Mr. Connell now endeavors to set aside this finding. Geo. W. Allen and R. W. McLellan replied. Court considers.

George Meserescu, an aged and esteemed resident of Daoktown, and father of School Inspector Meserescu, died on Thursday last, aged 88 years.

The men of the Royal Regiment received their pay yesterday under the new schedule which provides for a substantial increase all round. All are naturally pleased with the change.

Fredericton, Nov. 9.—(Special)—Fire was discovered in Archibald Jewett's barn in Regent street about 2.30 o'clock this morning and the building was badly gutted before the firemen had the fire under control. The stable is under lease to Harry C. Jewett, and four thoroughbred stallions, a French coach, a German and two Hackneys, were saved from death or serious injury, as it was one of the horses was quite badly burned before it was gotten out of the barn. The same stable was discovered on fire about a month ago, and Mr. Jewett and his partner are at a loss for the cause of the conflagration.

The monthly meeting of the Town Council was held last evening.

Ald. Snowball, of the light and water committee, reported \$900 light now installed, and recommended that the enlargement of the plant be considered. The estimated cost of proposed extension of water and sewerage system at West End would be \$5,038, and sewerage on St. Andrews street, from Pleasant to Wellington streets, \$2,100. Report adopted.

Ald. Snowball, of board of works, read the John MacDonald Company tender for sheathing and finishing the attic of the town hall, which was accepted.

Ald. Morris, of police committee, reported six fines during month for violation of Scott act. A discussion followed, in which Ald. MacLachlan, Ald. Bentley, Ald. Watt and Ald. Snowball expressed their regret at the lax way in which the Scott act is enforced. Ald. MacLachlan said that street talk was to the effect, that liquor had been carried during the month of the year at least twice, and he thought it a time to enter a protest against the use of liquor at elections. Both sides, and both candidates must be held responsible for the honorable affair. Aldermen could not uphold the Scott Act, and overlook the proceedings of last week.

Ald. Bentley said if the Scott Act had been enforced during the month of the year it could have been done during election. One death in particular could be directly attributed to drinking. He felt that the council were responsible for the death of Scott act report was not satisfactory. No honest effort had ever been made to enforce it, and last week was only a little worse than ordinary.

Ald. Snowball regretted that liquor was used to such an extent at elections and felt that the deaths caused last week by liquor, would in future induce candidates to run elections without intoxicants.

Ald. Morris said he understood that the wife and children of the missing man, Lynch, were in poor circumstances, that Miss Lynch was ill, and thought the candidates in the last election should send her \$50, as it was a well-known fact that election year was responsible for the man's disappearance, and that the council here six men to search for Mr. Lynch. Carried.

J. Y. Meserescu addressed the council in reference to the spread of diphtheria in the town. He thought the members of the board of health was not doing its duty in this matter, and notified the council that he would tender his resignation as a member.

Ald. Snowball moved that the board of health be asked to take more vigorous action in regard to the present outbreak of diphtheria. Carried.

The members of the C. M. B. A., of which the deceased was an esteemed member, marched in the procession and the Dead March was played by St. Michael's Band. The interment was in St. Michael's cemetery.

MONCTON.

Moncton, Nov. 9.—The I. C. R. clerks, who have been waiting the past eight or nine days for their October pay, with the expectation of an increase when their cheques did arrive were considerably disappointed today to find that the increase is not forthcoming.

Just previous to the election it was stated that the October pay would include a general increase for the office employees and it was further given out that the delay in paying was due to a readjustment of the pay sheets by the minister of railways. Mr. Emmerson, however, has returned to Ottawa and there are no increases. Some of the more hopeful look for the promised increase next month.

The large increase in the number of employees in the I. C. R. works here during the past two or three weeks is likely to be considerably decreased now that the elections are over. Many of those put on a few days before the election have already received their notice that their services are no longer required. Some of the dismissed had not been working more than a week. The men given employment say they thought their appointment was permanent and consequently are quite indignant.

Today is the anniversary of an important event in the history of Moncton. Just thirty-two years ago this date the Intercolonial Railway shops were removed from Shediac to Moncton. It is noteworthy that yesterday the anniversary of the opening of the I. C. R. between Moncton and Campbellton. Con. Angus McClellan, who runs on the Maritime express, and is only thirty-one years of age, is being the oldest conductor on the road, remembers the date well, as he made his first trip to the "hub of the North Shore" on the 11th.

O. A. Barbare, station agent at Campbellton, is the only official on the northern division who was on that part of the I. C. R. at the time.

R. P. McBreith, president, and J. C. Lithgow, secretary of the M. P. A. A. A., Halifax, had a conference with the Moncton Amateur Athletic Association last night for the purpose of ascertaining the views of the local association in regard to base ball and other sports. In consequence of the M. P. A. A. A. suspending the monthly game ball and tennis tournaments, thereby making professionals of nearly all the local athletes the Moncton association withdrew from the Maritime Association.

The action of the Moncton association and the protests from other associations against the M. P. A. A. A. taking control of base ball, has resulted in setting the Maritime Association officials to work putting amateur athletics on a more satisfactory basis. The local association expressed the opinion that the M. P. A. A. A. should drop base ball and tennis, and concentrate on the sports which had been suspended in connection with it. The M. P. A. A. A. officials promised to recommend this to the Maritime Association and if the recommendation is accepted the M. P. A. A. A. will probably rejoin the Maritime A. A. A.

