

## PLAIN TALK FROM THE DOCTOR.

A prominent physician, famous for his success in the treatment of kidney and bladder troubles, stated that the following prescription is due a great deal of his success:

One ounce fluid extract dandelion.  
One ounce compound salutarin.  
Four ounces compound syrup sarsaparilla.

Mix and take a teaspoonful after meals and at bedtime, drinking plenty of water.

This mixture will, he says, positively cure any diseases arising from weak, clogged and inactive kidneys, and will assist these organs to cleanse the blood of the poisonous waste matter and acids, which, if allowed to remain, cause lumbago, lame back, rheumatism and sciatica, and at the same time will restore the kidneys to healthy normal action. The ingredients, which are purely vegetable and entirely harmless, can be procured from any good druggist and mixed at home at very little cost.

This advice will undoubtedly be much appreciated by many readers.

## SMELTER MAY PRODUCE WHITE METAL AT \$50

Rumor That F. H. Clergue is at the Head of Company to Make Cutlery Material.

SAULT STE. MARIE, Oct. 18.—(Special.)—It is rumored in the Canadian Soo that F. H. Clergue, at the head of the German Company, has secured an option on the Ferro Nickel Smelter of the Lake Superior Corporation, now under course of construction, and if the scheme goes thru will operate the smelter in producing white metal for the manufacture of cutlery.

It is said that the company expects to produce finished cutlery in the Soo. The metal is 80 per cent. copper and 20 per cent. nickel. The first option on the smelter expired Oct. 1, and was renewed until the 15th inst. It cannot yet be learned whether the option was again renewed, dating from that time, as Mr. Clergue left yesterday for Germany.

## PENETRATED WILDERNESS NORTH OF LAKE HURON

Chief Geologist Bell Has Been Making Map of Country That is Little Known.

OTTAWA, Oct. 18.—(Special.)—Dr. Robert Bell, chief geologist of Canada, has returned from a busy summer's work in the wilds north of Lake Huron, where he was completing a map of the country, on which he put in several seasons' work some ten years ago.

"I was just completing a work commenced some years ago," he said, "in finishing a sheet showing the geology of a tract extending 72 miles from Webbwood to Dean, on the coast, and running 48 miles inland. It is a most difficult country to survey, because there are few canoe routes and no roads at all except along the lake shore. My party was necessarily small on account of the difficulty in transporting provisions, and we had no accidents."

"What sort of country did you find?" he was asked.

"Stoney and rocky, except for a few settlements on the lake shore. There is no agricultural land at all."

## EXPLOSIVE MILL MUST GET OUT OF PETROLEA

Town Council Passes a Bylaw Prohibiting Manufacture Within Corporation Limits.

PETROLEA, Oct. 18.—(Special.)—The town council passed a bylaw to-night prohibiting the manufacture of explosives in the town and ordering the one remaining factory to remove its plant from the town. The shock of yesterday's explosion was felt distinctly at Petrolea, forty-two miles distant.

## WOULD RELEASE ENGINEER.

ST. THOMAS, Oct. 18.—(Special.)—A largely signed petition is being circulated here to secure the release of Murray Stephens, the convicted Wabash engineer.

STREET CAR CONDUCTOR INJURED

Mr. H. G. Purchas, Conductor on the Toronto Street Railway, happened with a nasty accident. The trolley pole caught in the wire, and was forced up. Purchas held on to the rope, and his hand was drawn up until it caught the top of the car, and the rope pulling through his fingers to a shocking extent three fingers and lacerated pieces of flesh completely away. Zam-Buk was applied, and eased the pain very quickly. Writing to this effect, Mr. Purchas says:—"I bound the finger in Zam-Buk, and it was most gratifying the way in which it healed. Two days after the wound was closed, and new skin was beginning to form over the top. My hand is now as sound as ever, and to look at it you would never know it had been so terribly torn and lacerated. I do not think there is anything to equal Zam-Buk."

Zam-Buk is a marvel of healing. Absolutely pure, it is nature's balm, and is a first aid in all cases of cuts, burns, bruises, etc. It is a blood purifier, and cures skin diseases, ringworm and sores due to blood poison, boils, eczema, piles, etc. Write Zam-Buk Co., Toronto, for free trial box, sending 10c stamp. All stores and druggists sell at 50 cents a box. (C. E. Bulford Limited.)

**Zam-Buk**

## C.M.N. TAKE RECORD OF DEMAND FOR MECHANICS

Meeting of Executive Held in Toronto—Subject of Technical Education.

The Canadian Manufacturers' Association will take steps to acquire information of the exact demand in the different trades for skilled help.

A meeting of the executive was held yesterday, the new president, Hon. J. D. Rolland of Montreal, being in the chair.

