## SYNOD OF NEW BRUNSWICK DOES MUCH BUSINESS ON OPENING DAY.

Address by Bishop Kingdon, With Some Suggestions Decided to Have Meetings Biennial Instead of Every Year - Reports and Motions, and Action Taken.

The 34th session of the Diocesan Synod of Fredericton opened Tuesday morning with cc'ebration of holy communion by the bishop at 8 o'clock. The first business meeting opened at 10 o'clock, and the last session of the day closed at 10 o'clock last night. The sessions were remarkable for the amount of business transacted, comparatively little time being consumed in discussion. The Bishop of Fredericton presided and the morning session was opened with of the roll by Rev. Canon Newnham. To motion of Very Rev. Dean Partridge the minutes of the last session as printed

On motion of Very Rev. Dean Partridge the minutes of the last session as printed were taken as read and confirmed. The bishop then appointed the follow-ing nominating committee composed of one clerical and one lay member from each deanery: Chatham—Archdeacon Forsyth, Hon.

But I took with me on board the steamer 100 ceries of the service appointed to be 100 copies of the service appointed to be said throughout the empire and these I used on the day appointed for the coronation. Rev. J. R. deWolfe Cowie, secretary of in the synod, a copy of which is laid be-fore the synod and I ask the synod to pass a resolution in favor of the bill and to authorize the secretary to affix the legislature to pass such bill. The position of rector is a legal posi-tion recognized by law and protected by law. No one can act legally as rector until he has been admitted by a well as-certained process of law. The office is vacated by voluntary, resignation as well as by death and removal. There is per-haps one requisite to resignation and that is its acceptance by the bishop. Just as a grant of \$500 made, on condition that they contribute \$150; a resident clergy-nan was appointed to Douglas and Bright and a grant of \$700 made on condition. \$300 be contributed; Aberdeen had been reopened and services held; \$900 had been raised for a church; a special grant of \$100 had been allowed Rev. A. W. Smithhaps one requisite to resignation and that is its acceptance by the bishop. Just as a bishop's resignation of his work is not allowed to take effect until it has been accepted by the majority of his brother bishops, so a rector's resignation re-quires the acceptance of the bishop. The bishops may say "we do not allow this resignation because we require you to stand trial for heresy or some other ill-doing." The bishop may say, "I refuse your resignation and require you to stand trial under the canon." This is as I un-derstand the law." ers of Albert. Investments in deben tures and mortgages amounting to \$4,700 were reported made during the year. The mortgage on the Ellen Dunkop pro-perties in Fredericton had been foreclosed and the properties bid in for the synod for \$6,531, the amount of the claim. Ar-

rangements are now pending for the sale of these properties. On motion the report was received and adopted.

J. Roy Campbell, as treasurer of the

board of church literature, submitted his report which showed a vash balance to the credit of the board of \$476.06 and surplus ssets of \$549.06.

The board of church literature report-ed through T. B. Robinson, deputy chair-man. The report showed the value of the stock on hand to be at selling prices, \$2,114.73, and the sales for the year from the board's own stock to be \$845.45. This was slightly less than last year but a large increase in commission/ sales made tota sales in excess of previous years. The board had arranged that a discount of 10 per cent, would be given off all books sold from its stock to Sunday schools. The

Very Rev. He could remember aken as if read and printed. T. B. Rev. J. deWolfe Cowie, Rev. Mr. Cody and Rev. Dr. Campbell participated in the discussion and the bishop announced that he would be sorry if the synod sions. should not require the reports to be read. The amendment was lost lause.

The secretary stated that nearly all the parishes had reported.

Dean Partridge reported for the com-mittee on biennial meetings of synod. The matter had been referred to this synod and a resolution will be brought in. The committee on fire proof storage re-ported progress and asked to be contin-ued, as did also the committee on print-

ing constitutions and canons. Rev. J. de Soyres reported for the com mittee for the encouragement of theolo-gical study in the diocese. The report was received.

