Attention is drawn by the 12th
Regiment York Rangers to the fact
that the new clubroom at regimental
headquarters, 360 Yonge street, will
be formally opened on Friday, June 21,
at 7 p.m. The mayor and board of
control, the York County Council and
many prominent citizens will be pre-
sent. This clubroom will be open at all
times to any member of the 12th
Regiment. The object of the associa-
tion is purely social and fraternal,
and will co-operate with the existing
soldiers' associations in looking after
questions of pensions, pay, or voca-
tional training. The relatives and
friends of any member of the "Yorks,"
home, overseas, or returned, will be
cordially received at the openings.

ADVICE TO TAXPAYERS.
(1) By paying your real property taxes
in full, instead of in three instal-
ments, you secure a reduction of 1 1/2 per
cent. on the total amount of tax.
(2) By paying your taxes now you
avoid the rush on the last day, 14th of
June, and the possibility of entirely
overlooking payment.
(3) If you pay by cheque, the cheque
must be "marked" by your bank, have
the war stamp affixed, and be payable
at par in Toronto order of "City
Treasurer."
(4) If you pay in cash, be sure to
bring the exact amount of change and
thus avoid being detained.
(5) Receipts for taxes sent by mail
will be forwarded as speedily as possible,
if stamped and addressed "return en-
velopes" accompanies remittance.

THREATEN THE PASTOR.
Rev. W. G. Millar of Bond Street
Congregational Church, has received
during the last few days threatening
letters written in Red Triangle note-
paper, apparently by individuals refer-
ring to his alleged opposition to the
opening of a military hospital in
Rosedale. The letters were handed
over to Inspector of Detectives Ken-
nedy.

MORE VENDORS APPOINTED.
Two more Ontario Government
vendors have been appointed.
It was announced at the parliament
buildings yesterday, as follows: J. W.
McGee, for Kingston and district, and
Donald Fraser, for Windsor and dis-
trict. This latter is the only appoint-
ment for Windsor, and was made af-
ter considerable thought had been

lishing a vendor so near the border.

ARRANGE SUPPLY OF STOCK FEED

Millers Meet Officials and
Lay Plans to Secure
Standard.

Select Committee Chosen to

Periodically.

Problems connected with the ques-
tion of supplying an adequate amount
of feed for cattle and hogs to the
farmers of Ontario in the fall and
winter received full discussion and
action at the special feed commit-
tee of the organization of regis-
tered millers, which met at the par-
liament buildings yesterday.

The arrangements being made by
the department of agriculture to se-
cure before the millers, was reported
to the World recently, and the meet-
ing yesterday was in accordance with
the plans announced at that time.
The morning session was devoted
to general discussion, while in the
afternoon a special committee,
appointed by the millers, took up the
various questions in detail.

The formula for the feed was de-
cided upon and with few modifica-
tions the contract most the approval
of the millers. This specifies that the
main constituents have to be con-
stant and a guarantee of feed value
under the contract must be given. The
certain latitude was given the millers
on the understanding that these regu-
lations will be complied with. It
was decided not to purchase in bulk,
as it is first proposed, but to secure
the materials independently. A special
committee was appointed, consisting
of three members of the feed com-
mittee and two millers, who will meet
at the call of the chairman, C. F.
Bulley, assistant secretary.

APPLICANT'S VERSION DIFFERENT FROM COURT

Joe Drevniamy, 182 Dundas street,
said, Russians don't fight. I don't
have to fight," to Justice Ferguson at
one of the Toronto tribunals yester-
day. But the judge thought otherwise
in this man's case.

"Your father's a naturalized Brit-
ish subject. You came out with him
and have lived with him. In your
claim paper you said you're a British
subject. I'm going to send you, and
you can get the Russian Government
to get you off," was Justice Fergu-
son's verdict.

The cases of 40 men seeking exemp-
tion were dealt with during the day.
Seventeen were granted exemption, 15
were refused and eight had their ap-
plications held over.

NEW REGISTRATION HITS HOTELS HARD

Order Requiring United States
Citizens to Register Will
Cause Trouble.

The hotel men are up in arms
against the ruling to the effect that
all visitors from the United States
must register at the postoffice before
they can become roomers in hotels.
Spoken to yesterday, intimated that
they felt the government was very
short-sighted in causing ill-feeling be-
tween the two countries. The strict
examination takes place at the border,
and all Americans are forced to show
their credentials, including their Amer-
ican registration papers and pass-
ports.

"They are really putting an embar-
go on American citizens," said a pro-
minent hotel man. "Surely the pre-
cautions taken by the immigration
authorities ought to be sufficient. If
the ruling is carried into effect strictly,
it will mean that no American citizen
can enter the United States without
being shot to pieces."

