### PRESS ASSOCIATION

#### OPPOSE NEW POSTAL RATES

At a Meeting Held Last Evening Several Resolutions Were Passed.

The New Brunswick Press Association met in the board of trade rooms last evening, and the members were unanimous in opposing the action of Postmaster General Lemieux, in fixing a prohibitive rate of postage on papers going into the States.

President J. L. Stewart occupied the chair. After a meeting had been opened the chairman read a communication which he had received from Deputy Postmaster-General Coulter in answer to the protest against the new regulations. The letter stated that the mail matter coming into Canada of late years had greatly increased and the officials found difficulty in handling it. The communication also stated that notice of the change was given six months before the new regulations went into effect, and that the protest came too late.

J. T. Hawke next read some correspondence which he had had with the postal department. The letters were the same as received by President Stewart, which went to show, he thought, that little attention was paid to the protest. In closing Mr. Hawke said: "I am prepared to stand up as a Liberal publisher and condemn in the strongest terms the action of the government in this matter."

R. E. Armstrong was strong in his condemnation of the new regulations. He had supported the Liberal party all his life and found now that he had been "nursing an adder in his bosom." Messrs. Hawke, J. D. McKenna, and Armstrong were appointed a committee to draw up several resolutions voicing the protest of the association. The resolutions drawn up and passed were:

Moved by J. P. Mallaney and seconded by M. McNamee:

"Whereas, the Canadian government is at present engaged through agents and representatives in promoting immigration from the United States into Canada; and whereas, the best immigration literature in the Dominion of interest which could be circulated in the United States is that of Canadian newspapers;

"Therefore be it resolved, that in the opinion of this New Brunswick Press Association, the new postal treaty negotiated by the Canadian postal authorities with those at Washington is a departure from a wise public policy and is calculated to prejudice the successful movement for the repatriation of Canadians now in the United States; and to mar the increasing friendly relations between Canada and the United States."

Ask to Weigh in Bulk

Moved by H. B. Anglow and seconded by N. Foster Thorne:

"Whereas the new postal treaty between the Dominion postal authorities and those of the United States imposes a heavy loss upon Canadian publishers in so far as their circulation in the United States is concerned; and whereas insufficient notice was given by the Canadian postal authorities to the Canadian publishers of such increased rates; be it

"Resolved, that this meeting of the New Brunswick Press Association calls upon the Canadian postal department as a matter of mere justice to the publishers to issue a departmental regulation instructing that all newspapers mailed in Canada from the offices of recognized newspaper publishers shall not be stamped individually, but weighed at the old lump rate, and that any apparent loss in revenue shall be borne as a matter of equity by the department, until a further and just treaty is negotiated, and before such further treaty is signed and becomes effective an expression of opinion should be obtained from the publishers of recognized Canadian newspapers."

Moved by J. T. Hawke and seconded by R. E. Armstrong:

"Whereas, the post office department through its official representatives and heads has recently negotiated a postal convention at Washington which arbitrarily prohibits the circulation of Canadian newspapers in the United States save on terms which impose ruinous loss upon Canadian publishers in so far as their United States circulation is concerned; therefore be it

"Resolved, that this meeting of the New Brunswick Press Association strongly censures the Canadian postal
