OUR FARMERS' CLUB
Correspondence Invited

TORONTO, N.B.
SCOTCH LAKE, Jan. 3.—Fine open fall, which gave the farmers a good opportunity to get their fall work well done. The weather was in cool and crisp; temperature dropped to 15 below zero on 1st and 2nd. Christmas past quietly, with the usual festive gatherings. Christmas for Christmas trade, but roads were in poor condition for shopping. This gave farmers an opportunity to haul their farm produce to market, which was in good demand. Turkeys took the lead as prices soared to 50 a lb. chickens, 17c to 20c; geese, \$1.50 to \$3 each; ducks, \$1.75 to \$2 a pair; pork, \$11.50 a cwt.; beef, 7c to 9c; lamb, 30c to 35c. Plenty of hay lots are cutting lumber. The high price that buyers are offering is a strong inducement. Wages are high and any man here is readily hired by the lumberman.—W. E. C.

COMPTON CO. QUE.
COMPTON, Jan. 5.—We are having less activity at present, and about 15 inches of snow. A lot of lumbering and teaming is being done. Snow came with extent, which will help the grass a lot. Horses are plentiful, and are not bringing as high prices as other years. Cattle are selling well.—H. G. C.

BRITANNIA MILK, ONT.
BRITANNIA MILK, Jan. 5.—The market is quite firm now in all lines of products. Beef is higher yet; front quarters selling for 16c a lb.; hinds for 15c a lb.; pork, light, 4 1/2 a cwt.; heavy, \$12.50 a cwt.; ham, 20 to 22c; oats, 45c a bus.; potatoes, 2 1/2 a bag; butter, 30c to 32c a lb.—J. A. D.

OXFORD CO. ONT.
WOODBURY, Jan. 6.—Municipal elections are over; some people are well satisfied and others are not. We have had beautiful weather all winter, some sleighing just now, but considerable feed for some people, but all who are selling milk do not depend on outside feed. We are receiving \$16 for every hundred pounds and cows are milking well. Hope particularly strong lines.

TALK No. 1
on the
"George" Steel Shingle
Galvanized

In last issue we gave you a general talk on Pedlar's Perfect Products. Now we are planning a few chats on the many points of excellence of the "GEORGE" and "OSHAWA" Metal Shingles. We want to emphasize right now, the positive FOUR-SIDE interlocking device—so easy to adjust—so rigid and waterproof when placed in proper position. Dust and chaff cannot lodge in the joints. Rain cannot get underneath to draw the nails. It is a self-cleaning, sanitary roof. Water is carried down without possibility of a leak in the beaded groove of the joint on the next shingle below, preventing leakage and damage to building and contents.

The big "GEORGE" Shingle (24" x 24") is specially made for your barns and big buildings. The "OSHAWA" Shingle (16" x 20") of identical pattern and quality is equally efficient for smaller buildings.

Large and varied stocks always on hand at Oshawa, Montreal, Toronto, Chatham, London, Quebec, Calgary, Halifax, St. John, Sydney, Ottawa and Winnipeg. Get our Prices on Siding, Corrugated Iron, Vents, Eaves-trough, Conductor Pipe, Finials and Ornaments. Every article is standard throughout Canada.

are a little higher again, being \$9.00. It is almost impossible to buy cows this winter; very ordinary ones sell from \$100 to \$165. Horses are in just now, but I think they will improve by spring.—A. M. Mel.

MIDDLESEX CO. ONT.
ARVA, Jan. 6.—Those farmers who were fortunate enough to have corn left over have been busy reeling their silos and could not have wished for better weather. The weather has been very mild up to now, and farmers have been able to get their odd jobs done, such as sawing wood, chopping etc., some finishing up their threshing. We had quite a fall of snow at the end of the week, which was a relief to the horses very much. The splendid Holstein bull calf, recently advertised in Farm and Dairy by Mr. Joseph O'Reilly, of Elmstam, goes to the herd of Wm. Webb, Sunbury, Ont., at \$3500. Individually a fine specimen, this calf should prove an excellent sire, as he comes from a blood that produces heavy milkers. Farm and Dairy brought these two dairymen together, it is doing the same with scores of other dairy breeders who have stock to sell or desire to purchase. It can do the same for you. If you are small and fixed up to-night will, for \$1.00, place the surplus stock you have for sale in touch with over 12,000 dairy readers. Why not? ADVERTISING DEPARTMENT, FARM AND DAIRY

will improve the sleighing. Quite a lot of cattle have been brought into this part, and a great number of sales have taken place, with prices good.—W. J. F.

The Holstein cow, Maggie Clarke, owned by C. E. Smith, of Scotland, Ont., has just completed a couple of good tests. In the second-day run she made 26.22 lbs. butter and 106.76 in 30 days. As a three-year-old she has 24.62 lbs. to her credit on a 4.12 per cent fat basis. She also has a record of 12 lbs. butter, eight months after calving. Bessie Villa Nova, the dam of Maggie Clarke's has also just been under a test, making 25.50 as a nine-year-old with 4.2 per cent fat in milk. Both animals are very typical show cows, with particularly strong lines.

ABSORBINE
TRADE MARK REG. U.S. PAT. OFF.

Will reduce Inflammation, Strained, Swollen, Tendons, Ligaments, Muscles or Bruises. Stops the lameness and pain from a Splint, Side Bone or Bone Spavin. No blister, no hair gone.
