Sir

This Department will probably require two hundred bushels of Jerusalem artichokes for seed for the Indians in the North West Territory: will you please quote a price for their delivery in strong barrels having at least 3 iron hoops, F. O. B. Cars Toronto or Hamilton: will you also kindly inform this Department what time in your opinion will be the best to ship to ensure the tubers getting to their destination and escaping injury from either frost or heat, also how long they remain good for planting in hot weather after they
