SAPUTING LA

The logo for Canadian Topographic Maps features a stylized grey globe on the left, with a red latitude line wrapped around it. A red maple leaf is positioned above the globe, with its stem curving downwards towards the globe's equator. To the right of the graphic, the text "Canadian Topographic Maps / Cartes topographiques du Canada" is displayed in a large, bold, serif font. The word "Maps" is followed by a red diagonal slash and the word "Cartes". Below this, the words "topographiques" and "du Canada" are stacked vertically.

Nunavut

A scale bar with four segments. The first segment is divided into two equal parts by a vertical tick mark. The second segment is also divided into two equal parts by a vertical tick mark. The third segment is divided into three equal parts by two vertical tick marks. The fourth segment is divided into three equal parts by two vertical tick marks. Numerical labels '0', '1', '2', and '3' are placed above the first, second, third, and fourth segments respectively. Below the scale bar, the text "Scale 1:50 000 Échelle" is centered.

The diagram illustrates the three types of north:

- Magnetic North**: Indicated by a compass arrow pointing upwards.
- True North**: Indicated by a vertical line.
- Grid North**: Indicated by a horizontal line.

A curved arrow shows the angle between Magnetic North and True North as 3.8° . A straight line connects the three points, labeled "new point".

Text labels on the right side of the diagram include "obtenir", "e", "3.8°", "n,", "g", "construire", "Magnetic North • Nord magnétique", "True North • Nord géographique", "Grid North • Nord du quadrillage", and "de 100 000 mètres".
