It is to be hoped a greater return, in real benefits, to the common people of the country, will be forthcoming this year.

Many supporters of the present Government are openly disgruntled with the lack of real leadership, sympathy or interest, for the good of all, that is apparent in the Senate.

It is this, that is causing many of our leading men & women, to follow the C.P. in rapidly increasing numbers.

Yours sincerely
L. ATKINSON.
