

5th Month

MAY, 1853.

hath 31 days.

MANY by drinking health to others, leave none to themselves. Drunkenness is a flattering evil, a sweet poison, a delightful sin, which whoso hath in himself, hath not himself; and he that useth it, is not himself in the concrete, but sinfulness itself in the abstract; being a voluntary devil, the common shame of nature, and the prodigious disgrace of mankind.—*Old Tract.*

I wish the ministers of religion would take up the subject of Total Abstinence, because *domestic and social peace, humanity, morality, and religion, are concerned in the question.*—*Dr. Marsh, of Leamington.*
