Winnipeg, August 30th, 1910.

The local situation in regard to bricklayers' and masons' lockout which took place ten days ago, is considerably relieved, and over a hundred International union men signed up on a new agreement and started to work this week, and the others it is expected will follow, and within a few days all building should be in full swing again.

The demand for all kinds of supplies is well kept up, and it is confidently expected that by the end of the year Winnipeg's building permits will go over the \$15,000,000 mark.

A great deal of water supplies, such as iron pipe and sewer pipe are being used in the West this year, and the demand in all these lines is good, the lumber and cement situation is steady and prices remain about as usual, and in all prices quoted below there is no change to record:—
