

ALL IS READY FOR COMING CAMPAIGN

Organization Complete for Canvass for Funds on Behalf of British Red Cross.

STRONG COMMITTEES

Busy Men and Women Will Devote Energies to Assist in Work.

When men and women cooperate with the unanimity with which those who are to be the prime movers in the coming campaign for the British Red Cross are centralizing all efforts to make it a success, assurance is given that the objective aimed at will be secured.

Times and effort were never more at a premium than at this moment, yet among the lists of those on the various committees of the campaign are names of some of the men and women who represent the busiest portion of the population. It is always the busy people who have time for an additional call, and the appeal is one to which patriotic instinct everywhere must respond. The final organization is now completed, and it remains for the public to give a corresponding heartiness of response.

School Collections. Yesterday a deputation, consisting of Col. Noel Marshall, Col. W. S. Dinko and H. H. Williams, waited on the management committee of the board of education with a request that the women on the committee be permitted to take up a collection at all the schools on October 18, in the interests of the British Red Cross campaign. The request was granted unanimously.

LEFT SHELL STAMP IN ILLEGAL PLACE

Munition Inspectors in Court Because They Did Not Adhere Strictly to Rules.

Charles E. Pointon and James A. Curry appeared in the sessions yesterday morning before the court charged with leaving exposed a government shell stamp for the purpose of enabling J. A. Curry to use the same illegally to shells contrary to the criminal code, and the latter, without lawful authority, applying such stamp on shells to be used for naval or military purposes contrary to the criminal code. Pointon was an inspector in the employ of the imperial munitions board, and Curry was employed as an inspector by the John Heppburn Company on Van Horne street.

In his defence, Pointon admitted that he did not report for duty on Sunday night, May 13, and said he had been told not to lose the stamp or leave it around, as it would be necessary to send away for another. He also stated that he was told by his chief that the stamp was not to be used when he was sick, and claimed that he lost the stamp when he struck a hot shell and could not find it later. Curry explained that he had found the stamp among his tools and used it just to help Pointon with his work. In answer to the question put by the crown attorney, he said he did not know it was a government stamp. Curry was ordered into custody despite the protests of the accused's counsel against the crown attorney, who, he said, had no right to lose his temper. The case is proceeding.

SCHOOL CADETS ARE MAKING PROGRESS

Over Eight Hundred Enrolled With High and More Than 3000 With Public Schools.

Col. McCrimmon's report upon the cadet corps of Toronto high schools was submitted to the management committee yesterday, with the following remarks from the principal of high schools regarding his department: "As will be seen from the summary, the work done by the cadet instructor is that of a high class, and the various corps passed a very creditable examination. Absence from parade was chiefly by enlistment for farm work or for military service. A few were absent without leave. This could be avoided if cadet work in the high schools was made compulsory."

The total number of cadets enrolled in the high schools was 859; number on parade, 473. In the public schools the total number enrolled was 3235, and numbers present on parade 2293, 97 being absent with leave and 23 without leave. It was reported that the general efficiency of the public schools corps shows improvement every year.

ROSEDALE DEPUTATION. A deputation of residents from North Rosedale waited upon the board to appeal for a school to be opened in that district, the contention being that North Rosedale School and St. Clair Avenue School are too far for the children to attend in winter. A building upon the Rosedale acreage grounds was suggested as suitable for a temporary school. The matter was referred to Mr. Bishop and the chief inspector.

In his report upon this matter the chief inspector reported that in the northern part of the city there were 88 children of the age of five and six years and 88 others of seven, eight and nine years of age, and further information was being obtained as to the number of these children attending Rosedale School.

Mrs. Miller and Mrs. George Dickson of the Women's Musical Club, asked permission of the board that a free concert might be given by Miss Isolda Menges in Massey Hall next March, to the children of Toronto public schools, and the stipulation that all arrangements regarding the planning of the concert be left entirely to the women's club.

"You want in fact, to run the whole shooting match," remarked Chairman Hopkins to Mrs. Dickson. The Women's Musical Club is now in the hands of Mrs. Miller and Mrs. George Dickson.

VIADUCT COMPLETED BY NOVEMBER FIRST

(Continued from Page 1). The work will most likely be handed over to the city by November 1. Mr. Black would not express himself as to whether or not the city will acquire the work on that date, as it is possible that they will not assume the responsibility until the contract time, December 24. He also stated that whether they accept or not it will make no difference to the claiming of the bonus. The bonus is \$25 a day.

All the appropriation for the Bloor street viaduct will be required according to a report of progress from the commission, R. C. Harris, to the mayor. The commissioner reports that he has left \$539,000 with which to complete the project.

The report is as follows: Bloor street section—Approximately 30,000 cubic yards of earth is still required to complete the fill. After this has become consolidated the tracks, overhead construction, roadway, sidewalk, drainage, and lighting will still have to be completed.

Rosedale section—The contract for the Rosedale bridge is completed, the tracks laid, and paving partially done. Temporary macadam approaches have been constructed connecting the bridge with Castle Frank road and the intersection of Parliament and Howard streets. This bridge can be used for traffic in a short time.

No work has yet been done on the portion of the roadway between the approach to Castle Frank road and the west end of the Don bridge. To complete this section, grading, paving, track-laying, and overhead construction is necessary. This work, it is expected, will be completed next year.

