IMPORTANT DISCOVERY.

CONSUMPTION CURABLE BY THE USE OF

WATERBURY'S

This VEGETABLE PREPARATION has proved itself to be the most remarkable medicinal preparation ever discovered, for the effectual cure of PULMONARY CONSUMPTION, and also of Coughs, Colds, soreness of the Chest, Bronchial Irritation, and all other affections of the air passages, which have a tendency to produce that FEARFUL MALADY in those predisposed.

This wonderful discovery, from its volatile nature, gives vapors freely, and consequently acts DIRECTLY upon the Lungs and Air Passages, arrests the development of tubercles in the lungs, and in their softening process causes the matter to be expectorated without difficulty, and effectually heals the ulcerated cavity; it quiets the cough, subdues the night sweats, the hectic fever and the chills, and restores the healthy functions to all the organs of the body. A trial of one bottle will speedily convince the most skeptical of its efficacy, and its superiority to all other specifics.

CERTIFICATE OF DR. A. A. HAYES in reference to the UNEQUALLED VIRTUES of this great discovery: "This preparation by chemical analysis, was proved to be free from Opium or any of its compounds; nor were any of the mineral or mineral substances, but consists wholly of volatile, diffusible agents, which afford vapors freely at a moderate temperature. Most of the substances present are officinally used in alleviating pulmonary disease; but the device by which they are combined is new and original, and adapts the compound to inhalation, or other modes of administration."

Respectfully, "A. A. HAYES, State Assayer 16 Boylston street, Boston, Dec 19, 1857. DIRECTORS in English, French and German accompany each package. Price \$3 per bottle. All orders by mail or express, accompanied by the money will be promptly attended to. F. J. LAPOINTE, Sole Agent. Office, No. 5 Milk street. (Opposite the Old South Church.) Boston, Mass.

FOR sale by all respectable Druggists and Apothecaries in the United States and British Provinces.

IRISH WHISKY, 25 0/6. 4 Pans at a low rate. T. L. EVANS. Woodstock, Aug 31st, 1858.

THE GREATEST Medical Discovery, OF THE AGE.

Dr. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR

from the worst scurfy down to a common pimple. He has tried it in over eleven hundred cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston. Two bottles are warranted to cure a nursing sore mouth.

One to two bottles will cure the worst kind of pimples on the face. Two or three bottles will clear the system of bile.

Two bottles are warranted to cure the worst case of rheumatism. Three to five bottles are warranted to cure the worst case of erysipelas. One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair. Four to six bottles are warranted to cure corrupt and running ulcers. One bottle will cure scaly eruptions on the skin.

Two or three bottles are warranted to cure the worst case of ringworm. Two or three bottles are warranted to cure the most severe case of rheumatism. Three or four bottles are warranted to cure the salt rheum.

Five to eight bottles are warranted to cure the worst case of scurfiness. A benefit is always experienced from the first bottle and a perfect cure is warranted when the above quantity is taken.

Reader, I have peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I have never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places being known until I discovered it in 1842—second, that it should cure all kinds of humor in our parts.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of dropsy, all of them aged people cured by it. For the various diseases of the liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and thirty years, say that nothing in the annals of patent medicines was ever so efficacious. These last annuals praise from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.