George Wright of the Walker Hotel
said that sixty per cent. of his busi-
ness during the months of July and
August was with American tourists,
and he had spent a large sum of money
advertising in American papers for
tourist trade, saying that their official
passports would be sufficient creden-
tials to ensure their safety in Canada.
"What a pity it would mean to a wom-
an arriving on a hotel train being stop-
ped on entering an hotel and being told
that she had to register before she
could be given accommodation," he added.

Mr. Wright further intimated that
he would bear the penalty and go to
jail rather than obey the wisdom of simi-
lance during a late hour. It has been said
that a great deal of inconvenience could be
avoided by making all hotel clerks
deputy registrars in the event of the
government enforcing the ruling.

HOTELS ADVISED TO CUT OUT GAS

Steps Are Being Taken by
the Ontario License
Board.

Steps are being taken by J. D. Flavelle,
chairman of the Ontario License
Board, to bring to the attention of
hotel proprietors the wisdom of elimi-
nating gas from the hotels for lighting
purposes, this action being taken
largely as the result of the death of
two farmers who were in Toronto at
the time of the convention of the
United Farmers thru inhaling flumi-
nating gas in their room.

An inspector now making an in-
vestigation of hotels in Toronto for
the purpose of finding out what hotels
use gas or have both gas and electric
light installed, with a view to having
the gas cut off in all cases. Only in
cases of a duplicate system could such
action be taken this year, but eventu-
ally all hotels may be required to put
in electric light where only gas lights
are now.

"We are going to strive to have all
gas for lighting purposes taken out of
hotels now," Mr. Flavelle said yester-
day.

CAPT. WISHART RETURNING.

vice with the Royal Army Medical
Corps, at the fighting front in the far
east.

INTERPRETERS DINE WITH REGISTRARS

Many Nationalities Repre-
sented at Gathering to
Prepare for Registration.

With a view to getting better ac-
quainted and by so doing be able to
work more in unison with one an-
other, all the deputy registrars and
volunteer interpreters who have of-
fered their services to assist in the
coming general registration were
present at a dinner at the St. Charles
Hotel yesterday evening. As one
speaker never said the fall of
the tower of Babel has there ever been
so many different tongues and na-
tionalities gathered together with one
particular object in view.

The gathering was presided over by
representatives of England, Ire-
land, Scotland, Canada, Italy, France,
Wales, Spain, United States, Greece,
Poland, Bulgaria and others.
J. M. Godfrey, chief registrar for
central Ontario, who presided, said
in his opening address: "I have rea-
son to feel greatly gratified at the
results obtained. Never before has
there been such a gathering of foreign
people. This question of interpreta-
tion at first seemed very troublesome,
and looked as though great difficulties
would have to be overcome. We are
more than proud that we have such
good citizens from other countries,
and we appreciate the work that they
are willing to do for their adopted
country. People who are a registrar
within the stated time will not be
able to say that they could not find
an interpreter."

The speaker went on to thank Alex.
Markovitch, court interpreter, for his
invaluable services in arranging for
and securing interpreters in the 34
different languages.

Machinery All in Order.
Dr. Steele, chairman of the board
of registrars, was very concise in his
remarks. He thanked the interpreters
and was of the opinion that the registra-
tion could be taken with great ease
as easily as if we were in our own
quarters, and that a rough estimate
placed the number of people in Tor-
onto to be registered at 500,000. He
emphasized the importance of the
registration, and that the registration
has been put upon volunteers in securing
the registration returns.

On behalf of the 2000 Chinese in
Toronto, Ing Hoon assured the gath-
ering that the effort of every individ-
ual of his countrymen was behind the
registration movement. "We are
glad to be able to serve the Canadian
flag in this respect." He also spoke
of the alliance with the Japanese to
prevent Germany from entering the
far east.

Representing the Jews, Rabbi Jacob
Gordon gave a short address, and
stated that the movement had his
hearty co-operation. Jerome Theo-
physiot, on behalf of Bulgaria, dwelt
on the representation of his country-
men to the government. But
genuine government to the people. He
stated that he and his countrymen
were disposed to do anything for Can-
ada, and that they were ready to
move at the board that the
local delivery difficulties for coal
in the winter would again have to
be surmounted.

W. Kerr, superintendent of supplies,
reported that Toronto's coal shortage
is likely to be worse next winter than
last, in consequence of a reduced al-
lowance for Canada from the United
States. It was necessary for emer-
gency orders to be issued to care-
take the delivery of coal to the city
without the usual notice. Three cars
of coal had arrived with no schools
ready to receive it. Unless received
very soon, the coal will have to
be closed up next winter.
C. B. Bishop, superintendent of
buildings, spoke of portions of cen-
tral buildings, and of the various
buildings used as temporary coal stor-
age yards.

