What follows is an overview of the various resolutions dealt with by each UNGA session that had a bearing on Canada's interests in the UN's consideration of ACD matters.

### Verification

In both UNGA 42 and 43, one resolution was specifically related to the subject of verification. In 1987, Canada sponsored resolution 42/42F entitled "Verification In All Its Aspects." It was adopted without a vote. This particular resolution was not introduced in 1988. Rather it was replaced by a Swedish resolution entitled "Study on the UN's Role in the Field of Verification" (43/81B) which Canada co-sponsored. It recorded a vote of 150 in favour, 1 against, and no abstentions. (Only the USA voted against the resolution.)
