News and Gossip.

The Buffalo meeting winds up this week and it will go on record as a remarkable affair in many ways, says The New York Sun. With a western syndicate in control and the bookmakers paying a daily fee of \$100 each to the management, the State Racing Commission

Peter Pan, the winner of the Brighton Handirap, took exercise at the Sheeps-head Bay track on Sunday, just as if he had not accomplished one of the greatest turf deeds in many years. He was not stiff or sore in the slightest degree and showed no ill-effects of his great struz-gle. The champion's next start will be in the Brighton Derby. As this race will not be decided intil the last day of the present meeting. Saturday, Aug. 3, he will have a long interval of rest in which to recuperate. The Brighton Derby will bring to the winner \$15,000, a prize will worth strugtling for. Peter Pan and Frank Gill will again clash provided, of course, that the track is dry and fast when the race is called. The former is not at his best in mud, while the latter races well in it. If the going is good the better horse will be decided. The dis-tance of the race is one mile and a half, with will bring out all the speed and endurance that both horses possess. Matthew J. McGrath of the New York A.C. broke the world's record for throw-ing the 16-pound hammer from a seven foot circle on Sunday at Celtic Park, New York, his distance being 175 feet 8 inches. If everything turns out to be correct according to the rules of record making and Sunday feats are allowed, McGrath's throw wipes away the previous world's mark of 172 feet H inches by John J. Flanaran, made on the same ground on July 31, 1904. Matthew J. McGrath of the New York ners at Buffalo. Johnson Meet To-Morrow---About Lacrosse Referees --- General Whenever a devotee of the manly art gets into trouble as do followers of most sorts of athletics, he is sure to receive considerable display in the papers, and conversely should be perform a commend-able feat, as is more frequently the case, he is often overlooked. For instance, Nor-man Lang, amateur champion for many

years, rowed out from his home on Woodbine Beach on Sunday and saved the lives of two boys, named Griffiths and Love, who were upset from their boat a long distance out.

An incompetent referee on the lacrosse field has very often been the means of allowing a game, which with a strict offand the Jockey Club will be asked to grant a license and date respectively next year for another meeting under the same management. As the Jockey Club anowing a game, which with a strict offi-cial working would have been clean, to drift into a slugging match, as a player who has been purposely fouled, and the offence goes unpunished, naturally resorts to the get-even plan, and then the game, has made no move to suppress the finanhas made no move to suppress the man-ciai relations between the bookmakers and the track managers at Buffalo, the impression begins to gain strength that there is a lack of sincerity on the part of somebody. The Jockey Club cut off the to the get-even plan, and then even becomes instead of being one of science, becomes one of main strength, with victory perching on the banner of the team that can do the most dirty work, and nine times out of ten it is the home team your tracks some time ago, yet it winks at the old practice which has been in full blast all thru the Buffalo meeting.

that does that. Too little attention has been given to the selection of referees by those in au-thority. If some of the presidents of the C.L.A. had devoted the same amount of time in looking for good officials that they have in scouring the country for good players for their respective teams, we would now have a better class of offifull blast an tiru the Buhalo meeting. In a word, the gambling element has made it possible to keep the gates of Keniworth Fark open while the owners of the plant have derived a financial benefit. From all accounts the Buffalo

game has been such that it is a wonder that the district attorney and the sheriff of Erie County have not stepped in with official interference. The turf in New York State has been saved from total destruction by the fact that reputable destruction by the professional gamblers, have controlled the racetracks. But it is just the other way at Buffalo. Can the sport stand such a game at Kenilworth Park another year? asks The Sun. game.

Toronto turfmen who have attended at Kenilworth state that the meeting savors considerably of the merry-go-round. Among other things the entry list is wo-fully padded and when the scratching is finished the regulars must start figur-ing all over again. Still nothing seems to appear about these untoward features in the Buffalo paoers.

western champions. Niagara Falls won the Niagara Falls district, Peterboro the Midland district, All Saints the Toronto district, and Mafvern the Central dis-trict. The junior championship will be settled this week. All Saints, winners of the Toronto and Midland districts, will play Milverton, the western cham-pions, at Milverton on Tuesday, and the return game in Toronto on Thursday evening.

Old Bob Fitzsimmons fights to-morrow in Philadelphia six rounds with the negro, Jack Johnson, and it seems a shame. R.
H. Kain of The Philadelphia Record
"According to the promoters, there are a great many sporting men, both here and in New York, who are taking the Jack Johnson-Bob Fitzsimmons bout seri-ously. At first many were inclined to take the affair as a joke. In fact, some followers of the sport felt that it was too raw a match to be even thought of seriously. The idea had grown abroad that fitzsimmons had seen his best days, and that it would be little short of a crime to put him in the ring with so young and vigorous a boxer as the big black fellow, especially when the latter was possessed of so much boxing skill. But the grand old man of the ring did not seem to think that Johnson had any thing on him when the match was pro posed, and he signed the articles without a moment's hesitation."
