

H. YARDLEY HAS A SPLEN-

DID collection of Buff, Partridge and White Cochins; Brahmas, Light and Dark. The Buff Cochins include birds that have taken many prizes, and are fit for immediate successful exhibition. The Partridge contain birds from the best yards in England, are good in color and beautiful in shape. The Whites are very large, well-feathered, good combs, and are free from that great objection, vulture hocks. H. Y. can now send out trios of either of the above kinds, of the best quality—in fact, not to be surpassed—and are sure winners. Price from £7 to £9 per trio. Package and carriage paid to Liverpool. No birds will be forwarded but those that fully answer the description given.

P. S.—H. Y. has obtained over 500 prizes in '71, besides cups and medals, at all the principal shows in England, and within the last eleven years has won over 3,000 prizes.

H. Y. can supply in any numbers first-class fancy Poultry, Pigeons and Rabbits of every variety. Eggs for sitting, from prize and selected birds, at 15s. per dozen.

P. S.—First-class Brahmas at same price as Cochins.
