Sept. 21.—The marriage of Miss Annie L. Fleetwood, daughter of Mr. Thomas Fleetwood of the C. P. R. to Mr. L. G. B. Lawson, deputy city clerk, to which I referred briefly last week, took place at a quarter past one o'clock last Wednesday afternoon in Central Methodist church, in the presence of a large congregation chiefly composed of relatives and friends of the bride and groom. The members of the choir under the direction of Mr. H. W. Dornier had decorated the church beautifully in honor of the wedding of two of the most valued of their fellow members, the pulpit being most artistically veiled with flowers, and the spot where the bride and groom stood during the ceremony spanned by an arch of ferns and foliage dotted with sweet peas, and surrounded by a true-lover's knot of white asters. The ceremony was performed by Rev. William Lawson of Richbush, professor Watts organist of the church presiding at the organ. Prior to the appearance of the wedding party Professor Watts played the Wedding March from Lohengrin and as the bride entered the church leaning on the arm of her father the sweet strains of the beautiful nuptial hymn—"The voice that breathed o'er Eden," stole softly forth to greet her, and throughout the ceremony the organ played a soft accompaniment in the manner for which Professor Watts is noted, and which is so effective adding greatly to the impressiveness of the service. During the ceremony, "How Welcome was the call" was rendered very effectively by the full choir, and at its conclusion the grand music of Mendelssohn's Wedding March filled the church. The bride looked very handsome in a tailor made traveling suit of Russian blue broadcloth, with hat to match, and was attended by a large number of beautiful and useful gifts, amongst which were a dozen solid silver spoons, a handsome parlor table from the Central Methodist choir. Mr. and Mrs. Lawson left immediately after the ceremony on the C. P. R. train for a bridal trip to Boston, followed by the hearty good wishes of their numerous friends, a goodly number of whom gathered at the station to see them off.

GREENWICH.

Sept. 20.—A very interesting and pretty wedding took place at St. James' church on Wednesday the 14th when Miss Jennie Warren Holder only daughter of Mrs. Jane Holder and Mr. David Crowe of Fredericton were united in marriage.

The bride, who was unstudiedly looked most charming in a gown of white satin, and wore an elegant pearl brooch the gift of the groom. The bride was escorted by Rev. H. A. Cady. The choir sang "The voice that breathed o'er Eden," and a wedding march was played as the contracting parties entered and left the church. The church was most tastefully and beautifully decorated. The work being done by many willing hands, friends of the bride.

A floral bell composed of white roses hung in front of the chancel and the bride party passed under when going to the altar. The other decorations consisted of profusion of cut flowers, potted plants and ferns very tastefully arranged. The church was crowded by an expectant throng, long before the hour appointed 12 o'clock there being scarcely standing room after the bride proceeded to the altar on the arm of her uncle Mr. Theodore Holder. The many and beautiful presents which the bride received, testified to the esteem in which she was held. The bride who is a most popular young lady, will be much missed in St. James' choir and in social circles. The happy couple left by Steamer David Weston for St. John and from there will proceed to Fredericton and other points of interest in the maritime provinces. Long before the steamer arrived at Brown's wharf a large crowd of the bride's friends had assembled to wish the young couple bon voyage, and amid showers of rice they boarded the steamer. On their return from their trip they will reside in Fredericton.

Mr. and Mrs. Geo. McKel are visiting friends in St. John this week and will return and finish their visit here before returning to their home in Victoria, B. C., not intending going to England as before stated.

Mrs. Jot Holder will leave this week for her home in Boston after spending the summer here.

Miss Laura Holmes will go to Fredericton this month to assist Mrs. Crowe receive.

The Misses Rind of Boston were here last week. Mr. Fred Pickett spent Sunday at home.

Mrs. Sancton Belyes returned from St. John last week. Dr. J. B. Gilchrist has moved into his new quarters.

Few teas are grown, gathered, cured and packed with the nice care which attends **Monsoon Tea**, from its first sprout to the day when it is wrapped and sealed in the lead packets, sold by all dealers. That is why few tea equal Monsoon in either purity or quality—and none ever approach Monsoon's own, exquisite flavor.

THINGS OF VALUE.

In order to induce the peasants from her European dominions to settle at the new Gwernone railway in Siberia, Russia offers acres of six shillings for 1,200 miles and about fifteen shillings for 4,000 miles.

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of man's curatives being such that were the germs of other and differently seated diseases moved in the system of the patient, the remedy would leave one ill in turn would aggravate the other. We have, however, in Quinine, a remedy obtainable in a sound unadulterated state, a remedy for many and grievous ills. By its grateful and judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own resources. It relieves the drooping spirits of the feeble, strengthens the nerves, dispels the action of the system, thereby making activity a necessary result. It strengthens the frame, and giving life to the digestive organs, which naturally demand increased substance—rest, improved appetite, Northrop & Lyman of Toronto, have given to the public their superior Quinine Wine at the usual rate, and, judged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it.

Business is at its keenest on the Atlantic cable between the hours of ten and twelve in the forenoon. During that time, on an average, about 900 messages pass over the cables each way.

Very many persons die annually from cholera and kindred summer complaints, who might have been saved if proper remedies had been used. It is not too late to get a bottle of Dr. J. D. Kellogg's Dysentery Cordial, the medicine that has failed to effect a cure. Those who have used it say it acts promptly, and thoroughly, subdues the pain and disease.

Any Spaniard over the age of nineteen is liable to be called into military service for three years. By the payment of 1,500 pesetas (nearly £30) he can escape military duty.

Still Another Triumph—Mr. Thomas S. Bullen, Sutherland, writes: "For fourteen years I was afflicted with piles; and frequently I was unable to walk or sit, but four years ago I was cured by using Dr. Thomas' Eucalypti Oil. I have also been subjected to Quinine for over forty years but Eucalypti Oil cured me, and I was a permanent cure in both cases, as neither the Piles nor Quinine troubled me since."

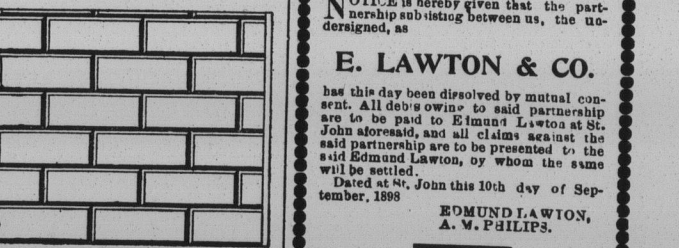

The large cables of the Brooklyn bridge were on the bridge. When one inch of an inch in diameter were passed forward and back from one anchorage to another; 278 wires were bountifully laid, and nineteen of these ropes were bountifully laid.

A CLEAN HEALTHY SKIN.—Eruptions of the skin and the blotches which blemish the beauty are the result of impure blood caused by unhealthy action of the Liver and Kidneys. In correcting this unhealthy action and restoring the organs to their normal condition, Parmentier's Vegetable Pills will at the same time cleanse the blood, and the blotches and eruptions will disappear without leaving any trace.

A captain has just returned to America, having a solitary journey round the world in a 30ft. boat. He navigated 46,000 miles of seas, the voyage occupying three years.

BE THERE A WILL, WISEDOM POINTS THE WAY.—The sick man pines for relief, but he dislikes sending for the doctor, which means bottles of drugs never consumed. He has not the resolution to load his stomach with compounds which smother villanously and taste worse. But if he have the will to deal himself with his ailment, wisdom will direct his attention to Parmentier's Vegetable Pills, which, as a specific for indigestion and disorders of the digestive organs, have no equal.