Don section—The contract for the bridge is now nearing completion, after which tracks, overhead construction, paving, drainage, and lighting will have to be installed to finish the bridge. From the east abutment of the bridge to Broadview avenue no work has yet been done. Recommendation for a local improvement pavement has passed the necessary stages, and sidewalk for the north side is ready to advertise for. Track allowance work will be carried out in conjunction with the work on the bridge to the west. This work, it is expected, will be completed next year.

Financial statement—The amount of the appropriation, less debenture discount, is \$2,215,000; the amount already spent is \$1,675,600, leaving a balance of \$539,400 available for the work yet to be done. It is expected that the whole of this amount will be required to finance both the construction work and the purchase of the necessary land and land damages.

HOLY ROSARY CHURCH HAS SILVER JUBILEE

St. Clair Avenue Congregation Celebrates This Week Its Twenty-fifth Anniversary.

The silver jubilee of Holy Rosary Church, St. Clair avenue, is being celebrated this week. This church was first opened Oct. 4, 1892, and the celebration falls within the octave of the feast of the Holy Rosary. A special jubilee mass was held last Thursday.

Two of the officiating priests on this occasion, Rev. J. P. Player, C.S.E., and Rev. P. M. Christian, have been connected with the church for twenty-five years.

Father Player was one of the first of seven novices of the Basilian novitiate, which was at first attached to the church, and Father Christian was a member of the same.

In those days Holy Rosary Church served the districts of Fairbank, Wychwood and Faircourt, and Upper Canada College was about the only other building in the district.

POWER INVESTIGATION OPENS

Justices Will Begin Inquiry Into Amount Used by Electric Development Company.

An investigation into the amount of electrical power developed by the Electrical Development Company at Niagara Falls, and the amount of water utilized will be opened at the parliament buildings this morning by Justices Meredith, Sutherland and Kelly. It is claimed that this company had used more water than was granted it by law and had exceeded its power appropriation by 20,000 horsepower. The three judges will conduct the investigation under authority granted by a recent order-in-council of the provincial government.

AWFUL ATROCITIES COMMITTED AT HAECHT.

He had helped his widowed mother with the harvest for two weeks past. But late one afternoon not waiting even for supper, he left Thieft, bidding his mother keep within doors until he had returned for her. News had come that the Prussian army coats, driven back from Malines, were killing every man, woman and child in the path of their retreat, leaving nothing but death behind.

So he hastened west to Haecht, to his wife and family there. When he reached Hoteleer, through which he had hoped to pass, he found that village in flames and an ominous silence into which he dared not break brooded there. He made a detour north, and it was midnight ere, full of forebodings, he crept up toward Haecht. Here, too, flames rose up from a dozen burning houses, but it seemed to him that his own home lay untouched. He rushed toward a little vine-covered cottage at the further end of the village. As he passed down the street he came upon the dead bodies of ten civilians lying in a row. A dozen paces farther lay a child of three, its stomach cut open by a bayonet. Nearby the dreadfully mutilated body of a woman of thirty years.

Against the door of his cottage, from which he shrank, unable to believe such a horror, his youngest child, three years old, was tailed by its hands and feet. His wife lay dead in the garden; his eldest daughter, shot through the forehead, lay by the gate and by her side two other children, layoneted.

Such was the fate of Haecht, and the atrocities described above have gone into history, proved by unimpeachable evidence.

The memory of such atrocities, murder, mutilation and outrage, of brothers, wives and sisters, is not the least part of the dreadful yoke of Edgism. But the most formidable and urgent danger with which they are faced is starvation. For two years the people have been on the verge of famine, and today the crisis is reached, for unless supplies are sent in larger quantities many must perish. Send your contribution to the Belgian relief fund, 290 Garry street, a receipt for which will be sent you by the joint treasurers, R. T. Riley and A. Gouze.

UNION CONGREGATIONS WORK HARMONIOUSLY

Northern Presbytery of Synod Reports Favorably on Its Working Out in Western Districts.

At the morning session of the synod of the Presbyterian church held at St. James' Square Church yesterday the report upon home missions was given by Rev. William Donald, of Sudbury, supported by H. J. Pritchard, of Saul Ste. Marie, and Rev. Frank Rae of Uxbridge.

Mr. Pritchard spoke of the work of co-operation in the northern presbytery of the synod, and stated that his co-operation between the Presbyterian and Methodist churches 20 missions had been saved and an expenditure of \$10,881 to the church in this behalf.

The union congregations were working admirably, and the future saving to the church in this connection would be even greater, he anticipated.

Mr. Rae spoke upon the problems facing the rural constituencies and congregations thru depletion of population in country districts and young men and women entering other spheres. One of the efforts being made to meet such conditions was to secure wider co-operation rather than individual effort, and in interesting religious and educational effort upon this behalf.

Dr. Thurlow Frazer spoke upon the attitude of officers at the front to religion and the efforts of some of the leading officers to care for the religious life of the men.

The synod spent a devotional half-hour at the close of the meeting, and at the moment of opening the moderator announced that a cable message had been received from Rev. A. L. Geggie stating that his son had been killed in action. He asked all present to remember Mr. Geggie and family in the prayers which followed, and a resolution was prepared by the moderator, instructed by the synod, to convey the sympathy of the assembly to the bereaved family.

J. K. Macdonald, chairman of the aged and infirm ministers association, spoke upon the needs of this department.

Mr. Joseph Henderson also spoke upon the widows and orphans fund, of which he is chairman.
