The Balkan delegates were unofficially informed to-day that the ambassadors at Constantinople were continuing to exert pressure on the Porte in order to find the best way to come to terms with the Balkan States. The ambassadors to-day began the discusion of the Aegean Islands. They examined a long detailed memorandum presented by the Greek premier, M. Venizelos. All Western lands will sooner or later increase enormously in value, but, the investor wants something that will show a profit in a reasonable time.

OFFICIAL G. T. P. RAILWAY TOWN

Is one of the really brilliant examples of land investments with a sure turnover at an excellent profit in a short time. It is in the center of the world's most prolific wheat lands, thickly settled, and requiring only the completion of the railroad to Calgary so that the produce can reach the nearest market. The railroad will be completed in a short time, and that will cause an influx of settlers. The town that is for sale is so small that even a small increase in population will cause a

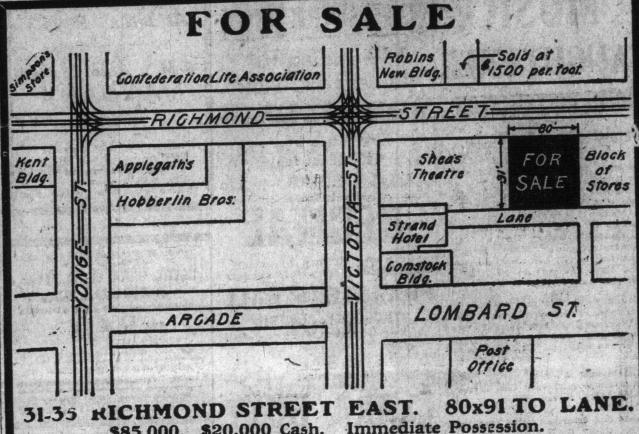

raise in value for the property. Lots are very low in price, and even their value today is higher than what we are asking.
