BROCKVILLE, Aug. 28 .- (Special.)-In spite of rain 2000 people attended the Brockville Skating Rink last evening to hear the Conservative leader. Brockville is the constituency of a minister of the crown, but there was no lack of warmth in the reception given Mr. Borden. Cheers started assoon as he entered the rink, and they were frequent all the evening. The rink was decorated with flags and with banners. Every person in the audience carried a Union Jack, and they used them freely to cheer with. Some of the banners struck a new note for the campaign. "Laurier has finished his work," ran one of these, and another, "Laurier's limit, 1911." , Three r.dings were represented at the meeting. Two of them are now Conservative and the third is Liberal, but the Conservatives are sanguine of a solid three after the election. Broockville is represented by the Hon. G. P. Graham. John Webster is goving him "the nght of his life." Leeds has long been represented by the veteran George Taylor Firman; Cross is nominated against him, but there is practically no doubt of the result. Dr. J. D.
