Market Leader Continues to Make New High Level-Professional World Man Goes In From Wako and Sets Up Camp Near Conture Lake.

CONTURE LAKE (Sturgeon Lake weaker to-day, but the declines were in general too small to call for special comment. Public buying orders were scarce and much of the trading District), June 20 .- (Special Correspondence.)-We left Fort William on Friday morning on the G.T.P. for Wako. The trip out was very fine and owing to the kindness of Mr. Hill, the G.T.P. paymaster, who allowed me to use the back of his car, I was able to make some nne views. The G.T.P. parallels the C.P.R and C.N.R. for about twentyfive or thirty miles, showing some very fine views of the three great transcontinental roads, especially at Dona on the G.T.P., where the Kaministiquia River flows in signt of the three roads for about ten miles, giving glimpses of the three tracks and its own maginificent scenery. The G.T.P., for a new road, is a wonder and to judge from the way the inhabitants along the route rush to their doors and gaze. the route rush to their doors and gaze after the semi-weekly train, it has not yet lost its charm of newness in their eyes. We arrived at Wako about eight o'clock in the evening and were directed to a very good hotel. The 13% rates are similar to those at Elk City 11% and other new camps.

Saturday morning saw a downpour of rain, so bad that the gasoline line did not leave until late in the morn-ing. We were, however; lucky enough my material change. Nova Scotla was firmer than of late and sold up a point during the day.

La Rose was again the strongest issue on the exchange, much of the stock changing hands at steady prices. In New York the shares sold up to 48,8, the highest price yet reached for this issue.
