A Misplaced Doxology.

A tragi-comic episode occurred in one of the towns of Elkin County recently, when the congregation of one of the local churches was holding its anniversary festival and tea meeting The mayor of the town had consented to preside as chairman of the concert, which is always a feature of such entertainments, and just as it was comnencing he was seen to fall to the floor. It was speedily ascertained that death had been instantaneous, and, the body having been removed to an ante-room, the pastor sorrowfully rose to dismiss the assembled congregation. In his excitement he could only think of the form usual on all occasions, and announced the Doxol ogy, giving out the first line, "Praise God, from Whom All Blessings Flow."
