News briefs

Canada and Cuba have renewed for a further term of five years the Agreement on Hijacking of Aircraft and Vessels and other Offences, signed on February 15, 1973. The renewal, concluded through an exchange of notes in Havana between Canadian and Cuban officials, entered into force on April 25, 1984.

Canadian direct investment in foreign countries soared by 27 per cent to \$32.7

billion in 1981, the largest increase ever recorded, reports Statistics Canada. The investments resulted in a record net outflow of capital from Canada of \$6.9 billion, more than double the previous record capital outflow of \$3.1 billion in 1980. Statistics Canada said the jump in 1981 was due largely to acquisitions of foreign companies by residents of Canada. Canadian investment in foreign manufacturing grew by 41 per cent in 1981, compared to only nine per cent in 1980.
