Filipos Attack the Kansas Outposts-Americans Make No Reply.

Orders to Capture and Hold Aguinaldo -Heavy Reinforcement of the U. S. Navy Proposed.

Manila, Feb. 9.-11 a.m.-The Fillpinos at Caloocan opened fire last evening, just before midnight, upon the Kansas outposts on the extreme left of the American line. They maintained a fusillade of musketry, supplemented by an occasional shot from two big guns, for about 20 minutes. The enemy fired at long range, and nebody was hurt. The Americans did not reply. All was quiet along the rest of the line.

The repatriation of the Spanish troops in the Philippines is now being prosecuted with energy. Gen. Otis has notified the department that he had in Manila recently 5,600 prisoners to return to Spain. Of these, 2,000 have already been shipped, and of the remaining 8,600 he proposes to ship 120 officers and 1,800 men on two of the Spanish transportation company's steamers now at Manila.

ALL QUIET AT MANILA.

Manila, Feb. 9.—The provost guard is absolute control of Manila. All fears of a native uprising in the city were dispelled by the promptitude which quelled the outbreak on Monday evening. The Filipinos, accustomed to Spenish methods, are constantly inquiring of the American soldiers when the prisonnot already been issued for the execution. Indeed, headquarters are besieged by women anxious to plead for the lives of their relatives and friends. All is quiet at Cavite.

SAN ROQUE EVACUATED AND BURNED.

Washington, Feb. 9 .- The navy department today received the following dispatch: Manila, Feb. 8.-After continued interference and intimidation of our workmen, I ordered armed insurgents to leave San Roque by this morning. They left during the night, a few remaining, who burned the village this morning. It is now occupied by our troops. All quiet. (Signed.) DEWEY. San Roque is a village on the neck necting Cavite and the mainland of Luzon.

But Escaped in Safety from a Blazing Factory.

An Engineer and a Fireman Lose Their Lives.

New York, Feb. 9.-A fire which threatened to destroy the big factory of Walter & Bell, at 1 and 3 Front street, a five-story brick building, soon spread to No. 5 and then to 68 Morre street, the rear of which was close to the Front street buildings rear. When the flames were first discovered a large number of girls, who were employed in the big tactory, rushed down stairways in a panic, shricking for help. A fireman who happened to be passing and several citizens succeeded in calming them, and at the same time getting them out to the street safely.

Three of the girls employed in the factory ran out by the rear of the building as they saw their danger instead of following their companions. They were caught in the alley which separates the building from Peterhart's Hotel at 58 Whitehall street. An employe of the hotel saw the smoke from the fire and rushed to the back to investigate. He saw the three girls in the alley crouching in terror. One had fainted. He seized them one by one and lifted them into the hotel through the window. They were not injured.

For over an hour there was doubt as to whether any lives had been lost or not. No. 5 Front street, occupied by Aurguinbau & Ramee, dealers in foreign fruit, burned rapidly, and no one again, and to have captured two French knew whether or not it had any occupants at the outbreak of the fire.

At half past 9 o'clock it TWINKLER, TINKLER, TATTLER. was believed that no lives had been It was then learned that there had been 150 girls in the big factory, but that all had escaped in safety. FIREMAN KILLED.

Bernard C. Blair, a fireman on the fireboat Robert A. Van Wyck, was at work on the third story of the storage warehouses at 2 and 3 South street soon after the fire began. The smoke was so thick that he was overcome. Fireman Summerhar went up a ladder to help Blair down, when he found him lying on the floor, and carried him to a window. Blair partially recovered, and tried to help himself down the ladder. The rungs of the ladder were coated with ice, and Blair slipped. Summerhar could not possibly save him, and Blair landed on his head on the street. His skull was fractured. OTHERS HURT.

Other firemen were cut by fragments of glass and portions of the iron shutters, which were broken from the win-

dows of the, adjoining storehouses. In the rear of the bagging factory were rows of small, old buildings filled with hay, grain, feed, cotton, jute and bag-ging. All were ablaze in an instant, it seemed, and the flames gathered headway as they leaped to the larger structures in the block.

