Handicap Allowances proved the undoing of the international title-holder. From the start of the race Moore went over the shining ice surface at a terrific pace in an effort to overhaul his rivals. The champion made little progress in the early stages of the test but as the race progressed and his opponents began to weaken, Moore gradually gained ground and rapidly advanced on the leaders. The champion, however, was unable to overhaul Kikay and Fortman, who both possessed enough reserve to beat off Moore's challenge in the closing two laps.

Jimmy Smith, an unattached skater, was the honor skater in the half-mile handicap race for Class B skaters, and scored a convincing victory after an admirable race. Smith chased his handicapped rivals until two laps from the finish, when he gained the lead and set

off on a bid for victory which carried him over the finish line at least ten yards in front of his nearest rival. D. Freedor, who was allowed a start of forty yards, finished second and James Jacobson, off the twenty-five-yard mark, was third. Smith's winning time was 1:41.3.