It was reported that the new tariffs to be issued by the railways for the territory in Ontario and the east as a result of the order of the board of railway commissioners, in the international rate case, will become effective on Nov. 15. Mr. Walsh, manager of the transportation department, has just returned from attending the conference of shippers at Washington, where they waited upon the interstate commerce commission in the interests of a uniform bill of lading.

Associations of shippers in the United States have secured the unanimous backing of the American Bankers' Association, with the result that it is confidently expected the interstate commerce commission will recommend the adoption of a simple form of bill of lading, which will be merely a receipt for the goods and an undertaking to deliver them safely at destination.

Technical Education.

The association's interest in the subject of technical education is steadily increasing. The further the matter is studied the more convinced are the members of the association that it is one of the biggest problems before them to-day. It would appear from the answer given by Sir Wilfrid Laurier to the deputation from the Toronto Reform Association, who waited upon him last week, that the desired commission of enquiry cannot be appointed by the Dominion Government unless the proposition has the endorsement of all the provinces. The association is now taking steps to secure the acquiescence of the provincial governments to its request.

Notwithstanding the arduous conditions imposed by the finance department at Ottawa, all the requirements in the matter of the Central Canada Manufacturers' Mutual Fire Insurance Company have been successfully met, a license has been issued and they are now accepting business. B. L. Anderson has been appointed secretary and offices have been opened up in the Traders' Bank Building. The outlook for the company is exceedingly bright.

## Next Meeting in Ottawa.

On the recommendation of the reception and membership committee, the December meeting will be held in Ottawa, to be followed by a dinner in the evening, to which a number of prominent speakers from public life will be invited.

It is the intention of the association to arrange for a series of dinners during the coming winter in the larger towns and cities throughout the country. The annual meeting of the association in 1908 will be held in the City of Montreal.

## AT OSGOOD HALL

## ANNOUNCEMENTS FOR MONDAY.

Chambers.  
Cartwright, master, at 11 a.m.  
Divisional Court.  
Peremptory list for 11 a.m.:  
1. Smith v. Steele.  
2. Stock v. Dowd.  
3. McCoy v. McCoy.  
4. Re Rodd and the Mines Act.  
5. Ruethel v. Thorp.  
6. Re Chasman and Cobalt, etc.  
Toronto Autumn Assizes.  
Peremptory list for Monday at 11 a.m.:  
1. Dominion Bank v. Hogan.  
2. Davis v. Ontario Lumber Co.  
3. Craigie v. MacLure.  
4. Phillips v. Toronto Railway.  
5. Ince v. Toronto Railway.  
6. Lescl v. Toronto Railway.  
Toronto Non-Jury Sittings.  
Peremptory list for Monday at 11 a.m.:  
Gillies v. Temiskaming (two actions).  
Automobile Trouble.  
Addison H. Hoover of Toronto has begun an action against The Dominion Automobile Company, claiming \$5000 damages for conversion by the company of certain parts of an automobile. Mining Claims.  
The Nipissing Mining Company have issued a number of writs against different parties, claiming to recover possession of certain mining locations in the Town of Cobalt.

Buttons and Badges.  
Woolley & Co. of Birmingham, Eng., allege that William Scully of Toronto is indebted to them to the amount of £71, being a balance due on certain quantities of buttons and badges purchased from them.

Loss on Horses.  
George Pepper has issued a writ of summons against the C.P.R. Company for loss sustained by him to certain horses thru the negligence of the company. He fixes the damages at \$2000.

Balance on Goods.  
John H. W. Mackie and Thomas Ferguson are being sued by McWilliam & Everist for \$310.06, being the balance on certain goods sold to them while carrying on business under the name of The Merchants' Produce Company.

Buttons and Badges.  
John Carruthers and Martha Carruthers have begun an action against Dr. W. H. Howitt of 100 Carlton-street, claiming damages for injuries to the plaintiff, Martha Carruthers, from the defendant's negligence.

Work Unpaid For.  
Robert Morrison of Latchford is seeking to recover \$362.25 from the Upper Ontario Steamboat Company of New Liskeard for certain work and labor done. The writ of summons also asks for damages for breach of contract.

Money Remains in Court.  
The estate of Henry Sanders, who died in Norfolk County in 1885, was left to a daughter for life, and after her death to be divided equally among her children. An order for sale of the estate was made in February last, and the money directed to be paid into court. Before Judge Britton an application was made by Joseph Montgomery for payment out of court of the money to the life tenant and to certain mort-

gages. His lordship decided that under the will the money could not be paid out, otherwise than by payment of interest.

## BUSINESS DIFFICULTIES.

The creditors of the Poole Publishing Company met at the office of Osler & Co. yesterday. The statement of affairs drawn up by the assignee showed liabilities of \$6125.74, while the assets, which comprises stock in trade, contract work plant, machinery, office furniture, real estate and book debts, are estimated at \$59.54, showing a deficit of \$227.86.