Peter Hartman's hotel at 58 Whitehall street was quickly ablaze. The flames attacked the building from the rear and ate through the entire

Next the blaze attacked the roof of the Eastern Hotel, Whitehall and South streets, and licked its way downward with great rapidity. The lodgers were of the working classes, and few were in the hotel at the time.

The Whitehall Hotel was soon emptied, and without panic. But it was cleared of guests before it was included in the sweep of the flames, which seemed to proceed from every portion of the building simultaneously. The total loss is variously estimated at from \$600,000 to \$1,000,000.

ANOTHER FATAL BLAZE. Saratoga, N. Y., Feb. 9.—The Dela-ware and Hudson depot, Sweeney's hotel, the Saratoga Baggage Company's annex, and Schaeffer's cafe, were burned today. Jas. V. Snyder, an engineman ,employed by the Delaware and Hudson Railway, was burned to death.

The loss is \$60,000.

Questions Gravely Affecting the Church of England" Discussed.

Abdul Is Ill and Constantly Fears Assassination-"Seeing Things."

London, Feb. 9.-The Archbishop of Canterbury presided over a convocation of the church yesterday, the object of which was to consider "questions gravely affecting the Church of England." The archbishop said that the archbishops of England had decided in all cases touching the ritual to ers are to be executed. They seem to be unable to realize that orders have concerned concerned.

The archbishop requested clergymen concerned in such cases to make their statements, and not to resort to the law courts until every peaceable means of settlement had been exhausted. Yet he did not pledge himself that there would be no prosecutions.

This announcement is a strong censure of the ritualist bishops who have hitherto applied their initial veto to complains made by laymen against clergymen favoring the mass and con-

FATAL BOXING BOUT.

Cape Town, Feb. 9.-A boxing match with fatal results took place here on Monday night. The principals were Pte. Butler, of the King's Royal Rifles, and a native known as "Kaffir George," lightweights. The Kaffir was outclassed, and suffered terrific punishment throughout the entire bout. In the sixth round he fought gamely, struggling to his feet after receiving several knock-down blows, only to be floored again. Finally, before the round was finished, the Kaffir, after being knocked down, crawled under the ropes, and Butler was declared the winner, amid the wildest excitement, and carried away on the shoulders of

his friends. Meanwhile the Kaffir lay senseless, and the doctors were unable to revive him. He was taken to the hospital, where he died 26 hours later without The police regaining consciousness. terfered with. It is expected that arrests will be made.

LIFE SAVED.-Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians. A neighbor advised me to try Dr. Thomas' Eclectric Oil, stating that his wife had used it for a threat trouble with the best results. Acting on this advice I procured the medicine, and less than half a bottle cured me; I certainly believe it saved my life. was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me good.

Jubilee Hockey Players Defeat the Collegiates in a Close Game.

HOCKEY

A ROUGH GAME. The Jubilee and Collegiate hockey teams, leaders of the City League, played one of the fastest and roughest games of the series at the Jubilee Rink last night. The Collegiate Institute played all around the Jubilees in the first half, and put up some great combination play. After seven minutes' play the Collegiate boys scored the first soal. The Jubilees followed in short order, tieing the score on a clever shot by Reed. The Collegiatee then scored three goals in succession, and Stinson were present, but the fight was not in- followed with a goal for the Jubilees. leaving the score 4 to 2 in favor of the Collegiate boys at half-time.

In the second half the Jubilees started a fierce attack on the Collegiate defense, and rushed the rubber through in quick order. They would never have been taken for the same team that played the first half, rushing matters and scoring rapidly. The scoring was made on clever drive shots. As the time ply limit was drawing to a close the game stood 7 to 7, but just one minute before the whistle sounded the Jubilees put the rubber through the Collegiate defense, leaving the Jubilees the victors by a score of 8 to 7. Mr. Will Hobbs

OFF-SIDES. Peel was laid out and had his face badly cut.

Two disputes took place. In one of them the Jubilees disputed a goal shot in the second half. The crowd jumped on the ice and surrounded the referee, but no trouble followed. The Jubilees pulled the game out in

great shape in the second half. A feature of the game was the heavy body checking and tripping. The Collegiate boys play a great combination. Hobbs and Winser put up a star
