Duncan MacNaughton Esq.,
258 Prince Arthur Street West,
Montreal.

Dear Mr. MacNaughton:-

Your letter under date of
November 13th addressed to the Secretary of
McGill University has been handed to me for
reply.

Our curriculum is so congested at
the present time that it is quite impossible for
us to arrange for a course of lectures on the
Science of Astrology, as you suggest. The
study is undoubtedly an interesting one, but
I regret that, at the present time, it is
impossible for us to provide for it in the
McGill curriculum.

I remain,

Yours very sincerely,

FDA/MC.

Acting Principal.