Evangelist McKay is to commence a series of meetings here under the auspices of the J. M. C. A. next Sunday. The meetings will be held during next week in the Presbyterian church.

Hon. T. J. Sweeney in the event of that gentleman being appointed solicitor general and appealing for reelection.

James Alexander, one of the oldest employees of the I. C. R. here, and one of the city's oldest residents, left today for Fort McLeod (N. W. T.) where he and his wife, who accompanied him, will reside with their son, John Anderson.

The case of alleged impersonation in which a young man was charged with voting the name of Wm. A. Day wrongfully, at the election of the police court, on Nov. 5, was known that 19 were dead and 46 away.

General Traffic Manager Tiffin, of the I. C. R. and Miss Tiffin left yesterday for Ottawa.

HARCOURT.

Harcourt, Nov. 9.—At last meeting of Harcourt Division, St. P. Messrs. John Beattie and Everett Hetherington joined.

On Friday evening, 11th inst., at 7.30 a special school meeting will be held to discuss the amalgamation of Methodist school in Harcourt. Both are in the same district. Mortimer has an enrollment of about 10. It is proposed to open a third department in Harcourt school.

The ladies of the three teachers' societies give each of the three teachers fewer classes than they now have. This will enable them to do far better work than they are now doing.

Many people are in favor of the proposed change.

SUSSEX.

Sussex, Nov. 9.—The ladies of Trinity church sewing circle and the ladies' whist club jointly gave a whist party and soiree in Melley Memorial hall on Tuesday evening. The ladies were assisted in all times and on all occasions when required.

About sixty guests were present and after a spirited game of whist a dainty lunch was served, which, it is needless to say, was enjoyed by all present. After some social conversation the evening's entertainment was concluded by the singing of Auld Lang Syne and God Save the King, with three ringing cheers for Col. Beer.

The occasion was one that will be remembered by all present and in leaving Sussex for a time at least Col. Beer can feel that he has the most cordial good-will of the people of the community generally, and particularly all who are in any way connected with Trinity church, who will wish him every success in the future.

A very quiet wedding took place this afternoon at 4.30 o'clock at the Methodist parsonage, when Miss Lottie Goggin, of Millstream, was united in marriage to Arthur Marr, of New Brunswick, who is a resident of the Methodist parsonage and on Wednesday afternoon and are conducting a very enterprising sewing circle, making preparations for their annual meeting, which will be held in the vestry of the church the last of the month.

WOODSTOCK.

Woodstock, N. B., Nov. 9.—(Special)—F. H. Hale went to Toronto tonight on a business trip. From there he may go to Ganderby (C.) but will return to Woodstock at an early date.

Had Mr. Hale been successful in the recent election he could not have given a more hearty sending off than that which he gave to the following: W. J. Fowler, J. W. A. Nicholson, J. F. Polley, J. A. McLean, David Lang, A. H. Foster and James Ross, convener of the home improvement committee, who were the guests of the hotel. Mr. Hale, accompanied by friends, entered a carriage in waiting and the band was playing as the train departed and marched to the train amid cheers for Hale. THE SON OF U. S. MINISTER TO ENGLAND

Commends Pe-ru-na to All Catarrh Sufferers.

Hon. Louis E. Johnson is the son of the late Beverly Johnson who was United States Senator from Maryland also Attorney General under President Johnson, and United States Minister to England, and who was regarded as the greatest constitutional lawyer the world ever lived.

In a recent letter from 1000 F St., N. W., Washington, D. C., Mr. Johnson says: "No one should longer suffer from catarrh when Peruna is accessible. To my knowledge it has caused relief to so many of my friends and acquaintances, that it is humanity to commend its use to all persons suffering with this distressing disorder of the human system."

Catarrh Polson. Catarrh is capable of changing all the living secretions of the body into scalding fluids, which destroy and inflame every part they come in contact with. Applications to the places affected by catarrh can do little good save to soothe or quiet disagreeable symptoms. Hence it is that gargles, sprays, atomizers and inhalants only serve as temporary relief.

There is but one remedy that has the desired effect, and that remedy is Peruna. This remedy strikes it once to the roots of catarrh by restoring to the capillary vessels their healthy elasticity. Peruna is not a temporary palliative but a radical cure.

Send for Dr. Hartman's latest book, sent free for a short time. Address The Peruna Drug Manufacturing Co., Columbus, Ohio.

but because he thought it his duty to stay where he was. At the conclusion of his address Rev. Mr. Polley was warmly applauded and applause went round the Presbytery.

Calls to Other Churches. The next matter to be taken up was the call from St. David's church to Rev. Angus A. Graham, of Portella (Ont.). Rev. David Lang, as moderator pro tem of the congregation, recounted the steps that had been taken in the call. J. Mack and Dr. Morrison spoke very briefly in support, and it was sustained.

A call from Carleton church to Rev. Herbert R. Reid, of Bathurst, was next taken up. Rev. James Ross as moderator spoke to it but as there had been insufficient time to appoint commissioners from the congregation it was agreed that the call be sustained and that the document be forwarded to Bathurst with the reasons annexed to it.

Provisional arrangements were made for the induction of these clergymen, as follows:—

Carleton—Rev. A. H. Foster to preside and induce, Rev. Dr. Fotheringham to address the minister
