goods. His stock of Furs excel all other imports in value and style. He is paying the very highest prices for Eggs and Butter.

## WHERE DOES THE RESPONSIBILITY LIE?

The Kentville Advertiser says—the effect of Aldershot on Kentville the past fortnight has been of no credit to the town or the soldiers. 'Tis true the town authorities are not getting proper hold of the situation in enforcing the temperance laws or in preventing rowdiness, drunkenness and free fights upon our streets. For such the Town Council must take its share of the blame. But the soldiers all through camp made our streets a place where respectable people would not care to be found. Stores were rifled, thieves went on night after night and those who were in charge of the Bazaar have a long list of goods appropriated openly and secretly. Where there were so many red coats those who were seen carrying off goods were soon swallowed up by the throng and identification was impossible.

The disgraceful fight near the Crescent Cafe which nearly cost the life of a harmless fellow called Graves, the attempted burglary of the store of James McLeod, and the kicking out of the plate glass window of Mr. Sealy's store were but a few of the scenes which the soldiers enacted while here.

During her illness, she was tenderly nursed by her daughter-in-law, Mrs. Allister Mosher. The departed leaves a sorrowing husband, two sons, a mother, three sisters and two brothers, besides a host of friends, to mourn their sad loss. She was a consistent member of the Nictaux Baptist Church and as long as health permitted was always faithful in attendance.

The funeral, which took place on Monday afternoon, was conducted by her pastor, Rev. C. H. Haverstock, who spoke very highly of the deceased. The family have the heartfelt sympathy of all in their bereavement.

## DIED

## UP THEY GO.

A telegram to a St. John paper on Thursday says that oatmeal is the latest staple to take a jump skyward. It could be purchased on Monday and Tuesday for \$5.25 by the trade, but yesterday all the millers were quoting it at \$5.75. A jump of fifty cents in one day is rather a sharp advance and the prospects are that it will go still higher. As regards flour, it is difficult to foresee where it will stop.

A leading wholesale firm yesterday received a telegram from a western milling house, saying that the crop situation was so serious that they could neither accept nor make any offers.

An Ontario mill also wired that their offer of the previous day was withdrawn.

## PARISBORO GIRL DROWNED.

New Mills, N. B., Sept. 19.—A drowning accident occurred here last evening of which Josephine Mahoney, the 13-year-old daughter of Captain Mahoney, of Parisboro, N. S., was the victim. She, in company with her sister and father, was returning in a boat to the vessel about ten o'clock, the little girl was sleeping, and when just beside the vessel, she in some way tumbled overboard. A sailor sprang in after her, but failed to rescue her. The vessel is the Lady Smith, being loaded here by the Prescott Lumber Company.

## ACADIA'S ELANS.

Rev. W. L. Ashfield, who is travelling in the interest of Acadia's second forward movement, says that \$75,000 of the \$100,000 pledged has already been paid in and that the fund will probably be completed by the end of the year. If the latter sum is raised within a given time, J. D. Rockefeller will give \$100,000 and Andrew Carnegie \$20,000. The latter sum will be used for a new science building, the former in an endowment fund. The sum contributed by Rockefeller will be used to pay debts and make needed repairs.

## SEVERE SENTENCE FOR BURGLAR.

Vancouver, Sept. 17.—Judge Bole, of New Westminster, today sentenced John Wilson, a convicted burglar, who came from the United States, to fifteen years imprisonment on three separate charges with thirty-six lashes, children now and eighteen at the expiration of a year. This is the most severe sentence in Canada for the offence.

Madame Yulissa Harrison leaves today for Antigonish, where she will sing next Sunday. This popular singer will be heard at Dorchester, Sackville, Charlottetown and Moncton. Her old friends in St. John declare that she has never been better, to her advantage than on her present visit to the defence.

The editor wishes to caution the boys and girls against falling into the common error of mispronouncing these three words: produce, progress and process. The o is short in each of them, and the syllables are divided as in the heading of this paragraph.—Chicago News.

In supreme court chambers on the 24th, Mr. Justice Graham granted W. H. Townsend, of Kentville, leave to appeal to the judicial committee of the privy council from the decision of the court in banc delivered on August 2, which held the defence a good answer to the action he had brought against Justices Eaton and Beckwith for ordering the seizure and destruction of \$5,000 worth of his liquor on September 26, 1905. Security was fixed at \$250.