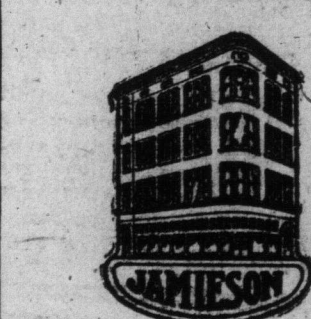

Three inspectors were appointed to assist Mr. Wade, who was instructed to advertise for tenders for the assets and to wind up the estate forthwith.

Sold by all druggists or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (Formerly W. H. Cook).

## JAMIESON'S JAMIESON'S JAMIESON'S JAMIESON'S

## Important Sale of Odd Suits

It will interest his many friends to know that Mr. Jamieson, Jun., is again actively associated with this business, after several years' aggressive experience in the States.

The lessons he learned in the clothing business over there will be turned to good advantage over here, and the impetus of new blood and new ambition will commence at once to wake things up at the old corner.

Inside and out the store will respond to more vigorous management, with better window displays, and a determination to key things up to a livelier pitch.

The business has grown beyond our expectations, and in planning for still bigger things we merely anticipate the metropolis Toronto is getting to be, and the more exacting requirements of its rapidly increasing population.

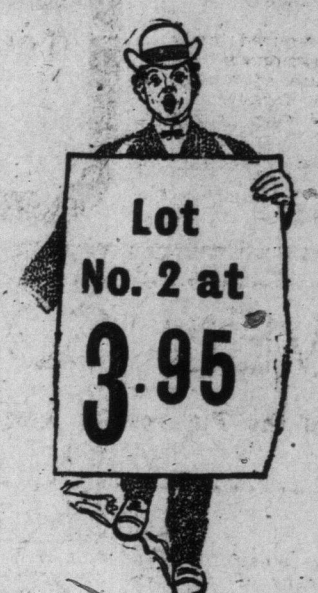

For the rest—watch the papers!

**P. JAMIESON**  
The Clothing Corner,  
Queen and Yonge Streets.

—120 Men's Fall and Winter Suits, made of all wool Scotch Tweeds and Worsted, including all sizes, 34 to 44, but only one or two of each kind. Actual selling prices \$12.00, \$14.00 and \$15.00, reduced for quick clearance to

The creditors of S. S. Atkinson, general merchant, Halleybury, met at the office of Richard Tew yesterday and decided to accept an offer of 40 cents on the dollar. The liabilities are \$20,300, owing principally to eastern firms.

## Cotton Spinners Coming.

A party of one hundred and twenty-five cotton spinners will reach the city about 1 o'clock to-day.

They will be given a drive and will visit some of the more important factories under the guidance of the city council.

In the evening they will be entertained at dinner at McConkey's by the Canadian Manufacturers' Association.

## THREE-CORNERED CONTEST.

Annual Meeting of Conservative Club Monday Night.

The annual elections of the Toronto Liberal-Conservative Club will be held in the Temple Building on Monday night. There are three candidates for the presidency, and a lively contest will be fought out.

A program will be arranged for a series of fortnightly meetings throughout the year.

The Toronto Liberal-Conservative Club was started in 1879 under the name of the Young Men's Conservative Club, fully chartered, with the object of encouraging young men to take part in political discussions, and has been aptly termed the "school of Liberal-Conservatives" got their first experience in public speaking as members of his club. About seven years

ago the original "Young Conservatives" of the club realized that their advancing age made the name of the club inappropriate, so the name was changed to the Toronto Liberal-Conservative Club. The club so far has had no permanent quarters and the need of a clubhouse, where members could entertain their friends, is being realized more and more as the club membership grows. This matter will be thoroughly threshed out at the meeting on Monday night.

## RESIGNATION NOT ACCEPTED

Col. Davidson Will Take Charge of Manoeuvres.

Col. John I. Davidson, the former colonel of the 48th Highlanders, will

probably take command of the Thanksgiving Day manoeuvres.

His resignation has not yet been accepted.

## Montreal Service.

Experienced travellers know that the Grand Trunk double-tracked line, with its smooth roadbed, enables them to sleep as well as in their home, and that they are fresh and ready for the day trips, leaving Toronto at 9.00 a.m., reaching Montreal at 6.00 p.m., as the scenery will compare favorably with any similar distance in America. Cafe parlor car (meals a la carte), and Pullman as well as beautiful coaches on this train.

## Be Sure

Hard colds, hard coughs, severe bronchitis, weak throats, weak lungs. We wish you would ask your doctor if he knows of anything better for these troubles than Ayer's Cherry Pectoral. We believe it is the best medicine you could possibly take. But ask your doctor, and thus be sure to make no mistake. J. C. Ayer & Co., Lowell, Mass.
