● (1640)

Mr. Taylor: Madam Speaker, I would like to ask the Government House Leader whether, in the interests of facilitating debate and improving Bill C-155, the Government would be prepared to waive notice and consent to allow the following motion to be put to the House. This motion may well save the cattle industry, the hog industry and the processing industry of western Canada. The motion is as follows:

That Bill C-155 be amended by adding immediately after line 6 at page 35 the following:

"60(1) Following the completion of any review or study carried out under section 59, the Minister, within 120 days, shall prepare a detailed and comprehensive response to such review or study, including the Minister's acceptance or rejection of each conclusion and recommendation contained in any review or study and the reasons therefore.

60(2) The Minister shall cause a copy of his response referred to in subsection (1) to be laid before Parliament on any of the first fifteen days that either House of Parliament sits after the preparation of that response and such response shall stand permanently referred to any Committee of Parliament established for the purpose of reviewing matters relating to transportation."

Madam Speaker: Order. Has the Hon. Member finished reading the amendment?

Mr. Taylor: In any event, Madam Speaker, I ask that you seek the unanimous consent of the House to waive notice that the motion as read be placed on the Order Paper for debate during the consideration of report stage of Bill C-155, an Act to facilitate the transportation, shipping and handling of western grain, and to amend certain Acts in consequence thereof.

Madam Speaker: Is there unanimous consent to waive notice of this motion?

Some Hon. Members: Agreed.

Some Hon. Members: No.

Mr. Nystrom: Madam Speaker, I would like to ask the unanimous consent of the House to waive notice of a motion to amend Bill C-155. The motion is very important and it reads as follows:
