DOMINION ALLIANCE DECIDES TO ENTER POLITICAL ARENA ON THE LIBERAL PLATFORM

Ontario is in for the Biggest Prohibition Fight in Its History—Temperance Party Will Be the Second So Far as Politics Are Concerned—Rev. Canon Greene Is New President.

Ontario is now in for the biggest prohibition fight in its history. Yesterday, the Alliance executive, with 1175 registered delegates, created itself the second party in the Ontario political arena, and adopted the Grit platform, its leader and machinery as an alliance annex.

Last night visitors to the Massey Hall might almost have thought that the wave of "banish-the-beer" sentiment had already overwhelmed its opponents.

Money and Effort. Joseph Gibson, the retiring president, pointed out at the close of the convention that the session that also they had agreed on entering the political arena as a united platform.

The convention responded by adopting a motion to raise \$5000 to wipe out the deficit, and \$10,000 for the campaign expenses of the present year.

Then F. S. Spence presented the political action report at the afternoon session. There was a momentary note of hesitancy about taking the plunge for Rowell. Rev. John B. Anderson said, "Leave out the names of Mr. Rowell and Sir James Whitney."

The committee's report was then adopted unanimously. "God be praised," exclaimed Rev. Dr. Carman, "I am glad beyond all words that I have lived to see this day."

The political action platform adopted was as follows: "That this convention hail with delight the advanced position taken by the Liberal party in the resolution by which N. W. Rowell, K.C., leader of the

Porte Is Apparently Prepared to Cede Adrianople, Where Bombardment Still Continues.

NAVAL DEBATE IS CARRIED ON INTO EARLY MORNING HOURS

Leaders Review Arguments

Galleries Crowded in Anticipation of Second Division on Bill, But No Intense Excitement Manifested—Laurier Charges That Government's Course Is Not One of True Canadianism.

OTTAWA, Feb. 27.—At an early hour this morning a vote on the naval policy of the government had not been reached. The galleries were crowded to capacity, probably half of those present in the Speaker's gallery being in full evening dress, in anticipation of the vote.

There was not, however, the same excitement which prevailed when the vote on the first reading of the bill was taken two weeks ago. On that night the leaders merely contented themselves with a brief summing up of their policy, and the condemnation of their opponents' policy. Tonight, however, both prime minister and Sir Wilfrid Laurier exerted themselves to the utmost to make a clear and concise case for their party.

Hon. Mr. Borden declared that if there was an election at the present time, the Liberals would fare worse than they did in the one of 1911. Policy is Paramount. In taking up the subject of redistribution, Premier Borden pointed out that in the 15 years Sir Wilfrid had been in power he had never brought down a redistribution bill the year after the election. He enquired of Sir Wilfrid if the bringing down of a redistribution bill would necessarily mean an election. Personally he thought not.

The prime minister declared that his policy embraced a permanent policy of naval defence, as well as the present emergency contribution. He declared that the average Canadian young man was not keen for a life on the sea, but if ever there arose an emergency he would be ready for an instant but that there would be plenty of men available.

The prime minister advocated an imperial unity, one flag, one fleet and one imperial policy. He did not believe in the idea of five fleet units. Past Day of Tutelage. Sir Wilfrid Laurier in his speech declared that Canada had passed the day of infancy and tutelage. We are now a nation and as a nation should accept the defence of ourselves.

He denounced the German war scare as absolutely without foundation. He reviewed the history of Germany and the growth of her commerce. He thought that it was only natural that she should increase her navy in order to protect her commerce on the high seas.

In conclusion, Sir Wilfrid supported the "tuff" amendment, declaring that the important subject now before the house should be first submitted to the people before action was taken. More Talk Needed. Hon. H. R. Emmerson declared that there could not be too much discussion on an important measure like the one before the house. He intimated that if the government had allowed more freedom of discussion there would now be less support of the government's naval policy.

Mr. Emmerson finally won his point, and read from a speech made by Sir John A. Macdonald, in Charlottetown, P.E.I., in 1864. In this speech Sir John had strongly advocated the establishment of a Canadian navy and the independence of Canada. Mr. Emmerson declared that all the fathers of confederation had favored the local navy idea. Mr. Emmerson declared himself to be opposed to that school of imperialism which would make of Canada a small province in a big fed.

"If you suppress the nationhood of this country he continued, 'you sow the seeds of destruction so far as the empire is concerned.' The sum of \$35,000,000, the member

WILL INVITE DR. FRIEDMANN TO DEMONSTRATE "CURE" IN CANADA

OTTAWA, Feb. 27.—(Special.)—In the house this afternoon A. K. Maclean (Halifax) enquired what action the government intended to take in regard to securing for Canada the new Friedmann cure for tuberculosis.

Mr. Maclean read a newspaper report which stated that the United States Government had sent an army surgeon to meet Dr. Friedmann upon his arrival in America. This surgeon had secured samples of the new cure, and the United States Government was at present having it tested. He advocated the sending of a qualified man by the Dominion Government to see Dr. Friedmann, and, if possible, secure some of the new serum.

The prime minister in reply stated that the government would give its immediate attention to the subject. He doubted, however, the expediency of sending a doctor to see the scientist, stating that he thought the more practical plan would be to endeavor to induce Dr. Friedmann to come to Canada and establish a station where he could administer the new remedy.

NO PLEBISCITE ON NAVY ISSUE

OTTAWA, Friday, Feb. 28.—(Special.)—The Guilbault sub-amendment calling for a plebiscite, was defeated in the house at an early hour this morning. Nays 187, yeas 11.

Four Liberals and seven Nationalists voted for this sub-amendment. The Liberals voting for it were: Thompson, Qu'Appelle, Proulx, Turriff and Lapointe; Montreal; the Nationalists voting for it were: Achim, Boulay, Mondou, Lamarche, Barrette, Guilbault and Behrman.

The house this morning voted down the "tuff" amendment, calling for redistribution and an appeal to the country. Nays 117, yeas 81, a government majority of 36.

LIBERALS AFRAID OF AN ELECTION

Premier Taunts Opposition With Lack of Sincerity in Urging Appeal to the Country.

OTTAWA, Friday, Feb. 28.—(Special.)—Premier Borden when he arose was cheered for several minutes by his followers. He said that ever since the beginning of the session the Liberals had declared themselves to be in favor of a general election. His own opinion was that they were voicing the opinion of some hot gentlemen who were outside the house and that there were many members opposite who would be exceedingly disturbed if they really thought there would be an election.

NAVAL BILL HAS THIRTY MAJORITY

Second Reading Result Is Practically Same as in First.—Nationalists Deserting.

OTTAWA, Feb. 28.—(Special.)—The second reading of the naval bill was carried at 2 o'clock this morning. The division was: Yeas, 114; nays, 84. Col. McLean of Queens and Sunbury voted with the government, while the seven Nationalists voted with the opposition, giving the government a majority of 30.

BECK'S RADIAL RAILWAY PLANS WITH EXTENSION OF THE T. N. O. APPROVED BY BOARDS OF TRADE

Big Convention at London Unanimous in Endorsement of Public Ownership—Further Granting of Power to Municipalities to Govern Themselves by Commission Is Also Favored.

LONDON, Feb. 27.—(Can. Press.)—A network of radial railways, covering the whole of the Province of Ontario, running in every direction, as advocated by Hon. Adam Beck, and the extension of the T. and N. O. by branch lines in Ontario, were unanimously favored by the Associated Boards of Trade of the Province of Ontario, whose annual convention opened today at noon in the board of trade rooms on Richmond street.

The introduction of a system of parcels post, municipal government by commission, a progressive policy of reforestation, a uniform insolvency Act, the encouragement of the stock industry, the appointment of a provincial fire marshal, and a progressive policy of good roads, are outlined by the Ontario Government, were also favored by the delegates. There are about 150 representative men from the province attending the gathering, and the keenest interest is being manifested in the proceedings. A big program remains for Friday's sessions.

Civic Welcome. The convention opened shortly before noon, with Dr. Harry T. Reason, president of the board, in the chair. Mayor Graham was introduced to the gathering and welcomed the visitors to the city. The litchkey was on the outside and all were invited to have the best possible time. Col. Fount of Belleville, first vice-president, responded on behalf of the delegates, declaring that the convention had been properly started by his worthy predecessor, and also for selecting his home town, London, as the place of convention. He spoke of the progress made by the organization during the year of the interviews with Premier Borden and Sir James Whitney, and the introduction of a resolution along lines suggested by the board.

Secretary G. F. Morley presented the report of the executive, which showed a good balance in the treasury and an increase in membership during the year. The request for Ontario towns that the board visit the northern country during the summer was left to the incoming executive.

Two Prisoners Died Within Two Days and an Investigation Has Been Ordered.

MONTREAL, Feb. 27.—(Can. Press.)—The fact that two prisoners have died in the Montreal Jail within two days may result in an investigation being made into the manner in which prisoners are treated. Both men died without having received proper medical attention, owing to the fact that Dr. Benoit, the jail physician, was absent from the city.

An inquest was held at the morgue into the death of Adolphe Marchand, who died in the jail Tuesday. Before the inquest was adjourned, the body of John Cutler, who died in the hospital ward of the jail last night, was brought to the morgue.

The autopsy held on the body of Marchand showed that the man had died from typhoid fever.

CEMENT MERGER NOT WORRYING

Policy Is Not Altered by Public Outcry, Says Senator Edwards at Annual Meeting.

MONTREAL, Feb. 27.—(Can. Press.)—The annual meeting of the Canada Cement Company, Limited, took place here today. Senator W. C. Edwards, president, Senator Edwards stated that the past year had been quite a trying one. There were still, he said, a number of newspapers in the country, thinking, no doubt, that they were echoing public opinion, which had not yet ceased decrying the Canada Cement Company. In spite of these attacks the company had gone on in the even tenor of its ways, as the policy he had outlined at the start was their policy still.

It was moved by George W. Sadler, seconded by A. R. Dobie, that the secretary be instructed to cast one ballot for the election of the following board of directors: Hon. W. C. Edwards, Hon. Robert Mackay, Hon. George A. Cox, J. M. Kilbourne, W. H. E. Bravender, C. C. Halliwell, G. E. Drummond, B. W. Kelley, W. R. Warren, F. J. Jones, E. M. Young, Farquhar Robertson, Denis Murphy, William McMaster and H. L. Dobie.

The new election of the directors was moved by Sir Thomas Tait, and seconded by Murray E. Williams. Among those present were Hon. Robert Mackay, Andrew Finn, C. C. Ballantyne and others.

HOUSES DAMAGED BY SMALL FIRES

He Doesn't Like His Voice. Raymond Hitchcock claims that he hates every show that he appears in. He says: "I have to hear my own voice, and I have to hear it so much. The only joy I get out of acting is trying each night to get a little more out of the lines than I got before. Press them, squeeze them, but I try to make them give up a little more every time I speak. It is true that a good laugh in a line is worth a thousand dollars."
