## ALBERT CO.

Hopewell Hill, April 4.—Mrs. Annie  
Dickson, relict of the late Robert  
Dickson, died on Friday at the resi-  
dence of her son, Joseph Dickson.  
Hopewell Hill. The deceased was  
one of the oldest residents of the  
shires, having passed her eighty-  
fifth birthday some months ago. She  
leaves one son, above mentioned, and  
three daughters, Mrs. James Beau-  
mont and Mrs. Charles Bennett, who  
reside at the Cape, and Mrs. Robert  
Newcomb of this village. Mrs. Dickson  
was a cousin of Lieut. Gov. Mc-  
Clellan.

Albert Stevens of Memel, who has  
been laid up for some weeks with a  
sore foot, went to St. John on Thurs-  
day to take treatment at the General  
Public Hospital.

Mrs. M. M. Tingley returned today  
from Moncton, where she has been  
receiving treatment from a specialist  
for stricture of the throat. Her con-  
dition is much improved.

Frank Newcomb, twenty years of  
age, is lying in a critical condition at  
his home at the Cape with hemor-  
rhage and inflammation of the lungs.  
The funeral of the late Mrs. Gilbert  
Brewster took place this afternoon  
and was largely attended. Interment  
was at the Bay View cemetery, Har-  
vey.

Hopewell Hill, April 5.—Capt. Chas.  
S. Robinson of the ship Ancona, a  
Hopewell boy, who has been trans-  
ferred to a steamship, will take the  
Ancona to Cardiff, and take charge  
of the new vessel at Greenock on May  
1st. The steamer, which is of 4,000  
tons burthen, will be in the dead tra-  
de, and will make three consecutive trips  
to the Miramichi the coming sum-  
mer.

H. B. Peck, railway mail clerk, who  
had such a miraculous escape in the  
railway disaster at Palmer's Pond,  
was visiting his old home here this  
week.

There has been a great deal of sick-  
ness at Hopewell Creek the past  
few weeks, in a gripe having visited  
almost every household in the settle-  
ment. There were also two cases of  
diphtheria. About all the affected  
ones are now convalescent, with the  
exception of Mrs. Woodworth, who  
is very low with inflammation of the  
lungs.

A petition for the release of Abner  
Marks, who is now serving out a  
term in Dorchester penitentiary, is  
being circulated on the Creek. Marks  
has served three years of a six years'  
term.

Mrs. Daniel W. Stuart of Riverside,  
who has been seriously ill of pneu-  
monia, is better, and her recovery is  
now looked for.

## CARLETON CO.

Knowlsville, April 2.—A great many  
people in this vicinity were having  
their cars to the depot and dispos-  
ing of them there for a better price  
than they could command here. Among  
those who went to Fredericton this  
week were Messrs. Samuel Hopp-  
land, John H. Hopp, and John H. Hopp.  
Branscombe and Charles Branscombe.

Wm. McIlwain is having his new re-  
sidence partitioned and lathed. A.  
Leford of Windsor is the carpenter.

The young people of Knowlsville  
are busily practicing for a concert to  
come off in the near future.

In East Knowlsville the leading am-  
usements is a spelling school once a  
week. One public spirited young man  
took his team and drove a load of  
twenty-one over to Argyle to attend  
the spelling school there.

There is a new arrival in the family  
of William Phillips. Congratulations.  
P. D. Whitehouse, who recently sold  
his farm, is going to the west shortly.

Wm. Herbert Ryan, son of James  
Ryan, who has been in the navy for  
number of years, arrived home this  
week. Mr. Ryan intends holding  
a series of meetings here shortly.

Mr. and Mrs. Spar of Richmond have  
been the guests of Robert McIlhin-  
ney and John Crawford lately.

Centerville, April 2.—Norman Mar-  
gison, who kept a small shop in this  
village and sold beer, candy and  
cigars, was invited by Police Magis-  
trate Dibble of Woodstock to visit  
him and answer to three complaints  
for violation of the G. F. act. A man  
of suspicious character swore he was  
employed by Rev. Mr. Cahill to pur-  
chase beer, which was intoxicating.

As he swore he did not drink it and  
the reason he complained on the 18th  
of March was because he was inter-  
rupted in a lecture which had given on  
the 20th March, the magistrate dis-  
missed the first case. The second and  
third complaints brought conviction,  
the witness being more correct in his  
dates, together with the testimony of  
Rev. Mr. Cahill, who drank and testi-  
fied that he had purchased at Magis-  
on's did intoxicate him. This same tramp  
applied to Dr. Brown for liquor, but  
failed in the attempt, as the doctor is  
not in the liquor business.

