PATENT ACT

MEASURE TO AMEND

The House resumed, from Thursday, November 20, consideration of the motion of Mr. Andre that Bill C-22, an Act to amend the Patent Act and to provide for certain matters in relation thereto, be read the second time and referred to a legislative committee; and the amendment of Mrs. Killens (P.1378).

Mr. Speaker: It being after one o'clock p.m., I do now leave the chair until two o'clock p.m.

At 1.40 p.m. the House took recess.

For this reason I must reject the proposed sub-amendment. I advise Hon. Members that debate will resume on the motion for second reading and the amendment. The Hon. Member for Burlington.

Mr. Riis: Point of order.

Mr. Bill Kempling (Burlington): Mr. Speaker, it is a pleasure to rise in the House today and speak to Bill C-22, an Act to amend the Patent Act. First, I want to offer my congratulations to the Minister of Consumer and Corporate Affairs (Mr. Andre) for introducing this piece of legislation which, in fact, I believe will benefit all Canadians. Bill C-22 represents a significant step toward the achievement of the Government's goals of sustained national economic growth and
