

TRADE MARK.

**GOOD CROPS OR POOR CROPS,**  
Which Shall it be for 1893?

W. A. FREEMAN, Esq.: Niagara, Jan. 27th, 1893.  
Dear Sir,—Having given your "Bone and Potash" a fair trial with most satisfactory results, I have much pleasure in adding my testimony to its excellence as a fruit producing fertilizer. I have used it at the rate of 8 lbs. per tree in full bearing. I have placed in the hands of Mr. Gago my order for eight tons, an increase of two tons on order of last year. Respectfully,  
(Signed) J. H. BENN.

W. A. FREEMAN, Esq.: Niagara, Jan. 27th, 1893.  
Dear Sir,—Used your potato manure last year, and am well pleased with it. We used on one piece one sack with manure per acre, on another two sacks with manure, and a small piece without manure, but with fertilizer at the rate of three to four bags per acre. The manure plots had at the rate of twelve to twenty loads per acre. The largest yield was received from the plot where fertilizer alone was used.  
(Signed) A. C. HOWE.

**The Razor Steel, Secret Temper**  
**CROSS-CUT SAW.**

We take pleasure in offering to the public a Saw manufactured of the finest quality of steel, and a temper which toughens and refines the steel, gives a keener cutting edge and holds it longer than by any process known. A Saw to cut fast "must hold a keen cutting edge."  
This secret process of temper is known and used only by ourselves.  
These Saws are elliptic ground thin back, requiring less set than any Saws now made, perfect taper from tooth to back.  
Now, we ask you, when you go to buy a Saw, to ask for the Maple Leaf, Razor Steel, Secret Temper Saw, and if you are told that some other Saw is as good, ask your merchant to let you take them both home, and try them, and keep the one you like best.  
Silver steel is no longer a guarantee of quality, as some of the poorest steel made is now branded silver steel. We have the sole right for the "Razor Steel" brand.  
It does not pay to buy a Saw for one dollar less, and lose 25 cents per day in labor. Your saw must hold a keen edge to do a large day's work.  
Thousands of these Saws are shipped to the United States and sold at a higher price than the best American Saws.  
—Manufactured only by— 324-1-d-o