S. A. McKenzie departed this life on  
the second instant, aged 60 years.  
His complaint was lead poisoning, the  
symptoms of which first appeared last  
summer, causing death. He was a  
member of the Tracey Mills P. C. B.  
church, also a member of the For-  
resters and an enthusiastic temperance  
man. He was buried on Monday last  
at Tracey Mills, Rev. Mr. Cahill, Flaw-  
elling, Gray and Hayward taking part  
in the service at the house, the for-  
mer delivering an impressive eulogy  
on the life and character of the de-  
parted. The service in which he was  
held was clearly shown by the large  
gathering of people at the funeral.

Hugh Peppers, teacher of the ad-  
vance department, visited his people  
at Gibson during Christmas holidays,  
where he contracted typhoid fever,  
during which his place was supplied  
by Mr. Long of Fredericton, who has  
regained his health, took charge of  
the school last Monday. A hearty wel-  
come was given him on his return by  
the pupils and proprietors. Some of the  
former who absented themselves have  
now taken their place in the school.

After a three months' visit in Cali-  
fornia, Mrs. Harold returned to the  
village last week.

## CHARLOTTE CO.

St. Andrews, April 5.—Beatrice, eld-  
est daughter of Spurgeon H. Rigby,  
whose death from typhoid fever took  
place last Wednesday evening, was  
interred in the Rural cemetery on  
Friday afternoon. Mrs. Rigby and her  
second daughter, who have been very  
dangerously ill, are improving.

The barkentine Robert Ewing, S.  
H. Irving, master, arrived yesterday  
from New York with a cargo of phos-  
phate, four thousand one hundred  
barrels, consigned to A. W. Berry,  
Geneset, for the National Fertilizing  
Co. of Bridgeport, Ct., and three  
hundred bbls. for the C. P. R. all of  
which will be forwarded to Aroostook  
Co. Maine, over the railway. A. W.  
Berry, general agent for the National  
Fertilizing Co., has been in St. An-  
drews for some days, registered at  
Kennedy's, awaiting the arrival of  
the cargo. He is a very genial gen-  
tleman.

B. F. DeWolfe has been advised of  
a cut in the tariff on lumber over the  
C. P. R. to Fort Fairfield, Caribou and  
other points in Northern Maine. The  
reduction is about one-half of the for-  
mer rates. This will probably lead to  
the shipment of lumber over the rail-  
way to St. Andrews for United States  
ports. Anticipating this result, Mr.  
DeWolfe will at once lay the rails to  
connect his wharf with the C. P. R.  
here. His facilities for handling lum-  
ber and other merchandise are good.

St. Stephen, N. B., April 7.—Fire  
broke out in the St. Croix Exchange,  
Calais, this morning about 5 o'clock,  
destroying the ell and most of the  
main building. Most of the furniture  
and bedding was either burned or  
badly injured by smoke and water.  
The fire originated in the kitchen of  
the house. At the time all the occu-  
pants of the house, including the  
boarders, were sleeping soundly, and  
the fire was discovered by one of the  
stable hands. The fire has then made  
considerable progress and there were  
several narrow escapes, especially  
among the servants, who slept in the  
part of the building where the fire  
started. Between fire, smoke and  
water the building and furniture can  
be considered almost a total loss.  
The hotel is owned by Gen. S. J. Gallagher  
of Augusta, Me., and the furniture by  
Charles King of St. John. The hotel  
was insured for \$7,000, but the policy  
on the furniture was allowed to lapse  
a short time ago. Some of the fur-  
ture and bedding was saved, but most  
of it was destroyed. Gorham Kimball,  
proprietor of the hotel, also meets  
with a considerable loss. The Ex-  
change was a leading hotel and one  
of the most modern arranged in this  
section. Whether or not the hotel will  
be rebuilt is a question. The location  
suggests the possibility.

One day last week, while Isaac Per-  
ris was hauling fire wood, a stick fell  
off the forward part of the sled, stick-  
ing him on the leg, cutting and bruising  
him badly. He will be laid up for  
some time.

