Valentine Stock Criticizes Government For Scarcity of Teachers in Ontario.—D. Racine Brings Up Subject of Bilingual Schools—J. Thompson Shows How Reciprocity Is Bound to Hurt the Farmers.

Toronto, Feb. 15.—Bilingual schools, reciprocity and the presentation for the Opposition's acceptance or rejection of a big progressive new platform, featured an animated, strenuous and somewhat prolonged sitting of the Ontario Legislature yesterday afternoon.

Hon. Dr. Ross was given a round of applause on making his first appearance since his return from England.

W. H. Hoyle, chairman of the standing orders committee, gave emphatic notice that Friday would be the last day for the reception of petitions.

Under the circumstances and the committee intend to ask for any further extension of time. Feb. 24 would be the last day for the introduction of private bills.

Valentine Stock, South Perth, resumed the budget debate, speaking chiefly in relation to education. The chief inspector of Toronto reported by said, a great scarcity of teachers.

It was evident that what was troubling the country was beginning also to trouble the cities. This could have been avoided if the Government had not changed the model school policy of the Department.

The projected industrial schools for city boys would be a further temptation to rural population to draw them away from the farms.

Reciprocity would be a blow to the farmers in more ways than one. Taking eggs, for instance, the average price per dozen was higher in Canada than in the United States, and an equalization would mean millions of dollars loss to the farmers here.

D. Racine, French Liberal member from Russell, said his people wanted to learn the English language, and have their children learn it in the schools.

It was a hard thing for the French children to pass examination that were printed and required to be answered in English. If this must happen, they should be tried both ways.

Mr. Racine would be glad to see Ontario and Quebec get closer together. "Get mixed" is the way to put it. He was glad to see the vote of \$100,000 towards the tercentenary fund last year.

It would go a long way in this respect. But he prophesied that his honorable friend G. H. Ferguson from Grenville, would live to regret the motion he had introduced regarding bilingual schools.

Sir James Whitney rose to protest that it was clearly contrary to the elementary rules of procedure to refer to a subject which was already on the order paper. It should not be discussed till that order of business was reached.

A. A. Aubin, French Conservative member from Sturgeon Falls, contrasted the treatment accorded to the north country under Liberal and Conservative rule.

The present Government was getting as much revenue from small areas of timber today as the old Government did from immensely large areas. The present Government had kept its word to the people in every particular—free grants to settlers, co-ordination carried on, no timber given away, honest law enforced, and education advanced.

Allan Stuholme, Hamilton East (Labor), said that from the speeches one would think there was nobody in this province but farmers. Their one cry had been "More for the poor farmer." While the farmers were admittedly prosperous, the conditions of labor called for amelioration. The prosperous Ontario farmer was aided by the Government last year to the extent of \$700,000. He regarded the immigration grants as worse than wasted.

Hon. A. G. MacKay moved the adjournment of the debate.

At the instance of Toronto Council, W. D. Macpherson gave notice that he would introduce a bill giving reels, engines and vehicles of fire departments the right of way over streets and highways while proceeding to a fire or answering a fire alarm call.

Interesting Hague Trial.
The Hague, Feb. 15.—The permanent court of arbitration assembled yesterday to determine the case of the Indian law student, Savarkar, in dispute between Great Britain and France. After preliminaries of opening, the session was adjourned until Thursday, when arguments will be made.

Savarkar, an Indian subject of Great Britain, was arrested on his arrival in London, March 13, 1910, charged with sedition, and ordered extradited to India for trial. When the vessel upon which he was being taken home stopped in Marseilles harbor, Savarkar crawled through a porthole and swam ashore. He was captured in Marseilles by the French police, while running through the streets and calling out that he had been taken before a magistrate.

He was turned over to British detectives and taken on to Bombay for trial. The French Socialists raised the question of whether the student was properly surrendered to the British officers after he had set foot on French soil, and applied for refuge as a political prisoner.

The case excited so much controversy that the Governments of Great Britain and France exchanged notes on the subject, and last fall agreed to submit to The Hague tribunal this question: "Ought Vinayak Damodar Savarkar, in conformity with the rules of international law, to be or not to be rendered by the Government of his Britannic majesty to the Government of the French Republic?"

Eight-Hour Day.
Detroit, Mich., Feb. 15.—Delegates representing marine labor organizations associated with dredging operations on the great lakes, submitted to representatives of the Dredge Owners' Association a formal request for the adoption of an eight-hour work day. The owners are expected to present their reply today.

The action of the labor associations followed a conference here on Monday at which T. V. O'Connor, Buffalo, president of the International Longshoremen's Association, was chairman. At this meeting were representatives of the dredge workers, engineers, and crane-men, licensed tugmen, tug firemen and the submarine and rock drill workers. The organization last named already has an eight-hour day. The employer wants a similar limit to their hours of labor.

Guests Barely Escape.
St. John, N.B., Feb. 15.—A fire broke out a few minutes before one o'clock yesterday morning in the Felix Hebert Hotel, Edmundston, N.B., of which J. M. Siro is the proprietor.

All the furniture in the building was destroyed, and many of the guests barely escaped with their lives. The supply of water was very low and the firemen fought the flames mostly with snow. The loss is estimated at about \$10,000.

Georgian Bay Canal.
Ottawa, Feb. 15.—The Federated Boards of Trade have asked the civic publicity department for a grant for the furtherance of the objects of the federated boards, principal among which at the present time is the Georgian Bay Canal. The federated boards intend sending two men on a tour of the west with the object of enlightening the people there as to the merits of the project.

J. J. Warren's Home-Coming.
Toronto, Feb. 15.—J. J. Warren, manager of the Trusts of Guaranty Co., who was summoned to answer in the Police Court on Friday, a charge of conspiring with Dr. Beattie Nesbitt, C. S. Smith and J. R. Stratton to obtain a charter for the Farmers' Bank by fraud. On Monday his two-month-old son died, and he knew nothing of it till he arrived home.

Not as Bad as Painted.
Ottawa, Feb. 15.—There are objections in connection with the recent address of Miss Sylvia Pankhurst in Toronto, where she stated that some of the female employees of Hull, Que., received only \$1.50 per week as wages. No one can be found accepting anything less than \$3 a week, and those very young girls.

Appointed Fisheries Overseer.
Brockville, Feb. 15.—M. Connolly has been appointed to the position of fisheries overseer among the Thousand Islands by Hon. Mr. Brodeur, Minister of Marine and Fisheries. Connolly is a retired farmer.

Spectacular Suicide.
New York, Feb. 15.—The most spectacular suicide that New York has ever known took place at Washington avenue and Montgomery street, Brooklyn, yesterday, when a well-dressed man coolly climbed twenty feet above the pavement, drove a nail to a sign which hung over the street, placed one end of a rope about his neck and tied the other about the nail and then dropped. He was found dead shortly afterward by policemen.

The man had climbed up one of the poles supporting the sign. The dead man was about sixty years old, and there was nothing in his possession by which he could be identified.
