

TABLE OF CONTENTS.

INTRODUCTION: Wet and Dry Processes of Copper Extraction . . .	5
The Hunt and Douglas Process ; Working Directions . . .	6
I. Grinding the Ore	7
II. Calcining the Ore	8
III. Dissolving the Copper	12
IV. Precipitating the Copper	17
V. Melting and refining the Copper	18
VI. Arrangement of the Plant	19

APPENDIX.

I. Assaying for Copper and for Iron	20
II. Preparation and use of Iron Sponge	24
III. Use of Tin Plate Scrap	27
IV. Chemistry of the Hunt and Douglas Process	28
V. Patent Specification	33
VI. What Ores may be treated by the Process	34
VII. Practical Working of the Process	35
VIII. The Treatment of Silver and Gold Ores	37
