But it is possible to make such a disposition of seven rabbits, "isn't supper ready? the heavier burdens of life that they shall no longer press down our souls, "Yes, Nimble," said Mother Bunny or make life seem a thing of weariness to us. The only plan is to "cast our burdens on the Lord," to commit our way to Him. Our lives may have in them henceforth just as many of what men call trials as they had before. But they will not have the same effect upon us. We shall find that the bitterness is gone. It is possible not only to commit our fears for the future to God, but even our past regrets and our present trials. "Well, well!" said Mother Bunny, past regrets and our present trials. From an Exchange.

There are certain marks of a lady which are easily recognized and possible to cultivate. Those are a gentle voice, refinement in the use of language and neatness in dress. Not all girls can be educated, but they can be thoughtful in the use of words and can eliminate from their vocabulary all slang. Slang from the lips of a woman is exceedingly vulgar. A gentle voice is possible. Thoughtlessness more than anything else is responsible for the loud, harsh tones often heard when girls are in conversation. Loud speaking spoils the attractiveness of the most beautiful face. It is worse than giggling, for the giggling girl may sober down when she gets older, but the loud-mouthed girl is likely to become louder. Neatness is an essential characteristic of womanliness. The clothes may be poor, the wardrobe may be limited, but the true lady is neat in her dress. The slovenly girl who indulges in loud talk marred by slang should cultivate neatness, gen-tleness of voice and purity of lan-

A CASE OF ECZEMA NO PEN DESCRIBES

After Three Years of Terrible Suffer ing Little Mary Millar was Per manently Cured by

Dr. Chase's Ointment

Many of the cures brought about by Dr. Chase's Ointment are so much like miracles that people can scarce ly believe them. When Baby Miller became a victim of eczema her parents did everything that, could done to get her cured. Three doctors tried all the means in their power but without success, and then al THEY CLEANSE THE SYSTEM sorts of remedies were used, with flesh.

It was not until Dr. Chase's Oint ment was used that/relief and cure came. This case is certified to by a prominent Sunday School superintendent of St. Catharines.

Mrs. Wm. Millar, St. Catharines Ont., writes:- "My daughter, Mary when six months old contracted eczema, and for three years this disease baffled all treatment. Her case was one of the worst that ever came to my notice, and she suffered what no pen can ever describe. had her treated by three different doctors, but all to no purpose whatever, and all sorts of balms, soaps and lotions were tried with no bene ficial results.

"Finally I decided to use Dr Chase's Ointment, and to my sur prise she began to improve imme diately, and after regular treatment for a time the disease of so long standing completely disappeared. As that was four years ago, and not a symptom of this distressing ailment has ever shown itself since, the cure must certainly be a permanent one. At the time of this cure we were living in Cornwall, Ont., and the not cured of eczema she would go into a decline. Mr. S. Richardson, jun.,

John O'Connor, Esq., Toronto: DEAR SIR-I am deeply grateful to the friend that suggested to me, when I was a cripple from Rheumatism, Benedictine Salve. I have at intervals during the last ten years been afflicted with muscular rheumatisms. I have experimented with every available remedy and have consulted might say, every physician of repute, without perceivable fit. When I was advised to use your Benedictine Salve, I was a helpless cripple. In less than 48 hours I was in a position to resume my work, that of a tinsmith. A work that requires a certain amount of bodily activity. I am thankful to my friend who advised me and I am more than gratified to be able to furnish you with this testimonial as to the cacy of Benedictine Salve. Yours truly, GEO. FOGG.

12 Bright Street, Toronto, Jan. 15, 1902,

DEAR SIR-It is with pleasure I write this word of testimony to the marvellous merits of Benedictine Salve as a certain cure for Rheumatism. There is such a multitude of alleged Rheumatic cures advertised that one is inclined to be skeptical of the merits of any new preparation, I was induced to give Benedictine Salve a trial and must say that after suffering for eight years from Rheumatism it has, I believe, effected an absolute and permanent cure. It is perhaps needless to say that in the last eight years I have consulted a number of doctors and have tried a large number of other medicines advertised, without receiving any benefit, Yours respectfully, MRS. SIMPSON.

John O'Connor, Esq., 199 King Street East: I was a sufferer for four months from acute rheumatism in my rete arm; my physician called regularly and prescribed for it, but gave me no Telief. My brother, who appeared to have faith in your Benedictine Salve, gave enough of it to apply twice to my arm. I used it first on a Thursday night, and applied it again on Friday night. This was in the latter part of November. Since then (over two months) I have not had a trace of rheumatism. I feel that you are entitled to this testimonial as to the efficacy of Benedictine Salve in removing rheumatic pains. Yours sincerely, M. A. COWAN.

Toronto, Dec. 60th, 1901,

John O'Connor, Esq., Toronto: DEAR SIR-It is with pleasure I write this unsolicited testimonial and in doing so I can say to the world that your Benedictine Salve thoroughly cured me of Bleeding Piles. I suffered for nine months. I consulted a physician, one of the best, and he gave me a box of salve and said that if that did not cure me I would have to go under an operation. It failed, but a friend of mine learned by chance that I was suffering from Bleeding Piles. He told me he could get me a cure and he was true to his word. He got me a box of Benedictine Salve and it gave me relief at once and cured me in a few days. I am now completely cured. It is worth its weight in gold. I cannot but feel proud after walfering so long. It has given me athorough cure and I am sure it will never return.
