

visions of the bill are subsidiary to the main provisions. The motion to be proposed by the honourable Member deals with the question of pollution, which is foreign to the purposes and content of Bill C-203. I would remind honourable Members of the statement in May's 17th edition on page 549 which reads as follows: "An amendment is out of order if it is irrelevant to the subject-matter or beyond the scope of the bill."

I suggest that the motion is a statement, as the honourable Member for Selkirk pointed out, of a substantive and declaratory nature, and it is not relevant to the purposes or the subject-matter of Bill C-203. For these reasons the motion is out of order.
