

Self Torture!  
That's what it amounts to, when you attempt to do washing and cleaning,

now-a-days, without Pearlina. And the strange part of it is, that you should be willing to suffer, when it's only for your loss—not gain.

That needless back-breaking rub, rub, rub isn't saving you anything. It's costing you money. It is simply wearing out the things that you're washing. Why would you rather do it? That is what the women who are saving their strength and their clothes with Pearlina can't understand.

Is Presbyterianism a Failure?

Editor PRESBYTERIAN REVIEW.

SIR,—In your issue of the 16th inst. appears an article under the above heading; the language and tone of the writer indicating clearly his answer to the question. The whole letter breathes forth a discouragement not easily compatible with a fair treatment of any subject. I was much pained to find such a statement as the following: "Most of our congregations are hot-beds of quarrelling." Now, if this statement were true, it would be our wisdom to acknowledge the fact and then seek for a remedy. But it is scarcely conceivable that any person acquainted with the leading facts in "most of our congregations" could accept the above statement as even approximately true, though written with such positiveness. Misrepresentation or exaggeration surely cannot be expected to strengthen any weak points that may exist in the Presbyterian system, or in any way further the cause of truth. It would be well if those who write for the instruction of the public, would be careful to avoid statements which, taken in their obvious meaning, could only mislead.

Yours etc.,

S.
