Mayor Potts remarked after Mr. Willis and Mr. Mesereau had retired that he thought the law was a bad one and in restraint of trade...

FAIR WELL OPENED

St. Mary's Band Provides Good Attractions at East End Grounds.

Under the auspices of St. Mary's Band, a fair with a great variety of attractions was opened on the East End grounds on Saturday evening.

The fair is to be continued throughout the evenings of this week, and its opening night was a splendid beginning.

"What," asked the reporter, "did you have for breakfast?" "I can't eat," said Hiram. "When I think of John what I want is no appetite at all."

"Why worry about what may never happen?" queried the reporter. "Ain't everybody doin' it?" said Hiram. "I'll quit if the rest will."

"What's wrong with you today? Can't you cheer up?" "If we do get a crop," said Hiram, "we won't get no price for it in the fall."

"Why worry about what may never happen?" queried the reporter. "Ain't everybody doin' it?" said Hiram. "I'll quit if the rest will."

Traffic Buttons Replace Silent Policemen as Traffic Guides

The latest thing of interest in Saint John is traffic buttons. What is a traffic button? you ask. It is a cast-iron convex plate about three feet in diameter and possibly four inches high at its mounting rests on the grounds at the traffic corners where the upstanding silent policemen used to hold dumb sway.

So hereafter motorists and other drivers must be wary to notice these buttons. They are red for daylight and painted with a luminous white circle for night-time. It is true they are not as conspicuous as the old-fashioned silent policemen, but the public

would doubtless agree, an official said today, they were not so unsightly or parochial with their blinking lantern attachment. Furthermore they could not be knocked down.

Traffic buttons are being installed in many cities. The idea is western, originating in Seattle and Los Angeles. It is claimed they require no attention whatever and become as permanent a utility as the pavement itself.

So, after today, motorists and others will have to keep their eyes open for the new traffic regulator. In order to keep out of the clutches of the Brass Buttons it will be necessary to follow the directions of the Red Buttons.

"The fields," said the reporter, "are simply glorious in their beauty."

CADETS IN PARADE

Attend Services in St. Andrew's and St. John The Baptist Churches.

The Saint John cadets paraded to St. Andrew's and Saint John The Baptist churches yesterday. In St. Andrew's Rev. J. Sutherland Bonnell, chaplain of the cadets preached a bright sermon, that appealed greatly to the boys. Although only 115 of the 600 boys belonging attended the parade, they made a fine showing and Captain D. V. Palin spoke with pleasure of the success of the event.

The boys for Saint John The Baptist Church left the armories at 9:45 o'clock and listened to a fine sermon from Rev. Arthur W. Kinella. The other boys left the armories at 10:30 o'clock and were headed by the Saint John Fusillers Band. After they returned to the armories to disband, the boys met informally and extended thanks to Bonnell and Perkins, for his help in making the parade such a success.

The cadets are to have their annual inspections of officers and non-commissioned officers on Tuesday evening at 7 o'clock. This will be the preliminary for the awarding of the Mooney and Magee cups.

On Saturday morning there was a fine exhibition of shooting at the city ranges, with several boys participating for the first time with excellent results. Captain Palin was eager about getting as many cadets as possible to their camp this season. The last night for regular training will be Tuesday at the armories, he said this morning. He is anxiously hoping that generously disposed citizens will help the boys who have no fathers to provide the means for going to camp.

FINE OF \$2 IMPOSED

Thomas Stephen Gives Evidence in Matter of Report by Policeman Covay.

A fine of \$2 was the sentence imposed on Thomas Stephen by Magistrate Henderson in the police court this morning on a report by Policeman Covay for not moving on when ordered to do so last Thursday evening. The defendant was represented by C. S. Hamilton. He said it was raining hard at the time and that he was merely giving some orders to his employees. He swore that the policeman said he would "get" him again and he had replied that he could only "get" him if he broke the law.

Witnesses for the defence were Louis Stephen, Thomas Red and James Crowe. Policeman Covay was the only one giving evidence for the prosecution. His Honor said, in giving his decision, that there was no offence in people meeting and gathering in the street. It became an offence, however, when they blocked traffic or when they failed to comply promptly with requests to move on by the authorities.

LIVES IN DANGER

Complaint of Reckless Auto Driving Made—Family Car Forced into Ditch.

The Times-Star was asked today again to urge automobile drivers to have thought for others than themselves. A city lady reports that she and her family, including a two-months old baby, were returning home after an outing last evening and their lives were endangered when a few miles west of Norton. They were on the right side of the road she said when a Frederickson car shot by without any warning and from the horn and with the driver shouting for them to get out of the way. The Saint John car was forced into a ditch, fortunately at a place where there is no embankment. All luckily escaped injury.

Only a week or so before, she added, another car shot right in front of them and they could see the driver using one hand to control the auto while his other arm was about a get composition. The lady appeals for a little regard for the safety of others on the roads and a chance for all to enjoy the pleasures of an outing without lives being placed in peril.

Mr. McCavour has purchased the Goodspeed property.