Dr. and Mrs. W. M. Taylor of Bos-  
ton, Mass., arrived here last week.  
Mrs. Taylor, who is in ill health, will  
remain for a time with her sister Mrs.  
Wellington Cox, of the Narrows. Dr.  
Taylor returns to Boston this week to  
attend to his professional duties.

William Cameron is prostrated with  
inflammation of the bowels. Bennett  
is also ill, with inflammation of the  
lungs. Walter Peck is suffering from  
a grippe and A. L. Gunter and  
Alex. McKinlay are also sick with the  
same epidemic.

A disease resembling German measles  
has broken out in the school at  
White's Point.

A number of young people have re-  
cently gone to Uncle Sam's domains to  
spend the summer. Samuel and  
Edward D. Ferris went to Portland,  
Me. Fredrick went to Bar Harbor,  
Boston, Miss Emma Orchard to Bar  
Harbor, and Miss Agnes McDermott  
to Boston. Henry Durost went to St.  
John today to join the sch. Prescott.

Capt. E. M. Young of the schooner  
Sea King had purchased C. D. Dyke-  
man's share of that schooner. The cap-  
tain now has control of three-quarters  
of the schooner.

Emerson Hovey of the Den Settlement  
trapped a number of foxes this  
week. He has a number of skins and  
a handsome silver tray.

## WESTMORLAND CO.

Moncton, April 6.—The Scott act  
was continued and another dealer,  
Ferdinand Thibodeau, an ex-police  
marshal and proprietor of the Golden  
Ball, announces that he has gone out  
of the business. The officers on visit-  
ing Thibodeau's premises found it  
empty both in cellar and on floor. Every  
place on Duke street where liquor is  
sold is now closed, and the police  
head-quarters, which are on the same  
street, show almost the only signs of  
life. Theo. E. LeBlanc paid a \$50  
fine last night and J. B. Babine has been  
fined \$50 and costs. A case against  
Azed Landry of the Golden Ball  
stands adjourned. About the only  
places in the town where liquor can  
be obtained are where the "blind  
Stags" have set up their tables. Some  
are doing a rushing business. Some  
of the hotel keepers have combined  
to retaliate against citizens by pur-  
chasing their supplies in St. John and  
elsewhere. As the hotels are equal  
to forty or fifty average families, the  
effect of this move remains to be  
seen.

The White house girls are to come  
before the court tomorrow to give the  
police time to summon witnesses who  
are supposed to know something of  
the character of the house. The police  
who made the arrest found nothing  
upon which to hang a conviction.

There is still considerable ice in the  
river here and navigation will be  
later than usual. The spring down-  
river shipping is beginning to move  
and it is said the prospects are for a  
lively season, though the Dingley bill  
may restrict shipments to the United  
States. A large quantity of lumber  
has been sent out for shipment to Eu-  
rope, and the plaster industry will  
employ a large fleet, as usual.

Contractor Kitchen of Fredericton  
is actively at work preparing to er-  
ect the steel bridge across the river  
at College Bridge, Moncton. The  
piling for the foundation is on the  
spot and as soon as the ice leaves  
the work will be pushed to completion  
with all possible speed.

## PUBLIC MEETING AT FERRISVILLE.

The public meeting that had been  
announced was held in the Church  
hall on 7th inst. The hall was well  
filled by the ratepayers. James Gal-  
breath was called to the chair. Mr.  
Galbreath, in stating the object of  
the meeting, made quite a pleasant  
speech. He said that the meeting was  
called to nominate candidates for the  
municipal council. He believed there  
was no opposition in No. 1 district,  
but he hoped the voters would show  
a united front and stand by the men  
of their choice. He had no fault to  
find with the present councillors. The  
names of the following were submit-  
ted to the meeting and unanimously  
adopted by standing vote: R. Cath-  
erwood, W. E. Barnhill and William  
Evans. The meeting then elected a  
committee of seven to take charge  
of the campaign. The councillors  
were present and were called on to  
speak. They were given a good hear-  
ing. A vote of thanks was tendered  
the chairman and the meeting ad-  
journed.

NORTHFIELD, CARLETON CO.  
A correspondent writing at North-  
field, Carleton Co., sends a batch of  
news items but does not send his  
name, puts only a one cent stamp on  
his letter and says he would not like  
to have to pay four cents on the letter  
before getting it at the post office  
and cannot publish the items, because  
our rule is not to insert news items  
sent anonymously. This corres-  
pondent ought to know better; he  
has wasted his time and our money.
