

Germans Fail in Attacks on Somme

London, Oct. 26, 4:17 p.m.—The subject of Roumania was brought up again in the house of commons today, when Premier Asquith said that "the military situation of Roumania was engaging the most anxious attention, not only of this government, but of those of our allies."

"They have taken and are taking now," he added, "every possible step to support our gallant comrades in Roumania in the splendid struggle they are making. I hope we shall not take unduly pessimistic views. In Russia, France, England and Italy there have been and there are concerted measures in which each of us is doing all in his power to support Roumania in her struggle for independence."

Turks in It, Too.

Constantinople, Oct. 25, via London, Oct. 26.—Turkish troops last Sunday night surprised the British camp near Sheikh Saad, on the Tigris river below Kut-el-Amara, and penetrated the British trenches, according to the official statement issued today by the Turkish war office. After capturing a quantity of arms and supplies, the statement adds, the Turks returned to their own positions. The text reads:

"Tigris front: We carried out a surprise attack Sunday evening against the British encampment in the neighborhood of Sheikh Saad, during which our troops penetrated the enemy trenches and returned victorious after capturing a quantity of arms and ammunition."

"Dohrudja: Our troops with those of our allies continued their pursuit today of the defeated enemy, and entered Tchernavoda."

Two Reports of Constanza's Fall.

Sofia, Oct. 25, via London, Oct. 26.—A large quantity of supplies was captured by the forces of Field Marshal Von Mackensen at Constanza, the war office announced today.

"In Dobrudja," the statement says, "the (Turkish) allies are pursuing the enemy. On Tuesday evening they reached the line of Tschuul, west of the village of Ester-Dorabantu, Tortoman, Koksuleni. On Wednesday morning the first infantry division captured Tchernavoda. The pursuit continues."

"The body captured at Constanza is considerable. It consists of 800 trucks, several locomotives and other railway equipment, many oil tanks, most of which were full, sheds and storehouses, likewise full, and 70 Turkish vessels interned by the Roumanians."

"Along the Danube calm prevails."

Sailors Destroyed Supplies.

London, Oct. 26, 6:18 p.m.—Everything in the port of Constanza that would have been useful to Field Marshal Von Mackensen's forces was destroyed by Russian sailors before the port was evacuated, says a Reuter despatch from Petrograd today.

"Among the tenements that lay within my jurisdiction when I first took up mission work on the East side," says a New York young woman, "was one to clean out which would have called for the best efforts of the restorator of the Argonne stables."

"On one occasion I felt distinctly encouraged, however, since I observed that the face of one youngster was actually clean."

"William," said I, "your face is fairly clean, but how did you get such dirty hands?"

"William," my face, said William.

Squeezing The Loaf

The soaring price of wheat has decreased the size of the loaf or increased the price. Either means increased cost of living.

The makers of

Grape-Nuts

have neither advanced the price, decreased the size of package, nor lessened the quality of this splendid wheat and barley food.

It contains the full nutriment of these sturdy grains, including their invaluable mineral elements, so vital for maintenance of strong bodies, steady nerves and capable brains.

Quickly digested, appetizing—a household word for nearly a score of years—Grape-Nuts easily stands at the head of all prepared cereals for delicious flavor, concentrated nourishment and economy.

Every table should have its daily ration of Grape-Nuts

A Money-Saving Bottle

A Bottle of Bovril in the kitchen will cut down the butcher's bills. It enormously increases the nourishing value of food—in fact, its body-building powers have been proved ten to twenty times the amount taken. It must be Bovril.

A tube of easy shaves

A 25 cent tube of Mennen's will insure your face for months against the annoyance of the old laborious shave.

It stands for economy and efficiency in shaving. Reduces the time of the shave fifty per cent, and the trouble seventy-five per cent, compared with other shaving soaps.

Its rich abundant lather softens the beard, and keeps the skin cool and refreshed.
