Women's Hospital Aid In Session

Treasurer Reports Good Balance on Hand — Meetings Suspended for Two Months

The regular monthly meeting of the Women's Hospital Aid was held yesterday afternoon in the Board of Trade rooms. Mrs. J. Boyle, lawyer in the chair. It was decided to suspend regular business for the months of July and August, to hold a "book day" in September, and to buy one dozen pairs of slippers for the Epileptic Hospital.

The treasurer, Mrs. L. W. Mowry, reported receipts of \$2,782.77 adi expenditures of \$15.45, leaving a balance on hand of \$2,667.32 in the general fund; in the flower fund a balance of \$25, and in the emergency fund a balance of \$1,995.61. Bills to the amount of \$11 were ordered paid.

A letter was received from R. H. Gale, superintendent of the hospital, hospital chairs and treats for the patients.

Mrs. Mowry, convenor of visitors for the month, reported that all denominations had been represented on visiting days, that plenty of magazines had been available; that F. B. German, of the Cedars, had seen in a large bound volume of the valley which had been made up into small bouquets for the patients. She suggested the holding of a "book day" for the purpose of getting enough books to fill the book case in the reception room, and ice cream be furnished the patients during the summer instead of flowers. She said it was proposed to fit up a "nurses" home in the epidemic hospital and furniture would be needed for the rooms; that there was still a need for slippers, and the supply of stationery was exhausted.

It was decided to supply ice cream to the patients for two weeks during the summer, and to purchase a further supply of stationery.

Mrs. E. A. Young was appointed convenor of visitors for the month.

The report of Mrs. T. Carlson Lee, who was unable to be present in connection with the slippers at the meeting, was read by Mrs. A. C. Gale. She reported that 11 pairs had been purchased by the Aid at a cost of \$154.13. Of these, 98 were very still in use, some badly worn, and 41 pairs had disappeared. She also found that private patients were using some of these slippers. Slippers were needed at once for children from eight to ten years of age.

The secretary expressed the opinion that they were not supposed to supply slippers for the private patients, and it was decided to have the secretary write a letter to the superintendent asking him to give orders that these and the flower vases were to be kept for the public wards.

It was decided to purchase a new set of heavy duty leather straps, and these offered to the hospital.

There was good satisfaction in the meeting.

Mr. T. H. Carter suggested that the secretary write to the hospital, and a can opener was asked to notify the committee that this would be held.

On motion of Mrs. T. H. Carter, it was decided to suspend the "regular meetings until October."
