PLAN CONCERTED PATRIOTIC WORK

Feature of Municipalities Convention This Year—Interesting Programme Has Been Prepared

Much interest has been aroused through the province in the annual convention of the Union of New Brunswick Municipalities which will take place this year in Fredericton on August 25 and 26. An important feature in the conference this year will be a consideration of the part of the municipality in patriotic endeavor. A special effort is being made to have the best of the delegations, the desire being to establish a definite plan for the vigorous prosecution of patriotic action.
The arrangements are in the hands of J. King Kelly, K.C., Gen. M. McClelland, president and secretary respectively, of an executive committee, assisted by an active committee from the York municipal council and the Fredericton city council. They expect to have an attractive and profitable programme. Mr. Kelly said today that in view of the important matters to be considered there should be a large attendance. Rates under the standard certificate plan will prevail on the C.P.R. and I. C. R.
Prominent public men will be heard before the convention, including Premier Clark, Attorney General Baxter, Hon. John Morley. The delegates will be welcomed to Fredericton by Warden Harry Smith and Mayor Moses Mitchell. A. M. Belding has accepted an invitation to read a paper on "The Municipality and Welfare Work" while Principal Sexton of the Nova Scotia Technical College, will address the meeting on "The New Demands of Industry on Education." The discussion on this matter will be led by President J. D. Palmer of the Fredericton board of trade, who is also the president of the Hart Boot and Shoe Co. Ltd. Papers on other subjects of public concern will be read by Commissioner McLellan, Fred. St. J. Bliss, J. B. Daggett, Dr. Melvin, Dr. B. M. Mullin, G. G. Murdoch, C. E. John L. Feeney, C. E.; Dr. W. S. Carter, Ald. W. F. Higgins, St. Stephen and others. The complete programme will be announced next week.

NEED MONEY FOR PATRIOTIC FUND

Expenditure Much Greater Than Receipts—Sir H. B. Ames Will Address Public Meeting Here on Friday

The Patriotic Fund is running behind all over Canada, and special efforts must be made to keep the receipts up to the expenditure. In June \$126,147 more was paid out than was taken in, and in July the excess was \$116,000. In this province last month some \$10,000 was paid out and only \$6,000 taken in. This province has drawn altogether \$75,000 from the fund and paid in \$75,000—a deficiency of \$5,000.
The executive of the local Patriotic Fund will meet in the board of trade rooms on Wednesday afternoon at three o'clock.
Sir Herbert Ames will arrive in the city on Friday, and will meet the local executive, the city representatives and the Patriotic Fund committee at four o'clock. At eight o'clock he will address a public meeting, probably in the high school assembly hall, on the fund and new plans for increasing it.
Lieut. Gov. Wood will arrive in the city tomorrow and attend these meetings.

ISLAND CROPS AND LIVE STOCK

Cold and Wet Weather Has Caused Heavy Losses—Hatches Plentiful But Cattle Scarce—Egg Production Increasing

(Special to Times)
Charlottetown, Aug. 16.—The crop report and live stock bulletin issued under date of August 10 by the provincial department of agriculture gives the following facts:
The hay crop is about the average. It is now about half in. Weather has been very favorable for saving it.
Wheat promises to be above the average. Oats will be considerably below the average, being damaged by excessive rainfall.
Barley will be heavy on high lands, but was drowned out in low lands. Peas will be an average crop.
The corn crop will be poor owing to cold weather.
Potatoes will be about an average crop.
The root crop will be considerably above the average.
Apples will be about half a crop; plums even less, cherries almost a failure. Late frosts and cold rainy weather are responsible.
Strawberries were below the average. Gooseberries will be likewise. Raspberries are plentiful and of excellent quality.
Live Stock
Horses are plentiful, but the demand is limited. Prices are lower than last year, ranging from \$15 to \$200.
The demand for good milk cows exceeds the supply. Prices have advanced. There is an increased demand for beef cattle. Pure bred short-horns are high, prices being from \$100 to \$150. Young cattle are scarce at during the last year many calves were killed for fox meat.
The wool number of sheep are being kept. Wool and lambs are very high in price.
There is a decrease of 4 per cent. in number of pigs, but quality is better.
Poultry
Almost every district reports an increase in hens, but a falling off in geese and turkeys.
Egg production is on the increase. Since April 20 the Co-Operative Egg and Poultry Association handled at its marketing station in Charlottetown 625,000 dozen.
The milk supply at the factories is about equal to that of last year.

CAPTAIN H. H. SMITH BACK ON FURLOUGH

Former St. Man. Wounded at Langemark Given Three Months Leave of Absence—Now in Montreal

Montreal, Aug. 16.—Capt. H. H. Smith, of the Grenadier Guards, formerly of St. John and Halifax, who went to the front as quartermaster of the 1st battalion, and was wounded at Langemark, has been granted three months' leave of absence. He returned to Canada on the Hesperian yesterday, and while in Montreal will be the guest of Mrs. Charles B. Pihlido.
Capt. Smith, Halifax and Truro. He will remain in each place one day, lecturing to two audiences a day, first to Bible students and then to a public gathering.
The chief interest is centered around his public lecture which is concerned with the great European conflict. He assures that the present war will be followed by another, even greater, due largely to the poverty and distress arising from present hostilities. This latter war, he prophesies, will prepare the world for and will usher in the regime of "peace on earth and good will among men." He deals with his prophesies in his lecture and weaves into it Biblical evidence to support his theories.
Pastor Russell claims to have foretold the present war twenty-five years ago. His publications, then, he says, will appear strikingly accurate in that events have developed much in the manner he prophesied. He has much confidence in his present auguries as when he first wrote about the present war a quarter of a century ago.
Pastor Russell told the Times that, after lecturing in the four maritime cities, he will return to the United States. He was sorry that arrangements had not been made for a lecture in St. John.
