

Moved by Rev. T. M. Campbell, seconded by Rev. J. C. Wilson, and
Resolved,—That we have heard with pleasure the annual report of Alma Ladies' College, and greatly rejoice in its continued growth. We are thankful to God for that converting power and sanctifying grace which has rested upon the College during the year, leading many into the life of God and building up others into clearer experiences of Christian faith. We rejoice in the high standing Alma has taken in the results of its work, and because of its extended and increasing patronage. And we pledge ourselves to continued co-operation with the capable and devoted staff of teachers, and the indefatigable and successful Principal, in their noble work.

SPECIAL RESOLUTIONS.

Moved by Rev. S. C. Philp, seconded by Rev. N. Hill, and

Resolved,—That our thanks are due and are hereby tendered to the homes of Picton, which with such enlarged hospitality have entertained the Conference of 1895, and that said thanks be extended through the pastors of the churches by reading of resolution from their pulpits.

Re CHOIR.

Moved by E. D. O'Flynn, Esq., seconded by Rev. G. Brown, and

Resolved,—That the thanks of this Conference be given to the choir of this church for the valuable services rendered, not only on the Sabbath but for all the evening services, adding not a little interest to the various occasions.

Moved by Rev. R. Cade, seconded by R. Moment, Esq., and

Resolved,—That while we have no desire to embarrass the general Government of this country in its dealing with Manitoba upon the school question, or to abridge any of the constitutional liberties and rights of our Roman Catholic fellow-citizens, we, as a Conference in full session assembled, view with alarm the agitation that is disturbing the public mind upon the subject of our invaluable public common school system. We believe that any Federal attempt to coerce the Provincial Legislature of Manitoba into reintroducing Separate Schools in their province would be traversing their recognized right to manage their own school system, and seriously threaten the future peace, the best education, and the ultimate safety of this Dominion, and trust that no such coercive legislation will be attempted.