W. Kerr said the coal might just
as well be a hundred miles away, as
the local delivery difficulties for coal
in the winter would again have to
be surmounted. The superintendents were
requested to "get together" and "get
in the coal."

Improved school buildings are look-
ed for under Hon. Dr. Cody. "We
have a new minister of education who
is a champion of the cause of educa-
tion, and he will take care not only of
education but also of school buildings,"
said Dr. Caroline Brown.

The interpreters will receive a let-
ter on or before Saturday telling them
where they are to be stationed. Eng-
lish registrars will be at each booth
to take down the answers in English,
as they are translated by the various
interpreters. The oath was adminis-
tered to all the interpreters, who
swore that they would truly to the
best of their ability translate the
various answers. The president was
greatly pleased with the result of the
gathering.

OBJECT TO OPERATION
At a meeting of the board of govern-
ors of the Toronto Humane Society,
at which Bishop Sweeney presided, the
following resolution was unanimously
passed: "Resolved, that this society
places itself on record as being en-
tirely opposed to any operation such
as is proposed to be performed on the
gas cut off in all cases. Only in
cases of a duplicate system could such
action be taken this year, but eventu-
ally all hotels may be required to put
in electric light where only gas lights
are now."

COST OF REPAIRING.
"When you start to repair a boiler
you never know where it is all going
to end," said Judge Coworth yester-
day afternoon at the non-jury assizes,
when he reserved judgment in the
case of Armstrong v. Winberg, in
which the plaintiff, a plumbing com-
pany, sued the defendant for the sum
of \$211.54, alleged to be owing on
work done in the basement at 253
West Queen street, the premises of
Major John A. Carlaw, owner of the
third party to the case, and was al-
leged to be responsible, instead of Mr.
Winberg, for the payment of this sum.
Winberg being merely the tenant.
Judgment was reserved.

CASE FOR OLD-TIMERS.
Justice Lennox will on Monday deal
with the case of the Purty Springs
Water Company, whose land the city
appropriated in connection with the
Humber boulevard improvement. The
property in dispute is on the east
bank of the Humber at Bloor street,
and the question at issue is as to
whether or not the property goes to
the present east bank or to the west
side of the stream. During the flood
of 1878 the course of the river was
diverted, and was taken west, flowing
over property originally belonging to
the crown.

GET IN THE COAL, IS BOARD'S SLOGAN

Property Committee of Board
of Education Discusses
Next Winter's Supply.

Toronto already has another coal
shortage crisis.
"Get in the coal" was the slogan
at the property committee of the
board of education meeting yester-
day afternoon.

W. Kerr, superintendent of supplies,
reported that Toronto's coal shortage
is likely to be worse next winter than
last, in consequence of a reduced al-
lowance for Canada from the United
States. It was necessary for emer-
gency orders to be issued to care-
take the delivery of coal to the city
without the usual notice. Three cars
of coal had arrived with no schools
ready to receive it. Unless received
very soon, the coal will have to
be closed up next winter.
C. B. Bishop, superintendent of
buildings, spoke of portions of cen-
tral buildings, and of the various
buildings used as temporary coal stor-
age yards.

W. Kerr said the coal might just
as well be a hundred miles away, as
the local delivery difficulties for coal
in the winter would again have to
be surmounted. The superintendents were
requested to "get together" and "get
in the coal."

Improved school buildings are look-
ed for under Hon. Dr. Cody. "We
have a new minister of education who
is a champion of the cause of educa-
tion, and he will take care not only of
education but also of school buildings,"
said Dr. Caroline Brown.

The interpreters will receive a let-
ter on or before Saturday telling them
where they are to be stationed. Eng-
lish registrars will be at each booth
to take down the answers in English,
as they are translated by the various
interpreters. The oath was adminis-
tered to all the interpreters, who
swore that they would truly to the
best of their ability translate the
various answers. The president was
greatly pleased with the result of the
gathering.

OBJECT TO OPERATION
At a meeting of the board of govern-
ors of the Toronto Humane Society,
at which Bishop Sweeney presided, the
following resolution was unanimously
passed: "Resolved, that this society
places itself on record as being en-
tirely opposed to any operation such
as is proposed to be performed on the
gas cut off in all cases. Only in
cases of a duplicate system could such
action be taken this year, but eventu-
ally all hotels may be required to put
in electric light where only gas lights
are now."
