GERENSE CHARTERED FOR WEST INDIES SERVICE

Beaver Liner Engaged by Pickford and Black

NOW AT HUDSON BAY

Practically Certain No Change in The Service This Year But an Additional Freighter May Be Put on in Busy Season

(Maritime Merchant)

No further news from Ottawa with regard to the new and improved steamship service between Canada and Demerara via Bermuda and Windward Islands having come to hand, we interviewed W. A. Black on the subject a few days ago. It is now practically a certainty that there will be no change in the service this year. In the meantime Pickford & Black are chartering a Beaver liner the "Gerense" which is now on her way to Hudson Bay and is expected to arrive back by the middle of October.

This ship is about twice the size of the "Ocean" or "Drun of the P. & B. Line, and although not fast, somewhere between eleven and twelve knots, she has quite a good deal of passenger accommodation and ought to be a serviceable ship for the trade. She has ample accommodation for about twenty-five to thirty first class passengers, but will carry more than this number if more than two people occupy a cabin of which each has three berths. Mr. Black told the Merchant that if the trade warranted it they would put on an additional ship during the busy season.

The export trade of the West Indies has been pretty heavy this year—the heaviest yet, in fact. The outward cargoes are practically all products of the farms and fisheries. According to the manifests of cargoes we do not seem to be making much progress in the West Indies with Canadian manufactured goods. Mr. Black says it is not because Canadian factors are so engaged with domestic trade they have no time to give to West India business.

But when we are engaged in progress in our exports of general manufactured goods, we are certainly going ahead pretty ship during the busy season. The duties of the farm—or at least some of them. Our four sales, for example, are practically all products of the farms and fisheries. According to the manifests of cargoes we do not seem to be making much progress in the West Indies with Canadian manufactured goods. Mr. Black says it is not because Canadian factors are so engaged with domestic trade they have no time to give to West India business.

Speaking of conditions in the West Indies and of their exports to Canada during the present season Mr. Black said that the sugar market was pointing in the first place, there was a shortage in the sugar crop and in the second place their sales to Canada had been interfered with by the exports to this market from San Domingo. San Domingo sugar is sold at a price which is better here than in New York, which in the United States present duty is taken into consideration; consequently the sugar has been cultivated in the Canadian trade and the Canadian refiner has seen it to his advantage to buy the sugar.

This may be rather hard for the sugar growers of St. Kitts, Barbados and other British Islands, but the situation will probably be improved when the United States duty on sugar is removed in 1916. Then San Domingo will naturally market her sugar in New York and if our tariff remains as it is the British West Indies will have an advantage of fifteen cents over all competitors for Canadian trade. When this time arrives the advantage of the Canadian preference will be more accentuated than it is today.

KEEPS DOOM FROM HELPLESS WOMEN

Jury of Newly Emancipated Voters Find Three Unfortunates Are Not Insane.

(Women's Journal). Women as jurors in the Chicago Insane Court recently found themselves in a position to help out unfortunate sisters in three different cases. In these cases the jurymen refused to sign the verdicts which would have meant commitment.

Emma Wittlieb, twenty-three years old, was the defendant in the first case upon which they returned their first verdict of not guilty. A hobby for surgical operations was the chief argument for her commitment, and the women decided it did not necessitate her detention in an insane asylum.

In the second case the women jury of which Miss Harriet Vittum was a member, interceded in behalf of a seventy-three year old woman who was charged with senile dementia or derangement from old age. The jury took a determined stand against her commitment. Her name was Ada Kell and she had been living at the Old People's Home.

In the third case the women jurors found what they considered to be a wayward girl being sent to an insane asylum when what she needed most was motherly care. It was the case of Alice Lother, nineteen years old, and the jury insisted that the charges be dismissed. They suggested that she be given care in some home or institution.

"The women jurors in the Insane Court are becoming more effective with each session," was the comment made by Judge John E. Owens, who presides in the court. "They are giving attention to women's cases such as was never thought of by men jurors."

The women jury was the third of its kind since the enfranchisement of Illinois women. While they refused to commit these three, twelve of the men defendants in the courts were sent to institutions for treatment.

Master of the House—"What's happening about the dinner, Mary?"
Maid—"Fraid there ain't going to be none, sir."
Master—"What? No dinner?"
Maid—"No, sir. The missus 'as come 'ome from July, sir, an' ate bever'think in the 'ouse."

W. O. Norwood of Hope, Me., planted three sweet potatoes, from which he has raised 308, making nearly two bushels.

WILSON'S FLY PAD POISON

There are many imitations of this best of all fly killers. Ask for Wilson's, be sure you get them, and avoid disappointment.

MORE PLANT FOR COURTNEY BAY

(Continued from page 1)

Last week the Schofield, a stationary bucket dredger, was launched in Holland by Smidts who, it will be remembered, piloted the Duke of Connaught floating dock to Montreal. This boat dredges down to seventy-two feet and is the most modern dredger of its kind. It was hoped that Lady Leonfield, wife of Lord Leonfield, one of the partners in the Griffith group, would rechristen the Dutch boat after her own name, but that would have involved delay, and it is intended to ask the mayor of St. John to perform the ceremony.

Great Hoppers from Argentine. From the Argentine two giant self-propelled hoppers are leaving for St. John and will arrive about the same time as the dredgers. Negotiations are now going on to secure a suction dredger of exceptionally large capacity which will be capable of reclaiming any areas the St. John authorities may wish in the interests of the harbor. A host of this type will be of immense assistance in the construction of Canada's dock, which eminent engineers here regard as a great engineering achievement. Double shifts will be worked. While J. Norton Griffiths, M. P., would not commit himself on the question of the date of completion, he said it would be finished well within contract time.

Replying to the question as to whether it would not pay his company to construct dredgers in Canada and incidentally to assist in the development of the shipbuilding industry of the Dominion, Mr. Griffiths made this statement: "One of the strongest arguments in

SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't Stay Gray! It Darkens So Naturally That Nobody Can Tell

You can turn gray, faded hair, beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Weyth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Remedy are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Weyth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

Daily Hints For the Cook

Baker Bean Pie

One cup leftover baked beans pressed through a sieve, 1 egg well beaten, 1-2 cup of sugar, a little salt and cinnamon and enough sweet milk to fill one pie. Bake with one crust like squash.

Tomato Soup With Milk

Take nice ripe tomatoes, scald, remove the skin and slice up one quart, and stew half hour in one pint water. Then add a level teaspoon of baking soda. Stir till done foaming and put in one quart of hot sweet milk, and as soon as it boils again add salt and pepper to taste. With a bit of butter and a few broken crackers it should be made so that the added milk is put in just as you are ready to serve it.

She—"I've just heard the story of a man out west who bartered his wife for a horse. You wouldn't swap me for a horse, would you, darling?"
He—"Of course not. But I'd hate to have anyone tempt me with a good motor-car."

"Quarrels occur only in the animal kingdom."
"I beg to differ."
"Do you mean to say that vegetables quarrel and fight?"
"I do."
"Adduce your facts!"
"Did not an apple destroy the happiness of the first pair?"

MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If Cross, Feverish, Constipated, Give "California Syrup Of Figs"

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, cough, bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest after giving it because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see—that yours is made by the "California Fig Syrup Company." Head back with contempt any other fig syrup.
