A Nation of Bond-holders

Before the War, Canada looked outside her borders for Capital. During the last three and a half years, Canada has become a nation of Capitalists,—for the man who buys a \$50 Victory Bond, or a \$5 War-Savings Stamp, is a Capitalist of the best type.

By the discovery of ten times the number of Capitalists, or Bondholders, that she previously had, Canada has made a great stride forward. Interest charges, necessarily high at this time, do not withdraw money from the country. Home industry is fostered, and the problem of the War Burden is solved.

EVERY CANADIAN SHOULD BE A CAPITALIST. The opportunity is provided by the offer of War-Savings Stamps at \$4.01 this month, and redeemed for \$5.00 on the first day of 1924.

Bay War-Savings Stamps, as many as you can, as often as you can, at Money-Order Post Offices, Banks and other places displaying the Beaver-Triangle sign.