The committee on the synod reported they had been unable to make a detailed examination and recomnended that a committee of the synod appointed to consider the matter and report to the executive. This was agreed and synod adjourned for luncheon.

ducation, instancing certain cases at Woodstock and elsewhere.

He also referred to the establishment of schools on small bases, and felt that in the matter of the Rothesay purchase the synod could trust its board of education. Judge Hanington, in a strong speech, protested against the outlay of the synod fund for the establishment of the Rothe-say school. Rather should the money be devoted to the giving of acligious tion to those whose parents could not af-ford the expenditure of sums, which a course at the Rothesay school made im-

He would support any amendment which would tend to defeat the project. Rev. William Quinlard Ket-chum was among the first ordained by Bishop Medley, being ordained in Sep-tember, 1845. He became and continued to be one of his most trusted clergy, work-ing first under the bishop's eye in Fred-enioton he was deputed by him to visit the parishes on the other side of the river St. John between St. Mary's and Quebec, but the anxietics connected with Quebec, but the anxieties connected with the consecration of the cathedral pre-vented full attention being given to his eport. It needs not for me to tell of his work in connection with the Diocesan Church Society as its secretary for more than 40 years. We all know how the work of the society grew and multiplied and how faith-fully he kept pace with the work. As rector of St. Andrew's he has left ma-terial proof of his earnestness in the two churches at St. Andrews and Chamcook and the respect and affection borne him by his neone bear testimony to the faithand the respect and affection borne him by his people bear testimony to the faith-iulness of his ministration amongst them. When Elisha asked his generous enter-tainer how he could return her kindness, what temporal advancement she sought, her answer was that she sought none. "I live among mine own people." Such would have been the answer of Donald Macquean Bliss. He lived amongst his own people and seldom left them. Quietly, simply, faithfully he served them and never asked them for anything but re-spect and love in return. As he grew old in service, while he hoped to make up 50 years in his rectory, he only wished up 50 years in his rectory, he only wished to do what was pointed out as his duty and voluntarily and unselfishly gave up all and voluncally and the memory of the more active services of a younger man-the more active services of a younger man-

Before ordination he had learned methodi-cal business habits which were of Juch advantage to him, as they would be to avery degravman. I was much struck automage to him, as they would be to every elergyman. I was much struck with this when, soon after my arrival, I was speaking to him about a part of the diocese where he had worked many years before. He showed me a list of all the church nearly in the district with the before. He showed me a list of all the church people in the district with the particulars of their families. By his care a sum of money was raised for the partial endowment of St. Mary's and was in-vested so that it has not been lost by misappropriation. By his care the beau-tiful little church was built which was consecrated two days after my own con-secration. The educational report read by Rev.

The educational report read by Rec. Canon Richardson showed seven meetings at the first of which the late Sheriff Sturdee was appointed secretary-treas-meri that G. O. D. Otty, A. C. Fair-weather and F. J. G. Knowlton resigned because of the refusal to grant \$8,000 for a school in St. John. The committee re-commended that it be allowed to enter-into negotiations with James F. Robeit-son for acoupting the Rothesay school for

son for acquiring the Rothesay school for boys, and that the property be taken over by the synod provided satisfactory terms can be obtained, and that they be

given full power in the matter. The re-port was received. The financial statement with the re-port showed expenses of \$3,069.08 and receipts of \$3,156.58. Bishop Kingdon reported that the prizes for the Giris' School Windsor, that should have come from London, went to his nome in Fredericton, and so did not perch the school.

powerful, went on to explain the mean-ng of the word Zion and pointed out its position in Biblical history. From the exhortation of the text different meanings could be drawn. Many of the acts record-ed in connection with the hill of Zion were as prophecies of God and of final dispensation. The text spoke of going around and about Zion as if to make an investigation of the text spoke of going inspection of its towers and bulwarks. From this could be drawn the synod sessolution which dealt with the acquire nent by the synod of the Rothesay school ion, the applicability of themselves taking om its presen't owner, James F.
