Warning to the World: Anti-Ralph sympathizers are uniting to drive commonly dressed Ralph Lauren posters into oblivion. Sympathy will be denied and pain will be immense. Stop being common before its too late. Be original.

DEAR MISS P.H.:

AND YET ANOTHER CALIFORNIA GRAPES ALBUM (we're digging through Presley's basement). Their third album: "The Grapes Live in LA!" On this album (or CD) you'll find great songs like "Heartgrape Hotel," "Twist and Grape," "Hey Grape," "Grape Submarine," "Hip to be Grape," "We're Hangin' on the Grapevine," "Grape Dirty World," and "Awake the Grape." Plus "Grapevine," "Grape Dirty World," and "Awake the Grape." Plus many more, but the California Grapes sing great (or is it grape?) love songs, and the one on this album is "Kissing a Grape." Call John or Yoko at 459-5285.

## Conference Applause

Dear Editor:

The undersigned would appreciate the publication of the following letter in the editorial section of your newspaper.

Hearty congratulations and much thanks are in order to two members of the UNB community for a tremendous task conceived and carried through with much success. The two recipients deserving of such heartfelt thanks are Dr. Miron Rezun of the Department of Political Science, UNB and his very able secretary Ms. Melynda Jarratt. The task for which they are to be commended was the recent International Conference on Iran.

The conference was attended by renowned world experts on the subject and staged at UNB's grand new Forestry facility. The enormity of the task would have prevented only but strong and ambitious individuals from tackling such an endeavour. The highly organized and efficient manner in which the conference was brought about and the success in which it blossomed is what makes the above such deserving recipients of a well earned and heartfelt round of applause and standing ovation from the UNB community in particular and the Atlantic Canada region in general.

Also deserving of thanks are the students of Dr. Rezun who aided in preparing and hosting the successful conference.

Heartfelt thanks and sincere congratulations for a job well done.

Most sincerely yours,

Margaret Archibald

## Disappointed

To Whom It May Concern:

I would like to express the disappointment I felt with the

picture of Dean Frost and the caption underneath, printed in last week's *Brunswickan*. If a person does not know that Dean Frost is the President of the Student Union, then they obviously don't care who is the president. Mr. Frost's office is located in the SUB and he has expressed that he is willing to talk to anyone at anytime.

Obviously Mr. Frost cannot be in his office at every minute of the day as he is doing the job he was voted by the students to do. If the *Brunswickan* staff had taken time to read their own paper, they would have read about many of the activities taking up some of Mr. Frost's time.

Mr. Frost, from reading the *Brunswickan*, has been talking with Transition House hoping to get a volunteer on campus. The new electronic signboard in the SUB cafeteria was partly Mr. Frost's idea and is helping to bring in more money for the Student Union. Mr. Frost has also part in organizing the debate between the candidates running for the position for the Fredericton South.

Again, as a student at UNB, I would like to say how disappointed I am in the backstabbing found occasionally in the *Brunswickan*. Dean J. Frost is a student at UNB and he has chosen to help and serve other students by being the President of the Student Union.

Yours sincerely,

Kim Haslitt

Board of governors candidate

Dear Editor:

The following is an open letter to all UNB students:

On Wednesday, November 2, 1988, undergraduates and graduate students will be asked to choose a representative on our Board of Governors. With your confidence and support, I hope to be that representative.

Having received an undergraduate degree in

political science from this university, I am currently enrolled in the School of Graduate Studies and Research for the purpose of obtaining a Master's degree in the same discipline.

In the three and one half years that I have been a student on this campus, I have witnessed many discouraging actions regarding student affairs. To name just a few, two years ago fiscal power was arbitrarily taken from the Student Union. At this same time, liquor licencing and food service regulations were tightened so much as to stifle most efforts of students to socialize in their own campus; thanks to all the red tape. In my opinion, last year's Student Representative Council did very little except to maintain inertia while acting as complacent supporters of the administration. A case in point was the silence with which Susan Forestell's unjust removal from the Board of Governors was met. The S.R.C. President could have spoken up. Instead she did nothing. Ironically, now, that very same former S.R.C. president wants to fill Ms Forestell's vacancy on the B.O.G.

Fortunately, this year's Student Union Councillors are very active. Innovative ideas are rejuvenating student affairs. Community outreach programs are being formulated and sincere, creative efforts are being made to increase campus spirit. It is this team that I would like to contribute to as a very active member of the Board of Governors.

There are many changes that could be made to improve the quality of life at our university. Some of the specific issues I would hope to address are the following: (1) *more reasonable liquor licencing and food services regulations*; (2) *getting a legal aid clinic established at the UNB Law School*; (3) *generating specific ideas for more library funding*; (4) *daycare on campus for students who are single parents*, and (5) *supporting the S.U.'s community outreach initiatives*.

I strongly believe all of these ideas are worth fighting for. All I ask is that you entrust me with a mandate. For my part, I can only promise that I will try my best to achieve as much progress as possible. I thank you in advance for your consideration.

Yours very truly;

SEAN P. RILEY
